## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5601-N-17]

### Federal Property Suitable as Facilities To Assist the Homeless

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

**FOR FURTHER INFORMATION CONTACT:** Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

**SUPPLEMENTARY INFORMATION:** In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies,

and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Ritta, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the

landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: ARMY: Ms. Veronica Rines, Department of the Army, Office of the Assistant Chief of Staff for Installation Management, DAIM-ZS, Room 8536, 2511 Jefferson Davis Hwy, Arlington, VA 22202; (These are not toll-free numbers).

Dated: April 26, 2012.

**Mark R. Johnston,**

*Deputy Assistant Secretary for Special Needs.*

#### SUPPLEMENTARY INFORMATION:

##### Background

The Llano Seco Riparian Sanctuary  
 Unit was acquired by the Service in  
 1991 and added to the Sacramento River  
 National Wildlife Refuge. The Service  
 acquired the Llano Seco Riparian  
 Sanctuary Unit as part of the Joint  
 Management Agreement between Parrot  
 Investment Co., The Nature  
 Conservancy, California Department of  
 Fish and Game, and the Service to  
 cooperatively manage lands on the  
 Llano Seco Ranch. The Llano Seco  
 Riparian Sanctuary Unit is one piece of  
 the larger Llano Seco Ranch, and was  
 cleared of riparian vegetation for  
 agricultural production by the previous  
 landowner during the 1970s. Although  
 the property has been out of agricultural  
 production for close to 15 years, the  
 habitat remains dominated by nonnative  
 and invasive noxious weeds. Currently,  
 just over 200 acres is farmed to dryland  
 row crops to help control nonnative  
 weeds.

Prior to acquisition by the Service,  
 rock revetment was placed on the north  
 end of the Llano Seco Riparian  
 Sanctuary Unit by the Department of  
 Water Resources in 1985 and 1986. The  
 rock was placed in order to lock the  
 Sacramento River in place ensuring that  
 flood flows would continue to be  
 diverted from the Sacramento River  
 through the Goose Lake overflow  
 structure and into the Butte Basin.  
 When the Service acquired the ranch  
 property in 1991, we did so with the  
 understanding that our management  
 activities would not impact the Goose  
 Lake overflow structure that diverts  
 flood water into the Butte Basin.

Since the placement of rock revetment  
 in 1986, the natural riverbank that is  
 south of the revetment has eroded  
 approximately 600 feet. The erosion on  
 refuge property is directly across from  
 the PCGID-PID pumping plant and fish  
 screening facility. In 1999, the PCGID-  
 PID consolidated three pumping plants  
 into one new facility equipped with  
 state-of-the-art fish screens. The fish-  
 screening efficiency of the new PCGID-  
 PID pumping plant is now endangered  
 by the bank erosion on the refuge  
 property and the migration of the  
 Sacramento River. Although the rock  
 revetment on the north edge of refuge  
 property is decades old and eroding, it  
 plays a key role in protecting the  
 PCGID-PID pumping plant. As the bank  
 erodes, the angle of flow and velocity of  
 the water passing the screens will  
 change, trapping fish against the screen  
 rather than sweeping them past.
