**Endangered and Threatened Wildlife and Plants; Reissuance of Interim Special Rule for the Polar Bear**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Final rule.

**SUMMARY:** On November 18, 2011, the United States District Court for the District of Columbia (Court) issued an order in regard to Misc. No. 08-764 (EGS) MDL Docket No. 1993 IN RE: POLAR BEAR ENDANGERED SPECIES ACT LISTING AND § 4(d) RULE LITIGATION, vacating and remanding to the U.S. Fish and Wildlife Service the December 16, 2008, final special rule for the polar bear (73 FR 76249). The Court further ordered that in its place the interim final special rule for the polar bear published on May 15, 2008 (73 FR 28306), shall remain in effect until superseded by the new special rule for the polar bear to be published in the **Federal Register**. This rule complies with that order and provides final notice of the reinstatement of the May 15, 2008, interim final special rule for the polar bear.

**DATES:** This action is effective January 30, 2012.

**ADDRESSES:** The interim final special rule is available on the Internet at <http://www.regulations.gov>. It will also be available for inspection, by appointment, during normal business hours at the Marine Mammal Management Office, U.S. Fish and Wildlife Service, 1011 East Tudor Road, Anchorage, Alaska; telephone (907) 786-3800.

**FOR FURTHER INFORMATION CONTACT:** For information on the polar bear and its habitat see <http://alaska.fws.gov/fisheries/mmm/polarbear/esa.htm> or contact U.S. Fish and Wildlife Service, Marine Mammals Management (see **ADDRESSES**) or telephone (907) 786-3800. **SUPPLEMENTARY INFORMATION:**

**Background**

On May 15, 2008, we, the U.S. Fish and Wildlife Service (Service), published a final rule listing the polar bear (*Ursus maritimus*) as a threatened species throughout its range under the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 et seq.) (ESA) (73 FR 28212). At the same time the Service published this listing rule, we also published an interim final special rule for the polar bear under authority of section 4(d) of the ESA that provides measures that are necessary and advisable for the conservation of the polar bear; this interim rule was later finalized on December 16, 2008 (73 FR 76249). Lawsuits challenging both the May 15, 2008, listing of the polar bear and the December 16, 2008, final special rule for the polar bear were filed in various federal district courts. These lawsuits were consolidated before the Court.

On October 17, 2011, the U.S. District Court for the District of Columbia found the Service violated the National Environmental Policy Act (NEPA) and the Administrative Procedure Act by failing to conduct a NEPA analysis for its December 16, 2008, final special rule for the polar bear. The Court ordered the final special rule vacated and set aside pending resolution of a timetable for NEPA review. On November 18, 2011, the Court resolved the schedule for NEPA review and vacated the December 16, 2008, final special rule (*Ctr. for Biological Diversity, et al. v. Salazar, et al.*, No. 08-2113; *Defenders of Wildlife v. U.S. Dep't of the Interior, et al.*, No. 09-153, Misc. No. 08-764 (EGS) MDL Docket No. 1993). In vacating and remanding to the U.S. Fish and Wildlife Service the December 16, 2008, final special rule for the polar bear (73 FR 76249), the Court further ordered that, in its place, the interim final special rule for the polar bear published on May 15, 2008 (73 FR 28306), shall remain in effect until superseded by the new special rule for the polar bear to be published in the **Federal Register**. This rule revises the Code of Federal Regulations to reflect the November 18, 2011, court order and is effective today. However, the court order reinstating the May 15, 2008, interim final special rule for the polar bear had legal effect immediately; as a result the interim final special rule has been in effect since November 18, 2011.

The interim final special rule provides that if an activity is authorized or exempted under the Marine Mammal Protection Act (MMPA) or the Convention on International Trade in

Endangered Species of Wild Fauna and Flora (CITES), the Service would not require any additional authorization under the Service's regulations to conduct the activity. However, if the activity is not authorized or exempted under the MMPA or CITES and the activity would result in an act that would be otherwise prohibited under 50 CFR 17.31, the prohibitions of § 17.31 apply and the Service would require authorization under 50 CFR 17.32. In addition, otherwise lawful activities within the United States (except for Alaska) that cause incidental take of polar bears are exempt from the provisions of § 17.31.

**Administrative Procedure**

This rulemaking is necessary to comply with the October 17, 2011, and November 18, 2011, U.S. District Court for the District of Columbia orders. Therefore, under these circumstances, the Director has determined, pursuant to 5 U.S.C. 553(b)(3)(B), that prior notice and opportunity for public comment are impractical and unnecessary. The Director has further determined, pursuant to 5 U.S.C. 553(d)(3), that the agency has good cause to make this rule effective upon publication.

**Effects of the Rule**

As of November 18, 2011, the interim final rule for the polar bear published on May 15, 2008 (73 FR 28306), is reinstated throughout the species' range (50 CFR 17.40(q)). Please see the above-cited **Federal Register** publications for more detailed information regarding the polar bear listing and the special rule. This rule does not affect the critical habitat designation for the polar bear that became effective January 6, 2011 (75 FR 76086, December 7, 2010). Moreover, this rule will not affect the status of the polar bear under State laws or suspend any other legal protections provided by State law.

RIN 0648–BB26

**Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Comprehensive Ecosystem-Based Amendment 2 for the South Atlantic Region; Correction**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule; correction.

**SUMMARY:** This document contains corrections to a final rule published in the **Federal Register** on December 30, 2011, to implement the Comprehensive Ecosystem-Based Amendment 2 (CE–BA 2) for the South Atlantic region. The final rule adds Appendix E to part 622, however, a final rule to implement Caribbean actions, published in the **Federal Register** on the same day (December 30, 2011), also adds an Appendix E to part 622. This rule corrects the final rule for CE–BA2 by removing “Appendix E” wherever it occurs, and adding in its place “Appendix F.” This rule also renumbers footnote 7 in Table 1 as footnote 5.

**DATES:** Effective January 30, 2012.

**FOR FURTHER INFORMATION CONTACT:** Anik Clemens, telephone: (727) 824–5305, email: [Anik.Clemens@noaa.gov](mailto:Anik.Clemens@noaa.gov).

**SUPPLEMENTARY INFORMATION:****Correction**

In final rule FR Doc. 2011–33300, published in the **Federal Register** issue of December 30, 2011 (76 FR 82183), “Appendix E” is removed and “Appendix F” is added in its place in 19 places, footnote 7 is removed and footnote 5 is added in its place, and the amendatory instructions are renumbered. Therefore, the regulatory text is republished in its entirety.

**Classification**

Pursuant to 5 U.S.C. 553(b)(B), the Assistant Administrator for Fisheries, NOAA, finds good cause to waive prior notice and opportunity for additional public comment for this action because any delay of this action would be unnecessary and contrary to the public interest. This correction notice includes minor, non-substantive changes to regulatory text. These corrections do not modify, add or remove any rights, privileges or obligations of any individuals. There will be no adverse affect on fishing stocks as a result of this notice. The corrections included in this notice are the renumbering of a footnote, the renaming of an Appendix, and the renumbering of the amendatory instructions published in the final rule. The final rule implementing CE–BA2 will be effective on January 30, 2012, and this correction notice, if published on or before January 30, 2012, will correct these errors upon effectiveness of the final rule. Because these are minor technical corrections, public

comment is both unnecessary and contrary to the public interest.

For the reasons stated above, the Assistant Administrator also finds good cause, pursuant to 5 U.S.C. 553(d), to waive the 30-day delay in effective date for this correction notice.

Because prior notice and opportunity for public comment are not required for this rule by 5 U.S.C. 553, or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable.

This correction notice is exempt from review under Executive Order 12866.
