

selecting "Records Open for Public Comment" from the *Features* box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 15634 from the list of available applications.

These documents are also available upon written request or by appointment in the following offices:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376;

Northwest Region, NMFS, 7600 Sand Point Way NE, BIN C15700, Bldg. 1, Seattle, WA 98115-0700; phone (206) 526-6150; fax (206) 526-6426; and

Southwest Region, NMFS, 501 West Ocean Blvd., Suite 4200, Long Beach, CA 90802-4213; phone (562) 980-4001; fax (562) 980-4018.

Written comments on this application should be submitted to the Chief, Permits, Conservation and Education Division

- By e-mail to NMFS.Pr1Comments@noaa.gov (include the File No. in the subject line of the e-mail),

- By facsimile to (301)713-0376, or
- At the address listed above.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Amy Hapeman or Colette Cairns, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

The SWFSC proposes to conduct research on leatherback sea turtles to continue long-term monitoring of their status off the coasts of California, Oregon, and Washington. This purpose of the work is to identify critical forage habitats, genetic stock structure, migratory corridors, and potential fishery impacts for leatherbacks. Up to 55 sea turtles would be located annually through aerial surveys and subsequently approached from a research vessel for remote tissue sampling and attachment of a suction-cup transmitter. After tag attachment a subset of the animals would be captured by breakaway hoopnet for additional research

procedures before release: measure; weigh; flipper and passive integrated transponder tag; ultrasound; tissue, blood, cloacal swab and fat sample; opportunistically sample feces and stomach contents; photograph/video; insertion of a stomach pill; transmitter attachment via suction-cup and drilling through the medial ridge; and/or oxytetracycline injection. The permit would be valid for 5 years from the date of issuance.

Dated: September 16, 2011.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

Marine Mammals; File No. 16510

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit.

SUMMARY: Notice is hereby given that Blank Park Zoo [Kevin V. Drees, Responsible Party], 7401 SW Ninth, Des Moines, IA 50315 has been issued a permit to import up to five non-releasable California sea lions (*Zalophus californianus*) and harbor seals (*Phoca vitulina*) for public display.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following offices:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376; and

Southeast Region, NMFS, 263 13th Avenue South, Saint Petersburg, Florida 33701; phone (727) 824-5312; fax (727) 824-5309.

FOR FURTHER INFORMATION CONTACT:

Laura Morse or Jennifer Skidmore, (301) 427-8401.

SUPPLEMENTARY INFORMATION: On June 24, 2011, notice was published in the *Federal Register* (76 FR 37063) that a request for a public display permit, had been submitted by the above-named organization to import up to five non-releasable marine mammals over the next five year period including two harbor seals in the fall of 2011 from the

Marine Mammal Rescue Division of the Vancouver Aquarium, Vancouver, Canada for purposes of public display. The requested permit has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Dated: September 16, 2011.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

North Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting of the North Pacific Fishery Management Council's (Council) Pacific Northwest Crab Industry Advisory Committee.

SUMMARY: The Pacific Northwest Crab Industry Advisory Committee will meet October 13, 2011 at the Leif Erickson Hall in Ballard, WA. In Alaska, listening sites for the meeting will be located at the Unalaska City Hall and in Kodiak listening site to be announced.

DATES: The meeting will be held on October 13, 2011.

ADDRESSES: The meeting will be held at the Leif Erickson Hall, 2245 NW 57th Street, Seattle, WA 98107 (in Ballard).

Council address: North Pacific Fishery Management Council, 605 W. 4th Ave., Suite 306, Anchorage, AK 99501-2252.

FOR FURTHER INFORMATION CONTACT:

Diana Stram, Council staff; *telephone:* (907) 271-2809.

SUPPLEMENTARY INFORMATION: Agenda—Alaska Department of Fish & Game/ NMFS scientists from Alaska will be presenting the information on these

fisheries topics: Review total allowable catch (TAC) limits for the 2011/12 crab season; NMFS Eastern Bering Sea survey overview; review status of Bristol Bay red king crab, Eastern Bering Sea Tanner crab, Bering Sea snow crab, Saint Matthew and Pribilof Islands king crab.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Gail Bendixen at (907) 271-2809 at least 7 working days prior to the meeting date.

Dated: September 16, 2011.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Seismic Survey in Cook Inlet, Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed incidental harassment authorization; request for comments.

SUMMARY: NMFS received an application from Apache Alaska Corporation (Apache) for an Incidental Harassment Authorization (IHA) to take marine mammals, by harassment, incidental to a proposed 3D seismic survey in Cook Inlet, Alaska, between November 2011 and November 2012. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS requests comments on its proposal to issue an IHA to Apache to take, by Level B harassment only, five species of marine mammals during the specified activity.

DATES: Comments and information must be received no later than October 21, 2011.

ADDRESSES: Comments on the application should be addressed to Michael Payne, Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. The mailbox address for

providing e-mail comments is ITA.Hopper@noaa.gov. NMFS is not responsible for e-mail comments sent to addresses other than the one provided here. Comments sent via e-mail, including all attachments, must not exceed a 10-megabyte file size.

Instructions: All comments received are a part of the public record and will generally be posted to <http://www.nmfs.noaa.gov/pr/permits/incidental.htm> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

A copy of the application used in this document may be obtained by writing to the address specified above, telephoning the contact listed below (see **FOR FURTHER INFORMATION CONTACT**), or visiting the Internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm>. Documents cited in this notice may also be viewed, by appointment, during regular business hours, at the aforementioned address.

FOR FURTHER INFORMATION CONTACT: Brian D. Hopper, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined “negligible impact” in 50 CFR 216.103 as “* * * an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.”

Section 101(a)(5)(D) of the MMPA established an expedited process by which citizens of the U.S. can apply for an authorization to incidentally take small numbers of marine mammals by harassment. Section 101(a)(5)(D) establishes a 45-day time limit for NMFS review of an application followed by a 30-day public notice and comment period on any proposed authorizations for the incidental harassment of marine mammals. Within 45 days of the close of the comment period, NMFS must either issue or deny the authorization.

Except with respect to certain activities not pertinent here, the MMPA defines “harassment” as:

any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild [“Level A harassment”]; or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering [“Level B harassment”].

Summary of Request

NMFS received an application on June 15, 2011, from Apache for the taking, by harassment, of marine mammals incidental to a 3D seismic survey program in Cook Inlet, Alaska. After addressing comments from NMFS, Apache modified its application and submitted a revised application on July 19, 2011. The July 19, 2011, application is the one available for public comment (see **ADDRESSES**) and considered by NMFS for this proposed IHA.

The proposed 3D seismic surveys would employ the use of two source vessels. Each source vessel will be equipped with compressors and 2400 in³ air gun arrays, as well as additional lower-powered and higher frequency survey equipment for collecting bathymetric and shallow sub-bottom data. In addition, one source vessel will be equipped with a 440 in³ shallow water air gun array, which it can deploy at high tide in the intertidal area in less than 1.8 m of water. The proposed survey will take place on Apache’s leases in Cook Inlet, and during the first year Apache anticipates completing ~829 km² of seismic acquisition along the west coast of Cook Inlet from the McArthur River up and to the south of the Beluga river, in water depths of 0–128 m (0–420 ft).

Apache intends to conduct offshore/transition (intertidal) zone marine surveys during November and December 2011 and March 2012. Nearshore areas adjacent to uplands and offshore areas will be acquired in open water periods
