

published on January 21, 2011, at 76 FR 3821. This EO requires executive agencies to analyze regulations that are “outmoded, ineffective, insufficient, or excessively burdensome, and to modify, streamline, expand, or repeal them in accordance with what has been learned.” For the reasons discussed in this preamble, HUD has determined that the regulations regarding the appeals process for FHA maximum mortgage amounts are now outmoded. The appeals were once an important source of data collection for HUD, but the new comprehensive nationwide data sources have negated the need for the appeals process and the corresponding regulations. HUD therefore proposes to remove the regulations. HUD seeks comment on any of the benefits or costs of the proposed removal of the regulations.

Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) generally requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements, unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The proposed rule will not impose any economic burdens. As indicated in the Background section of this preamble, entities (typically local boards of realtors that gather data from local MLSs) no longer utilize this appeals process and therefore do not, and will not in the future, incur expenses as a result of this proposed rule.

Notwithstanding HUD’s determination that this rule will not have a significant effect on a substantial number of small entities, HUD specifically invites comments regarding any less burdensome alternatives to this rule that will meet HUD’s objectives as described in the preamble to this rule.

Environmental Impact

This rule does not direct, provide for assistance or loan and mortgage insurance for, or otherwise govern or regulate, real property acquisition, disposition, leasing, rehabilitation, alteration, demolition or new construction, or establish, revise, or provide for standards for construction or construction materials, manufactured housing, or occupancy. This rule is limited to the procedures governing the submission of requests for alternative maximum mortgage amounts under the FHA single-family programs. In addition, part of this rule changes a statutorily required and/or discretionary establishment and review of loan limits.

Accordingly, under 24 CFR 50.19(c)(1) and (c)(6), this rule is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).

Executive Order 13132, Federalism

Executive Order 13132 (entitled “Federalism”) prohibits an agency from publishing any rule that has federalism implications if the rule either imposes substantial direct compliance costs on state and local governments and is not required by statute, or the rule preempts state law, unless the agency meets the consultation and funding requirements of section 6 of the Executive Order. This rule would not have federalism implications and would not impose substantial direct compliance costs on state and local governments or preempt state law within the meaning of the Executive Order.

Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) (UMRA) establishes requirements for federal agencies to assess the effects of their regulatory actions on state, local, and tribal governments, and on the private sector. This proposed rule would not impose any federal mandates on any state, local, or tribal governments, or on the private sector, within the meaning of the UMRA.

SUPPLEMENTARY INFORMATION: In Notice No. 123, a notice of proposed rulemaking published in the **Federal Register** on November 8, 2011 (76 FR 69198), the Alcohol and Tobacco Tax and Trade Bureau (TTB) requested public comment on the proposed establishment of an approximately 198-square mile (or 126,720 acre) "Middleburg Virginia" American viticultural area in portions of Loudoun and Fauquier Counties in northern Virginia. The 60-day comment period for Notice No. 123, originally closed on January 9, 2012.

On January 6, 2012, TTB received a request from the president of the Loudoun Wine Growers Association, for an extension of the comment period for Notice No. 123. (This request is posted as Comment 12 within Docket No. TTB-2011-0009 at www.regulations.gov). This comment states that the organization "was not aware of this notice in time to meet and discuss the establishment of this [viticultural area] as it includes many of our members."

In response to this request, TTB reopens the comment period for Notice No. 123 for an additional 45 days. We believe this additional time will allow industry members and the general public to fully consider the proposed establishment of the Middleburg Virginia viticultural area. Therefore, comments on Notice No. 123 are now due on or before February 27, 2012.
