SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau plans to request an extension of the current Office of Management and Budget (OMB) clearance of the Manufacturers' Shipments, Inventories and Orders (M3) survey. The Manufacturers' Shipments, Inventories, and Orders (M3) survey requests data from domestic

manufacturers on form M-3 (SD), which will be mailed at the end of each month. Data requested are shipments, new orders, unfilled orders, total inventory, materials and supplies, work-in-process, and finished goods. It is currently the only survey that provides broad-based monthly statistical data on the economic conditions in the domestic manufacturing sector.

The M3 survey is designed to measure current industrial activity and to provide an indication of future production commitments. The value of shipments measures the value of goods delivered during the month by domestic manufacturers. Estimates of new orders serve as an indicator of future production commitments and represent the current sales value of new orders received during the month, net of cancellations. Substantial accumulation or depletion of unfilled orders measures excess or deficient demand for manufactured products. The level of inventories, especially in relation to shipments, is frequently used to monitor the business cycle.

We do not plan any changes to the M-3 (SD) form. The estimated total annual burden hours will remain 17,200 due to no increase in the number of respondents.

II. Method of Collection

Respondents submit data on form M-3 (SD) via mail, facsimile machine, or via the Internet. Analysts call respondents who usually report, to obtain data in time for preparing the monthly estimates.

III. Data

OMB Control Number: 0607-0008.

Form Number: M-3 (SD). You can obtain information on the proposed content at this Web site: <http://www.census.gov/mcd/clearance>.

Type of Review: Regular submission.

Affected Public: Businesses, large and small, or other for profit.

Estimated Number of Respondents: 4,300.

Estimated Time per Response: 20 minutes.

Estimated Total Annual Burden Hours: 17,200.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C. Sections 131 and 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have

practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Fresh and Chilled Atlantic Salmon From Norway: Final Results of Full Third Sunset Review of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On January 3, 2011, the Department of Commerce (the Department) initiated a sunset review of the antidumping duty (AD) order on fresh and chilled Atlantic salmon from Norway pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). *See Initiation of Five-Year ("Sunset") Review*, 76 FR 89 (January 3, 2011) (*Sunset Initiation*). On the basis of adequate substantive responses submitted by domestic and respondent interested parties, the Department determined to conduct a full sunset review of this AD order pursuant to section 751(c) of the Act and 19 CFR 351.218(e)(2). As a result of our analysis, the Department finds that revocation of the AD order would likely lead to continuation or recurrence of dumping.

DATES: *Effective Date:* November 14, 2011.

FOR FURTHER INFORMATION CONTACT: John Conniff, AD/CVD Operations, Office 3, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1009.

SUPPLEMENTARY INFORMATION:**Background**

On January 3, 2011, the Department initiated the third sunset review of the AD order on fresh and chilled Atlantic salmon from Norway pursuant to section 751(c) of the Act. *See Sunset Initiation*. On January 13, 2011, the Government of Norway (GON), Norwegian Seafood Federation (NSF), and Aquaculture Division of the Norwegian Seafood Association (ADNSA) (collectively, the respondents), filed letters of appearance in the review.¹ On January 18, 2011, Phoenix Salmon U.S., Inc. (Phoenix Salmon), a domestic producer of fresh and chilled Atlantic salmon, filed a notice of intent to participate in the review.²

On January 21, 2011, NSF and ADNSA supplemented their letter of appearance by submitting to the Department a list of their members. On February 2, 2011, the Department received a substantive response from Phoenix Salmon and a joint substantive response from the respondents within the deadline specified in 19 CFR 351.218(d)(3)(i).

Based on a finding that the substantive responses were adequate, we determined to conduct a full sunset review of this AD order. *See Memorandum to Gary Taverman, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, from Melissa Skinner, Director, Antidumping and Countervailing Duty Operations, Office 3, regarding "Adequacy Determination: Third Sunset Reviews of the Antidumping and Countervailing Duty Orders on Fresh and Chilled Atlantic Salmon From Norway" (April 6, 2011).*

On July 29, 2011, the Department published in the **Federal Register** the preliminary results of the full third sunset review of the AD order on fresh and chilled Atlantic salmon from Norway. *See Fresh and Chilled Atlantic Salmon From Norway: Preliminary Results of Full Third Sunset Review of Antidumping Duty Order*, 76 FR 45513 (July 29, 2011) (*Preliminary Results*) and accompanying Issues and Decision Memorandum. We preliminarily found that dumping was likely to continue or recur.

¹ These public documents and all other public documents and public versions of proprietary documents with regard to this third full sunset review are available on the public record located in the Department's Central Records Unit at room 7046 of the main Department of Commerce building.

² Phoenix Salmon claimed to be the successor to the two domestic producers who participated in the prior sunset review—Atlantic Salmon of Maine and Heritage Salmon Company, Inc.

The Department invited interested parties to comment on the *Preliminary Results*. On September 19, 2011, we received a case brief from the GON, and on September 26, 2011, we received a rebuttal brief from Phoenix Salmon. We did not conduct a hearing because a hearing was not requested.

Scope of the Order

The product covered by the order is the species Atlantic salmon (Salmon Salar) marketed as specified herein; the order excludes all other species of salmon: Danube salmon, Chinook (also called "king" or "quinnat"), Coho ("silver"), Sockeye ("redfish" or "blueback"), Humpback ("pink") and Chum ("dog").³ Atlantic salmon is a whole or nearly-whole fish, typically (but not necessarily) marketed gutted, bled, and cleaned, with the head on. The subject merchandise is typically packed in fresh-water ice ("chilled"). Excluded from the subject merchandise are fillets, steaks and other cuts of Atlantic salmon. Also excluded are frozen, canned, smoked or otherwise processed Atlantic salmon. Atlantic salmon is currently provided for under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 0302.12.0003 and 0302.12.0004.

The HTSUS subheadings are provided for convenience and customs purposes. The written description remains dispositive as to the scope of the product coverage.
