technical questions, please contact Mr. Gerald Waig, Senior Reactor Systems Engineer, Technical Specifications Branch, Mail Stop: O-7 C2A, Division of Inspection and Regional Support, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone 301-415-2260 or e-mail at gerald.waig@nrc.gov.

SUPPLEMENTARY INFORMATION: TSTF-500, Revision 2, is applicable to all nuclear power reactors. The Traveler modifies the Standard TS requirements related to the DC electrical power systems. Licensees opting to apply for this TS change are responsible for reviewing the NRC staff's model SE, referencing the applicable technical justifications, and providing any necessary plant-specific information. The NRC will process each amendment application responding to this NOA according to applicable NRC rules and procedures.

This CLIIP change does not prevent licensees from requesting an alternate approach or proposing changes other than those proposed in TSTF-500, Revision 2. However, significant deviations from the approach recommended in this notice or the inclusion of additional changes to the license require additional NRC staff review and would not be reviewed as a part of the CLIIP. This may increase the time and resources needed for the review or result in NRC staff rejection of the license amendment request (LAR). Licensees desiring significant deviations or additional changes should instead submit an LAR that does not claim to adopt TSTF-500, Revision 2.

Dated at Rockville, Maryland, this 22nd day of August 2011.

For the Nuclear Regulatory Commission,

John R. Jolicoeur,

Chief, Licensing Processes Branch, Division of Policy and Rulemaking, Office of Nuclear Reactor Regulation.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Notice of Filing
- III. Ordering Paragraphs

I. Introduction

On August 19, 2011, the Postal Service filed a notice, pursuant to 39 CFR 3015.5, that it has entered into an additional International Business Reply Service (IBRS) Competitive contract.¹ The Postal Service requests that the instant contract be included within the IBRS Competitive Contract 3 product. *Id.* at 3.

In Docket Nos. MC2011–21 and CP2011–59, the Postal Service requested that the Commission add IBRS Competitive Contract 3 to the competitive product list, and that the contract filed in Docket No. CP2011–59 serve as the baseline contract for future functional equivalence analyses of the IBRS Competitive Contract 3 product.²

In support of its Notice, the Postal Service filed the following attachments:

- Attachment 1—a redacted copy of the contract;
- Attachment 2—a redacted copy of the certified statement required by 39 CFR 3015.5(c)(2);
- Attachment 3—Governors’ Decision No. 08–24, which establishes prices and

classifications for the IBRS Contracts product, and includes Mail Classification Schedule language for IBRS contracts, formulas for pricing along with an analysis, certification of the Governors vote, and certification of compliance with 39 U.S.C. 3633(a); and

- Attachment 4—an application for non-public treatment of materials to maintain the redacted portions of the contract, customer identifying information and related financial information under seal.

The instant contract. The Postal Service filed the instant contract pursuant to 39 CFR 3015 and in accordance with Order No. 178.³ It states it will notify the mailer of the effective date within 30 days of receipt of all necessary regulatory approvals. The contract will remain in effect for 1 year however, it may be terminated by either party with 30 days’ written notice. Notice at 3; Attachment 1 at 4.

Functional equivalence. The Postal Service asserts that the instant contract is functionally equivalent to the IBRS contracts previously filed. *Id.* at 3. It also asserts that the “functional terms” of the instant contract and the “functional terms” of the proposed baseline IBRS 3 Competitive Contract “are the same, although other terms that do not directly change the nature of the agreements’ basic obligations may vary.” *Id.* at 4. To that end, the Postal Service indicates that prices under IBRS contracts may differ based on volume or postage commitments and when the agreement is signed. It identifies certain customer-specific information that distinguishes the instant contract from the proposed baseline agreement. *Id.* at 5.

The Postal Service concludes that the instant contract complies with 39 U.S.C. 3633 and is functionally equivalent to the proposed IBRS Competitive Contract 3 baseline agreement in Docket Nos. MC2011–21 and CP2011–59. *Id.* Therefore, it contends that the instant contract should be included within the IBRS Competitive Contract 3 product. *Id.*
