

EMS VEHICLE PROGRAM PRIORITIES*

H	Ambulances or transport units to support EMS functions
M	Non-transport
L	Other specialty vehicles (EMS command vehicles)

Applicants may request funding for a training program in the Vehicles section of the application, but it must be listed in the Additional Funding area in the Request Details section. Driver training programs must be in place prior to vehicle delivery.

(3) *Administrative Costs.*

Panelists will assess the administrative costs requested in each application and determine whether the request is reasonable and in the best interest of the Program.

Regional Project Priorities

A regional project is one in which multiple organizations serving more than one local jurisdiction benefit directly from the activities implemented with the grant funds. Regional projects are designed to facilitate efficiency and communications on the fire ground among multiple jurisdictions. Any eligible applicant may act as a host applicant and apply for a regional project. Note that a county fire department applying for a countywide communications system would NOT be considered a regional project because it does not benefit multiple jurisdictions.

Funding Priorities

The funding priorities for regional requests are the same priorities as indicated previously for fire and EMS but are limited to the following areas:

(1) *Training.*

- Training that benefits multiple jurisdictions and/or all regional partners.
- Training props.
- Training trailers, to include manufactured burn trailers.
- EMS training throughout the region to meet local jurisdictional standards.

(2) *Equipment.*

- Communications equipment to include infrastructure (dispatch centers), handheld portables, pagers, repeaters, etc.
- Standardization of EMS equipment to meet local jurisdictional standards.
- Other equipment that would be beneficial the mission of all regional partners.

(3) *Personal Protective Equipment.*

- SCBA (face piece, voice amp, harness/PASS device, one spare cylinder).

- Accountability systems.
- PPE that meets NFPA and OSHA blood-borne pathogen standards.
- Firefighting PPE.

Not Eligible for Regional Funding: Wellness and fitness, modification to facilities, and vehicle acquisition are not eligible as regional projects.

Award Information

Applications for regional projects will not be included in the host applicant's funding limitations detailed in Part II of the Guidance and Application Kit. However, regional applicants will be subject to their own limitation based on the total population that the regional project will serve. For example, a regional project serving a population of fewer than 500,000 people will be limited to \$1 million. A regional project's cost share will be based on the total population of the entire region rather than on the population served by the host applicant.
