DEPARTMENT OF EDUCATION

Privacy Act of 1974; System of Records

AGENCY: Federal Student Aid, U.S. Department of Education.

ACTION: Notice of an altered system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), 5 U.S.C. 552a, the Chief Operating Officer for Federal Student Aid (FSA) of the Department of Education (Department) publishes this notice proposing to revise the system of records entitled "National Student Loan Data System (NSLDS)" (18-11-06), originally published on December 27, 1999 (64 FR 72395-72397) and altered on September 7, 2010 (75 FR 54331-54336).

In this notice, the Department proposes to revise this system of records to make updates needed as a result of amendments to the Program Integrity regulations that apply to institutions that participate in the Federal student financial aid programs under title IV of the Higher Education Act of 1965, as amended (HEA) that will impose new requirements on certain programs that prepare students for gainful employment in a recognized occupation. As a result of these regulatory changes, we have expanded the categories of records maintained in this system, the categories of individuals covered by the system, the system's purposes, and the routine uses to reflect needed programmatic disclosures. We also have expanded the authority under which the system of records is maintained to include the authority under sections 101, 102, 485, and 485B of the HEA (20 U.S.C. 1001, 1002, 1092, and 1092b) to collect data to determine whether an educational program provides training to prepare students for gainful employment in a recognized occupation.

The Department seeks comments on the proposed routine uses in the altered system of records notice on or before July 25, 2011.

The Department filed a report describing the altered system of records

covered by this notice with the Chair of the Senate Committee on Homeland Security and Governmental Affairs, the Chair of the House Committee on Oversight and Government Reform, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), on June 20, 2011. This altered system of records will become effective at the later date of: (1) The expiration of the 40-day period for OMB review on July 30, 2011; or (2) July 25, 2011, unless the system of records needs to be changed as a result of public comment or OMB review.

SUPPLEMENTARY INFORMATION:

Introduction

The Privacy Act of 1974 (5 U.S.C. 552a(e)(4) and (11)) requires the Department to publish in the **Federal Register** this notice of an altered system of records. The Department's regulations implementing the Privacy Act are in the Code of Federal Regulations (CFR), in 34 CFR part 5b.

The Privacy Act applies to information about an individual that is maintained in a system of records from which information is retrieved by a unique identifier associated with each individual, such as a name or Social Security number (SSN). The information about each individual is called a "record," and the system, whether manual or computer-based, is called a "system of records." The Privacy Act requires each agency to publish a notice of a new or altered system of records in the **Federal Register** and to prepare, whenever the agency publishes a new system of records or makes a significant change to an established system of records, a report to the Chair of the Committee on Oversight and Government Reform of the House of Representatives, the Chair of the Committee on Homeland Security and Governmental Affairs of the Senate, and the Administrator of the Office of Information and Regulatory Affairs, OMB.

A system of records is considered "altered" whenever an agency expands the types or categories of information maintained, significantly expands the types or categories of individuals about whom records are maintained, changes the purpose for which the information is used, changes the equipment configuration in a way that creates substantially greater access to the records, or adds a routine use disclosure to the system. This system of records was first published in the **Federal Register** on December 27, 1999 (64 FR 72395-97), and altered on September 7, 2010 (75 FR 54331-54336), and a number of changes are needed to update and accurately describe the current system of records.

This system of records will facilitate the Secretary of Education's performance of statutory duties to prescribe standards and procedures under sections 101, 102, 485, and 485B of the HEA (20 U.S.C. 1001, 1002, 1092, and 1092b) (including relevant definitions) that require all eligible institutions to report programmatic information for disclosure to students. This system of records will also allow institutions, lenders, and guaranty agencies to report information on all

aspects of loans and grants made under title IV of the HEA in uniform formats, in order to permit the direct comparison of data submitted by individual institutions, lenders, servicers, or guaranty agencies.

The notice describes an expansion of the type of information maintained in the system. Additional data will be collected from institutions with programs of study that prepare students for gainful employment in a recognized occupation. Institutions will report required information both on students who begin a gainful employment program and other information on students who complete these programs. Through the collection of this data, the information will be used to evaluate the effectiveness of gainful employment programs.

The notice also expands the categories of individuals covered by the system. The system contains records on identifiers for students (both title IV, HEA recipients and students who do not receive title IV aid) who begin programs of study during an award year in a program that prepares students for gainful employment in a recognized occupation. The system also contains records on students who complete a program that prepares students for gainful employment in a recognized occupation.

The notice also expands the authority under which the system of records is maintained to include the authority under sections 101, 102, and 485 of the HEA (20 U.S.C. 1001, 1002, and 1092) to collect data to determine whether the educational program provides training to prepare students for gainful employment in a recognized occupation. The notice also expands the system's purposes. Additional purposes for the information maintained in this system relating to institutions participating in and administering programs under title IV of the HEA are to obtain data on and to report on (i) Students in a gainful employment program and whether these students complete the program or matriculate to a higher credentialed program at the same institution or at another institution, (ii) the amounts that students who complete a gainful employment program borrow in private educational loans and receive from institutionally provided financing plans, as well as the total number of students enrolled in each gainful employment program at an institution at the end of the award year, and (iii) the median loan debt incurred by students who complete a gainful employment program, for the purposes of establishing whether a particular gainful

employment program is successfully preparing students who complete the program to be gainfully employed and making this data available to the institution. Additional purposes for the information maintained in this system relating to the Department's oversight and administration of programs under title IV of the HEA are: To capture data to support compliance and to obtain and distribute performance metrics related to gainful employment programs and to provide data for program oversight and strategic decision-making in the administration of these programs.

Finally, the notice proposes to expand the current programmatic routine use disclosures needed to carry out responsibilities under the HEA. First, the notice proposes to expand current programmatic routine use 1(a) to indicate that the Department may disclose records to the applicant, guaranty agencies, educational institutions, financial institutions and servicers, and to Federal and State agencies to assist with the determination of institutional program eligibility. Second, the Department proposes to add new programmatic routine use 1(c) to permit the Department to disclose information from the system to institutions in order to obtain data on and to report on: (i) Students in a gainful employment program and whether these students complete the program or matriculate to a higher credentialed program at the same institution or at another institution; (ii) the amounts that students who complete a gainful employment program borrow in private educational loans and receive from institutionally provided financing plans, as well as the total number of students enrolled in each gainful employment program at an institution at the end of the award year; and (iii) median loan debt incurred by students who complete a gainful employment program.

This altered system of records better reflects the current programmatic routine use disclosures needed by FSA to establish applicant eligibility, as required under the HEA, and to determine whether for-profit institutions and occupationally specific training at other institutions lead to gainful employment in a recognized occupation. Collectively, these revisions will enhance the ability of the Secretary to collect and maintain information on loans made, insured, or guaranteed under Part B of title IV of the HEA, and loans made under Parts D and E of title IV of the HEA; and to establish measures for determining whether certain programs lead to gainful employment in recognized occupations

and the conditions under which those programs remain eligible for title IV, HEA program funds.
