- Interviews with 20–60 local providers and an online survey with 1 representative who provides face-to-face, PATH-funded services to clients selected randomly from each local service provider (n = 483). Like SPC interviews and online surveys, the focus of this part of the data collection effort will be on assessing local providers' views on the challenges faced in their

operating environment, in working with the populations they serve and the environment in which they work; on training received and needed; reporting requirements and burden; remaining gaps and needs and possible solutions and recommendations for bridging gaps and filling needs and improving PATH efficiency and effectiveness.

- Focus groups with 8–12 consumers that will be conducted on location at each of the 10 PATH locations selected for site visitation. The focus groups will

assess clients' knowledge of PATH; the types of services they receive; satisfaction with services received; perceived needs that are not being met; and recommendations to improve service access, delivery, and comprehensiveness.

The estimated total burden for the reporting requirements for the triennial PATH evaluation is summarized in the table below.

(the “Stafford Act”), in a letter to W. Craig Fugate, Administrator, Federal Emergency Management Agency, Department of Homeland Security, under Executive Order 12148, as follows:

I have determined that the damage in certain areas of the State of North Dakota resulting from flooding during the period of February 14 to July 20, 2011, is of sufficient severity and magnitude that special cost sharing arrangements are warranted regarding Federal funds provided under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 *et seq.* (“the Stafford Act”).

Therefore, I amend my declaration of May 10, 2011, to authorize Federal funds for Public Assistance at 90 percent of total eligible costs.

This adjustment to State, Tribal, and local government cost sharing applies only to Public Assistance costs eligible for such adjustments under the law. The Robert T. Stafford Disaster Relief and Emergency Assistance Act specifically prohibits a similar adjustment for funds provided for the Hazard Mitigation Grant Program (Section 404). These funds will continue to be reimbursed at 75 percent of total eligible costs.
