POSTAL SERVICE

39 CFR Part 111

New Mailing Standards for Domestic Mailing Services

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to revise pricing and eligibility standards for commercial First-Class Mail® parcels associated with the January 2011 Postal Service filing with the Postal Regulatory Commission (PRC) for Mailing Services. We also will implement changes previously proposed to eliminate the sale of Standard Mail® stamped envelopes.

DATES: Effective April 17, 2011.

FOR FURTHER INFORMATION CONTACT: Marc McCrery at 202–268–2704 or Bill Chatfield at 202–268–7278.

SUPPLEMENTARY INFORMATION: On July 9, 2010, the Postal Service published a **Federal Register** proposed rule, *New Standards for Domestic Mailing Services* (75 FR 39477–39492), based on a previous price filing with the PRC that was not implemented. In that proposal, we included the elimination of Standard Mail (including nonprofit) stamped envelopes. We received no comments on that proposal or on the proposal to establish a separate commercial single-piece price for certain First-Class Mail parcels.

First-Class Mail Parcels

The Postal Service will establish a separate price category for commercial single-piece First-Class Mail parcels. Currently, mailers who presort a minimum of 500 First-Class Mail parcels pay single-piece prices for the residual portion of a presorted mailing after sorting to all required area distribution centers (ADCs). We also currently allow non-presort mailers access to those prices, with no volume minimum per mailing.

Commercial Base

Mailers will be able to pay commercial single-piece First-Class Mail prices for their parcels when they pay postage by any of the following three methods: Permit imprint, information-based indicia (IBI) meters, or PC Postage®. Parcels with IBI-metered postage or PC postage, claiming a presorted price or the new commercial single-piece parcel price, must be marked “CommercialBasePrice” in addition to the First-Class Mail marking. Presorted parcels also must be marked

“Presorted.” The “CommercialBasePrice” marking may be either within or directly below the indicia area. Except for parcels entered at the new commercial plus prices, First-Class Mail items cannot exceed 13 ounces.

Commercial Plus

The Postal Service also introduces a new price category under First-Class Mail, commercial plus pricing for First-Class Mail, designed for parcels over 13 ounces but less than 16 ounces. The commercial plus pricing option is established for First-Class Mail customers who pay postage with permit imprint, meet specific mailing requirements, and whose account volume exceeds a minimum threshold. All First-Class Mail parcels mailed at commercial plus prices must be marked “CommercialPlusPrice.”

First-Class Mail commercial plus parcels must be machinable parcels that weigh more than 13 ounces but less than 16 ounces. Qualifying mailers also will have the option to pay commercial plus parcel prices for machinable parcels weighing less than 13 ounces. (with a minimum weight of 3.5 ounces the minimum for machinable parcels). A flat commercial plus price is charged at a single-piece price and each of the following presorted price levels: 5-digit, 3-digit, and ADC. Commercial plus parcels may be commingled with other First-Class Mail parcels, subject to adequate documentation. First-Class Mail commercial plus parcel prices will be available for customers who:

- Establish a customer commitment agreement with the Postal Service to mail more than 5,000 First-Class Mail machinable parcels at commercial plus prices in a calendar year.
- Pay for postage using a permit imprint.
- Enter a minimum of 500 pieces of mail for each presorted mailing or a minimum of 200 pieces or 50 pounds of mail for each single-piece mailing.
- Use the Electronic Verification System (eVS®) or submit an electronic postage statement with a computerized manifest.

Additionally, permit holders using Merchandise Return Service (MRS) for First-Class Mail machinable parcels will be eligible for commercial plus parcel prices if the total of their First-Class Mail MRS and outgoing volume meet the minimum volume commitment.

Discontinuation of Standard Mail Stamped Envelopes

Standard Mail (including nonprofit) stamped envelopes will no longer be available for purchase. Sales of Standard Mail envelopes have been declining

over the past 10 years. Therefore, the Postal Service eliminates Standard Mail stamped envelopes from our schedules and inventory lists. The eliminated product numbers are: 215100, 215200, 262700, 262800, and 216400.

Determining Single-Piece Weights for Package Services Flats

The Postal Service also revises the standards for determining single-piece weights for flats mailed at Bound Printed Matter, Media Mail, and Library Mail prices to match the change in January 2011 for Package Services parcels. All single-piece weights for these types of flats will be expressed in pounds calculated to two decimal places instead of the current four decimal places.

Standard Mail Nonmachinable Letters

We also make slight revisions to DMM 201 to coordinate changes implemented in January to refer to prices for Standard Mail nonmachinable letters over 3.3 ounces as nonmachinable letter prices rather than nonautomation flats prices.

The Postal Service hereby adopts the following changes to the *Mailing Services of the United States Postal Service*, Domestic Mail Manual (DMM), which is incorporated by reference in the *Code of Federal Regulations*. See 39 CFR 111.1.

First-Class Mail parcels mailed at commercial plus prices pay one price per sortation level, regardless of weight (minimum weight of 3.5 ounces up to less than 16 ounces per parcel).

[Revise title and text of 1.3 to add eligibility standards for the single-piece commercial base parcel price to read as follows:]

1.3 Commercial Base Parcel Prices

For prices, see Notice 123-Price List. Presorted First-Class Mail machinable parcels weighing over 13 ounces, but less than 16 ounces, are eligible for commercial plus prices. Customers mailing presorted machinable parcels less than 13 ounces may optionally pay commercial plus prices instead of commercial base prices. Permit holders using Merchandise Return Service (MRS) for First-Class Mail machinable parcels are eligible for commercial plus parcel prices if the total of their First-Class Mail MRS and outgoing volume meet the minimum volume commitment. First-Class Mail presorted parcels over 13 ounces that do not meet all the standards for commercial plus prices must bear postage at the applicable Priority Mail prices. Commercial plus prices are available for customers presenting mailings of 500 or more presorted parcels who:

- Establish a customer commitment agreement with the Postal Service to mail more than 5000 First-Class Mail machinable parcels at commercial plus prices in a calendar year. Customers may contact their account manager or the manager, Shipping Support (see

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 261

[EPA–R05–RCRA–2010–0843; SW–FRL–9259–1]

Hazardous Waste Management System; Identifying and Listing Hazardous Waste Exclusion

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The EPA (also, “the Agency” or “we” in this preamble) is granting a petition submitted by Owosso Graphic Arts Inc. (OGAI), in Owosso, Michigan to exclude (or “delist”) up to 244 cubic yards of wastewater treatment sludge per year from the list of hazardous wastes.

The Agency has decided to grant the petition based on an evaluation of waste-specific information provided by OGAI and a consideration of public comments received. This action conditionally excludes the petitioned waste from the requirements of hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA) when disposed of in a Subtitle D landfill permitted, licensed, or registered by a State to manage industrial solid waste. The rule also imposes testing conditions for waste generated in the future to ensure that this waste continues to qualify for delisting.

DATES: This final rule is effective on January 27, 2011.
