DEPARTMENT OF COMMERCE

International Trade Administration

Executive-led Business Development Mission to Kabul, Afghanistan, September 2011 (Dates Are Withheld)

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

Mission Description

The United States Department of Commerce's International Trade Administration is organizing a business development trade mission to Kabul, Afghanistan in September 2011. This mission will be led by a Senior Commerce Department official. Targeted sectors include: construction (including engineering, architecture, transportation and logistics, and infrastructure); mining (including equipment, technology, and services); agribusiness; and information and communications technology. The mission's goal is to help U.S. companies explore long-term business opportunities in Afghanistan and enhance U.S.—Afghan commercial relations by providing U.S. participants with first-hand market information, access to government decision makers as well as one-on-one meetings with business contacts, including potential agents, distributors, and partners, to position themselves to enter or expand their presence in the targeted sectors.

Commercial Setting

The Government of the Islamic Republic of Afghanistan (GIROA) is taking steps to develop its market economy and increase both domestic and foreign private investment. GIROA continues to develop legal and administrative regulatory frameworks that will lead to a market more conducive to trade, investment and private sector development. For example, Afghanistan adopted an investment law that allows investments to be 100% foreign-owned. Additionally, on October 28, 2010, Afghanistan and Pakistan signed the Afghanistan Pakistan Transit Trade Agreement (APTTA), allowing Afghan container trucks to drive through Pakistan to the Indian border, and also to port cities such as Karachi.

After 30 years of war reconstruction and development efforts are required to grow and stabilize Afghanistan's economy. The GIROA is committed to promoting economic development, increasing production and earnings, promoting technology transfer, improving national prosperity and advancing Afghans' standard of living in partnership with international donor agencies. GIROA recognizes that U.S. services, equipment and technology would enhance development of Afghanistan's industrial sector and lead to increased productivity and greater technical skills for Afghan citizens. International donors continue to support Afghanistan's development;

however, long-term sustainable growth will take place through private sector development.

To support Afghanistan's private sector and promote reconstruction efforts, GIROA has identified domestic priority sectors needing investment and development in both equipment and services. These priority sectors are: construction and infrastructure, logistics and transportation, mining, agribusiness, and information and communications technology providers.

The economy is beginning to move from one based on state owned enterprises and the informal economy to a more formal market economy. A notable sign of this transition for the U.S. business community is the establishment of an American Chamber of Commerce in Kabul in 2010.

Kabul is the capital of Afghanistan, situated in Kabul Province. With a total metropolitan population of 2.6 million, it is also the largest city in Afghanistan. It is the commercial center for the country, with national Afghan businesses, associations, and GIROA ministries maintaining a presence in Kabul. Afghanistan's GDP per capita is approximately \$500, and has experienced double digit growth in recent years.

The Commerce Department has supported commercial and private sector development in Afghanistan since 2002, and posted a Senior Commercial Officer in Kabul in June 2010.

Mission Goals

The goal of the mission is to provide U.S. participants with first-hand market information, access to government decision makers and one-on-one meetings with business contacts, including potential agents, distributors, and partners, so that they can position themselves to enter the Afghan market or expand their business presence in Afghanistan. Thus, the mission seeks to:

- Improve U.S. companies' understanding of commercial opportunities in Afghanistan.
- Facilitate business meetings between U.S. and Afghan businesses to promote the development of U.S. commercial opportunities in Afghanistan.
- Introduce U.S. industry to the Afghan business community and government leaders.
- Provide GIROA policymakers with U.S. industry feedback on the direction of its commercial reforms.

Mission Scenario

The business development mission will take place in Kabul, Afghanistan.

Participants will meet with Afghan leaders in the public and private sector, learn about the market by participating in Embassy briefings, and explore

additional opportunities at networking receptions. Activities will include one-on-one meetings with pre-screened business prospects. (Note that the

manner, including posting on the U.S. Department of Commerce trade missions calendar—<http://www.trade.gov/trade-missions/>—and other Internet Web sites, publication in domestic trade publications and association newsletters, direct outreach to the Department's clients and distribution lists, publication in the **Federal Register**, and announcements at industry meetings, symposia, conferences, and trade shows.

Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Extension of Time Limit for the Preliminary Results of the New Shipper Review

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

DATES: *Effective Date:* November 1,
2011.

SUMMARY: The Department of Commerce
(the "Department") has decided to
extend the time limit for the preliminary
results of the new shipper review
("NSR") of the antidumping duty order
on certain frozen warmwater shrimp
("shrimp") from the Socialist Republic
of Vietnam ("Vietnam") to December 9,
2011. The period of review ("POR") for
this NSR is February 1, 2010, through
January 31, 2011.

FOR FURTHER INFORMATION CONTACT:
Susan Pulongbarit or Seth Isenberg, AD/
CVD Operations, Office 9, Import
Administration, International Trade
Administration, U.S. Department of
Commerce, 14th Street and Constitution
Avenue NW., Washington, DC 20230;
telephone: (202) 482-4031 and (202)
482-0588, respectively.

SUPPLEMENTARY INFORMATION:

Background

The notice announcing the
antidumping duty order on shrimp from
Vietnam was published in the **Federal
Register** on February 1, 2005.¹ On
February 28, 2011, pursuant to section
751(a)(2)(B)(i) of the Tariff Act of 1930,
as amended (the "Act"), and section
351.214(c) of the Department's
regulations, the Department received a

NSR request from Thong Thuan
Company Limited and its subsidiary
company, Thong Thuan Seafood
Company Limited (collectively, "Thong
Thuan"). Thong Thuan certified that it
is a producer and exporter of the subject
merchandise upon which the request
was based. The notice initiating the NSR
was published on March 23, 2011.² The
Department extended the time limit for
the preliminary results by 60 days on
September 7, 2011.³ The preliminary
results are currently due no later than
October 9, 2011.

Statutory Time Limits

Section 751(a)(2)(B)(iv) of the Tariff
Act of 1930, as amended (the "Act"),
provides that the Department will issue
the preliminary results of a new shipper
review of an antidumping duty order
within 180 days after the day on which
the review was initiated. *See also* 19
CFR 351.214(i)(1). The Act further
provides that the Department may
extend that 180-day period to 300 days
if it determines that the case is
extraordinarily complicated. *See also* 19
CFR 351.214(i)(2).

Extension of Time Limit of Preliminary Results

The Department determines that this
new shipper review involves
extraordinarily complicated
methodological issues, including Thong
Thuan's multiple production stages for
subject merchandise and the need to
evaluate the *bona fide* nature of Thong
Thuan's sales. The Department finds
that these extraordinarily complicated
issues require additional time to
evaluate. Therefore, in accordance with
section 751(a)(2)(B)(iv) of the Act and 19
CFR 351.214(i)(2), the Department is
extending the time limit for the
preliminary results by an additional 30
days, until no later than December 9,
2011. The final results continue to be
due 90 days after the publication of the
preliminary results.

We are issuing and publishing this
notice in accordance with sections
751(a)(2)(B)(iv) and 777(i) of the Act.

Dated: October 26, 2011.

Christian Marsh,
*Deputy Assistant Secretary of Antidumping
and Countervailing Duty Operations.*
