

General description of collection: The Health History Form is used to document the medical history of each individual Applicant. It is a self-report of pre-existing medical conditions and is used to help determine whether the Applicant will, with reasonable accommodation, be able to perform the essential functions of a Peace Corps Volunteer and complete a tour of service without undue disruption due to health problems.

The current process requires all Applicants to complete in its entirety a Health Status Review form (OMB form 0420-0510: Peace Corps Form PC-1789). Under the new system, the Applicant will begin the medical part of the application process by completing the Health History Form. The Health History Form will replace OMB form 0420-0510 and is expected to significantly reduce the need for medical office visits and tests. The Health History Form will be completed online in an interactive process in which only questions relevant to each Applicant's medical history (based on responses to previous questions) are presented. After completion of the Health History Form and after passing preliminary non-health-related assessments, the Applicant will be "nominated" to a program. This nomination does not guarantee an invitation to serve, but it does hold a place so the Applicant may proceed with the process. After a review by the Peace Corps pre-service medical staff of the self-reported information on the Health History Form, along with any supplemental forms that the Applicant may be required to submit following nomination, the Applicant may be medically pre-cleared. An Applicant who is medically pre-cleared and who accepts an invitation to serve as a Peace Corps Volunteer undergoes a final medical clearance. Final medical clearance is on the basis of a complete physical examination, as documented in a Report of Physical Examination.

Old Title: Peace Corps Volunteer Medical Application Health Status Review which consist of two forms: The Health Status Review form (PC 1789) and the Report of Medical Examination also referred to as the *Report of Physical Examination* (PC 1790 S).

New Title: Report of Physical Examination (PC 1790 S).

OMB Control Number: 0420-pending.

Type of Information Collection: Revision of a currently approved information collection.

Burden to the public:

(a) Estimated number of applicants/physicians: 4,000/4,000.

(b) Frequency of response: One time.

(c) Estimated average burden per response: 90 minutes/45 minutes.

(d) Estimated total reporting burden: 6,000 hours/3,000 hours.

(e) Estimated annual cost to respondents: Indeterminate.

General description of collection: The current process requires almost all Applicants to undergo a costly and time consuming full medical evaluation. Under the current process, it sometimes happens that after an Applicant has spent large amounts of time and money, the Peace Corps finds that the Applicant is not medically qualified to serve. In 2012, the Peace Corps will change the current process in order to reduce the time and expense of Applicants and to ensure that only those who accept an invitation to serve undergo a complete medical evaluation. However, Applicants who have certain particularly difficult to accommodate conditions will be evaluated early in the process. This will reduce the time and expense for those Applicants who would, even with reasonable accommodation, not be likely to be able to perform the essential functions of a Peace Corps Volunteer and complete a tour of service without undue disruption due to health problems.

Under the new system, the Applicant will begin the medical part of the application process by completing a comprehensive health history form. After completion of the Health History Form and after passing preliminary non-health-related assessments, the Applicant will be "nominated" to a program. This nomination does not guarantee an invitation to serve, but it does hold a place so the Applicant may proceed with the process. After a review by the Peace Corps pre-service medical staff of the Health History Form and any supplemental forms that the Applicant may be required to submit following nomination, the Applicant may be medically pre-cleared. An Applicant who is medically pre-cleared and who accepts an invitation to serve as a Peace Corps Volunteer undergoes a final medical clearance. Final medical clearance is on the basis of a complete physical examination, as documented in a Report of Physical Examination which is covered by this Supporting Statement.

The information contained in the Report of Physical Examination will be used to make an individualized determination as to whether an Applicant for Volunteer service will, with reasonable accommodation, be able to perform the essential functions of a Peace Corps Volunteer and complete a tour of service without undue disruption due to health problems.

Request For Comment: Peace Corps invites comments on whether the proposed collections of information are necessary for proper performance of the functions of the Peace Corps, including whether the information will have practical use; the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the information to be collected; and, ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

SUPPLEMENTARY INFORMATION:

I. Introduction

In accordance with 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.*, the Postal Service filed a formal request and

associated supporting information to add Priority Mail Contract 38 to the competitive product list.¹ Priority mail contracts enable the Postal Service to provide Priority Mail service to an individual customer at customized rates.² The Postal Service asserts that Priority Mail Contract 38 is a competitive product “not of general applicability” within the meaning of 39 U.S.C. 3632(b)(3). Request at 1. The Request has been assigned Docket No. MC2012–7.

The Postal Service contemporaneously filed a redacted contract related to the proposed new product under 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. *Id.* Attachment B. The instant contract has been assigned Docket No. CP2012–15.

Request. To support its Request, the Postal Service filed six attachments as follows:

- Attachment A—a redacted copy of Governors’ Decision No. 09–6, authorizing certain Priority Mail contracts, and a certification of the Governors’ vote;
- Attachment B—a redacted copy of the contract;
- Attachment C—proposed changes to the Mail Classification Schedule competitive product list that would add Priority Mail Contract 38 under Domestic Negotiated Service Agreements;
- Attachment D—a Statement of Supporting Justification as required by 39 CFR 3020.32;
- Attachment E—a certification of compliance with 39 U.S.C. 3633(a); and
- Attachment F—an application for non-public treatment of materials to maintain redacted portions of the contract, customer-identifying information, and related financial information under seal.

In the Statement of Supporting Justification, Dennis R. Nicoski, Manager, Field Sales Strategy and Contracts, asserts that the contract will cover its attributable costs, make a positive contribution to covering institutional costs, and increase contribution toward the requisite 5.5 percent of the Postal Service’s total institutional costs. *Id.* Attachment D at 1. Mr. Nicoski contends that there will be no issue of market dominant

products subsidizing competitive products as a result of this contract. *Id.*

Related contract. The Postal Service included a redacted version of the related contract with the Request. *Id.* Attachment B. The contract is scheduled to become effective on the day the Commission issues all necessary regulatory approval. *Id.* at 2. The contract will expire 3 years from the effective date unless, among other things, either party terminates the agreement upon 30 days’ written notice to the other party. *Id.* at 2. The Postal Service represents that the contract is consistent with 39 U.S.C. 3633(a). *Id.* Attachment D at 2.

The Postal Service filed much of the supporting materials, including the related contract, under seal. *Id.* Attachment F. It maintains that the redacted portions of the contract, customer-identifying information, and related financial information, should remain confidential. *Id.* at 2–3. This information includes the price structure, underlying costs and assumptions, pricing formulas, information relevant to the customer’s mailing profile, and cost coverage projections. *Id.* The Postal Service asks the Commission to protect customer-identifying information from public disclosure indefinitely. *Id.* at 7.
