**DEPARTMENT OF HOMELAND
SECURITY****Federal Emergency Management
Agency****44 CFR Part 65**[Docket ID FEMA-2012-0003; Internal
Agency Docket No. FEMA-B-1248]**Changes in Flood Elevation
Determinations**

AGENCY: Federal Emergency
Management Agency, DHS.

ACTION: Interim rule.

SUMMARY: This interim rule lists
communities where modification of the
Base (1% annual-chance) Flood
Elevations (BFEs) is appropriate because
of new scientific or technical data. New
flood insurance premium rates will be
calculated from the modified BFEs for
new buildings and their contents.

DATES: These modified BFEs are
currently in effect on the dates listed in
the table below and revise the Flood
Insurance Rate Maps (FIRMs) in effect
prior to this determination for the listed
communities.

From the date of the second
publication of these changes in a
newspaper of local circulation, any
person has ninety (90) days in which to
request through the community that the
Deputy Associate Administrator for
Mitigation reconsider the changes. The
modified BFEs may be changed during
the 90-day period.

ADDRESSES: The modified BFEs for each
community are available for inspection
at the office of the Chief Executive
Officer of each community. The
respective addresses are listed in the
table below.

FOR FURTHER INFORMATION CONTACT: Luis
Rodriguez, Chief, Engineering
Management Branch, Federal Insurance
and Mitigation Administration, Federal
Emergency Management Agency, 500 C
Street SW., Washington, DC 20472,
(202) 646-4064, or (email) *Luis.
Rodriguez3@fema.dhs.gov*.

SUPPLEMENTARY INFORMATION: The
modified BFEs are not listed for each
community in this interim rule.
However, the address of the Chief
Executive Officer of the community
where the modified BFE determinations
are available for inspection is provided.
Any request for reconsideration must
be based on knowledge of changed
conditions or new scientific or technical
data.

The modifications are made pursuant
to section 201 of the Flood Disaster
Protection Act of 1973, 42 U.S.C. 4105,
and are in accordance with the National
Flood Insurance Act of 1968, 42 U.S.C.
4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently
effective community number is shown
and must be used for all new policies
and renewals.

The modified BFEs are the basis for
the floodplain management measures
that the community is required either to
adopt or to show evidence of being
already in effect in order to qualify or
to remain qualified for participation in
the National Flood Insurance Program
(NFIP).

These modified BFEs, together with
the floodplain management criteria

required by 44 CFR 60.3, are the
minimum that are required. They
should not be construed to mean that
the community must change any
existing ordinances that are more
stringent in their floodplain
management requirements. The
community may at any time enact
stricter requirements of its own or
pursuant to policies established by other
Federal, State, or regional entities. The
changes in BFEs are in accordance with
44 CFR 65.4.

National Environmental Policy Act.
This interim rule is categorically
excluded from the requirements of 44
CFR part 10, Environmental
Consideration. An environmental
impact assessment has not been
prepared.

Regulatory Flexibility Act. As flood
elevation determinations are not within
the scope of the Regulatory Flexibility
Act, 5 U.S.C. 601-612, a regulatory
flexibility analysis is not required.

Regulatory Classification. This
interim rule is not a significant
regulatory action under the criteria of
section 3(f) of Executive Order 12866 of
September 30, 1993, Regulatory
Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism.
This interim rule involves no policies
that have federalism implications under
Executive Order 13132, Federalism.

*Executive Order 12988, Civil Justice
Reform.* This interim rule meets the
applicable standards of Executive Order
12988.
