AGENCY: U.S. International Trade Commission.

("Suprema") of Gyeonggi, Korea and Mentalix, Inc. ("Mentalix") of Plano, Texas, and a cease and desist order directed against Mentalix.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 17, 2010 based on a complaint filed on May 11, 2010, by Cross Match Technologies, Inc. ("Cross Match") of Palm Beach Gardens, Florida. 75 FR

34482-83. The complaint, as amended on May 26, 2010, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain biometric scanning devices, components thereof, associated software, and products containing the same by reason of infringement of certain claims of U.S. Patent Nos. 5,900,993 ("the '993 patent"); 7,203,344 ("the '344 patent"); 7,277,562 ("the '562 patent"); and 6,483,932 ("the '932 patent"). The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337, and names two respondents, Suprema and Mentalix.

On November 10, 2010, the Commission issued notice of its determination not to review the ALJ's ID granting Cross Match's motion to amend the complaint by adding allegations of infringement as to claims 5-6, 12, and 30 of the '562 patent, and claims 7, 15, 19, and 45 of the '44 patent. On December 27, 2010, the Commission issued notice of its determination not to review the ALJ's ID granting Cross Match's motion to terminate the investigation as to claims 6-8, 13-15, and 19-21 of the '932 patent (eliminating this patent from the investigation); claims 13 and 16 of the '993 patent; claims 4, 15, 30, 32, and 44 of the '344 patent; and claim 2 of the '562 patent based on withdrawal of these claims from the complaint. On March 18, 2011, the Commission issued notice of its determination not to review the ALJ's ID granting Cross Match's motion for summary determination that it satisfies the economic prong of the domestic industry requirement.

On June 17, 2011, the ALJ issued his final ID finding a violation of section 337 by reason of infringement of one or more of claims 10, 12, and 15 of the '993 patent by the imported devices. The ALJ also found a violation of section 337 by reason of infringement of claim 19 of the '344 patent. The ALJ found no violation of section 337 with respect to the '562 patent. He also issued his recommendation on remedy and bonding during the period of Presidential review. On July 5, 2011, Cross Match, respondents, and the Commission investigative attorney ("IA") each filed a petition for review of the final ID; and on July 13, 2011, each filed a response to the opposing petitions.

On August 18, 2011, the Commission determined to review the ALJ's finding of a violation of section 337 based on infringement of claim 19 of the '344
