

where longitudinal records are produced and the data is stripped of identifiers for analytic purposes. The PPA has determined that first running the data through OPM OIG's data processing environment will result in significant cost and efficiency savings because the OPM OIG has already developed, tested, and established technical protocols which will ensure that the records are put into a common technical format and checked for accuracy. A database administrator employed by PPA will handle the FEHBP data at this processing phase. The OPM OIG systems that will process the data will also be fully compliant with all applicable provisions of the Privacy Act, Federal Information Security Management Act (FISMA), and NIST guidance.

RETENTION AND DISPOSAL:

The records in this system will be retained for 7 years. Computer records will be destroyed by electronic erasure. A records retention schedule is currently being established with NARA.

action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the agency. 5 U.S.C. 552a(e)(4).

DATES: This action will be effective without further notice on July 15, 2011 unless comments are received that would result in a contrary determination.

ADDRESSES: Send written comments to Timothy C. Watkins, Counsel to the Inspector General, U.S. Office of Personnel Management, 1900 E Street, NW., Room 6400, Washington, DC 20415-1100.

App., to detect fraud, waste and abuse in OPM programs. The OIG has had access to such FEHBP claims data since the establishment of the OIG in 1989 and has operated claims data warehouses in various forms since then. This notice is being issued because the OIG will now provide a mirror image of the: Federal Employees Health Benefits Program Claims Data Warehouse to OPM under an Economy Act Agreement to the system of records OPM/Central-15, Health Claims Data Warehouse which allows OPM to perform statistical analysis on FEHBP health care data.

U.S. Office of Personnel Management.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

The OIG is authorized to maintain FEHBP health claims information under § 6(a) of the Inspector General Act of 1978, as amended, 5 U.S.C. app. § 6(a). Authority is provided to OPM for maintenance of FEHBP health claims information by 5 U.S.C. 8910; 45 CFR 164.501, 164.512(d), which allow OPM access to records held by FEHBP contractors and require these contractors to submit reports on services provided to enrollees.

investigative purposes to meet its oversight obligations under the Inspector General Act of 1978, as amended, 5 U.S.C. App., to detect fraud, waste and abuse in OPM programs. The Office of the Inspector General will use the data to detect and pursue fraud in the FEHBP and to audit the contracts with the various FEHBP carriers.

The secondary purpose of this system of records is to provide a mirror image of the Federal Employees Health Benefits Program Claims Data Warehouse data feeds to OPM so it can establish a central database (OPM/Central-15) from which it may analyze FEHBP data and actively manage the FEHBP to ensure the best value for the enrollees and taxpayers. OPM will collect, manage, and analyze health services data provided by FEHBP carriers.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

working on a contract, service, grant, cooperative agreement, or job for the Federal Government.

OPM employs armed physical security guards 365 days a year, 24 hours a day that patrol OPM Headquarters, to include every entry/exit point. Closed Circuit Video cameras are strategically located on every floor and external to the facility. Multiple layers of computer firewalls are maintained to prevent access by unauthorized personnel. The system employs National Institute of Standards and Technology (NIST) technical, physical and environmental Security Controls identified in Special Publication (SP) 800-53 revision 3. The OIG will perform an Assessment and Authorization following the NIST 800-53 revision 3 standard in order to obtain an Authority to Operate (ATO). The OIG will operate the system in compliance

with the Privacy Act, Federal Information Security Management Act (FISMA) and NIST guidance. Transmission of the data feed from the carriers to this system is encrypted in compliance with NIST Federal Information Processing Standards Publication 197.
