DEPARTMENT OF TRANSPORTATION
Federal Highway Administration
Supplemental Environmental Impact Statement; Kittitas County, WA

AGENCY: Federal Highway Administration (FHWA), DOT.
ACTION: Notice of Intent.

SUMMARY: The FHWA is issuing this notice to advise the public that a limited scope supplemental environmental impact statement (EIS) will be prepared for a proposed design change to an

interstate highway improvement project in western Kittitas County, Washington.
FOR FURTHER INFORMATION CONTACT: Liana Liu, Area Engineer, South Central Region, Federal Highway Administration, 711 South Capital Way, Suite 501, Olympia, WA 98501-0943, telephone: (360) 753-9553; or Jason Smith, Environmental Manager, South Central Region, Washington State Department of Transportation, P.O. Box 12560, Yakima, WA 98909, telephone: (509) 577-1750.
SUPPLEMENTARY INFORMATION: FHWA, in cooperation with the Washington State Department of Transportation (WSDOT), prepared a Draft EIS (FHWA-WA-EIS-05-01-D approved May 23, 2005) and Final EIS (FHWA-WA-EIS-05-01-F approved July 31, 2008) for proposed improvements to a 15 mile portion of Interstate 90 (I-90) immediately east of Snoqualmie Pass in the Cascade Mountains, from Hyak at Milepost 55.1

(MP 55.1) to Easton Hill at MP 70.3. Consistent with National Environmental Policy Act (NEPA) regulations, the Forest Service (Department of Agriculture) and Bureau of Reclamation (Department of Interior) were cooperating agencies in preparing the EISs. Following the Record of Decision by FHWA and the cooperating agencies, WSDOT designed a series of construction projects which start at Hyak and proceed eastward.
 The contractor selected to construct the portion of the project from MP 57.34 to MP 60.23 along Keechelus Lake proposes a design change that meets the purpose and need for the highway improvements while reducing maintenance and operation costs. FHWA and WSDOT re-evaluated the NEPA analysis and documents for the I-90 improvements and determined that a Supplemental EIS (SEIS) is needed for this proposed change. The cooperating
