

recommendations on how to proceed on those topics:

- The work of ACE Strategic Communications Working Group and how CBP should proceed in communicating with the trade community as the agency shifts from the Automated Commercial System (ACS) when ACE becomes fully functional.

- The work of the Trade Facilitation Subcommittee: Recommendations and resolutions on CBP's Trade Transformation initiatives, report of findings from the COAC Industry Survey regarding the expected benefits of the Centers of Excellence and Expertise and recommendations on next steps based on Survey results, and conclusions from the Instruments of International Trade (IITs) Residue Work Group on its study of the various concerns regarding establishing a test on the manifesting and entry of IITs containing residue with no commercial value.

Prior to the COAC taking action on any of these topics of the above-mentioned subcommittees, members of the public will have an opportunity to provide oral or written comments.

The COAC will also receive an update and discuss the following initiatives and subcommittee topics that were discussed at its May 22, 2012 meeting:

- The National Strategy for Global Supply Chain Security as it relates to an effort to solicit, consolidate, and provide to DHS sector and stakeholder input on implementation of the National Strategy.

- The Air Cargo Security Subcommittee work on the Air Cargo Advance Screening (ACAS) pilot, providing feedback on international outreach efforts and Input on a list of Frequently Asked Questions (FAQs).

- The Bond Subcommittee work on proposed modifications to the CBP Form 5106 (Importer Identification Input Record); input on single transaction bonds (STBs) centralization; liquidated damages/mitigation guidelines and the use of STBs when additional security is merited.

- The Intellectual Property Rights Enforcement Subcommittee work on providing CBP guidance on new tools to be used in the port of entry to help identify counterfeit products, the distribution chain management and serialization pilot projects, and modifications to the CBP recordation database of federally registered trademarks, trade names, and copyrights.

- The Anti-Dumping/Countervailing Duties Subcommittee: Updates and observations from the trade community regarding CBP's recent implementation

of policy regarding use of single transaction bonds (STBs) as an enforcement tool, update on CBP's efforts to work with various industries on obtaining trade intelligence and subcommittee feedback on CBP's Draft 5 year Anti-Dumping/Countervailing Duties Enforcement Strategy.

- The Land Border Security Subcommittee: Updates and observations on the Customs—Trade Partnership Against Terrorism (C-TPAT) Program Internet survey and the National Strategy for Global Supply Chain Security to include CBP Trusted Trader programs and Beyond the Border initiatives.

- The One U.S. Government at the Border Subcommittee: Updates on discussions regarding Trusted Trader Partnership Programs.

- The work of the Role of the Broker Subcommittee: Receive subcommittee feedback on CBP's efforts to update 19 CFR Part 111 (Broker Regulations).

- The formation of an Export subcommittee; review of subcommittee scope and goals.

Draft Environmental Assessment, Habitat Conservation Plan, and Application for an Incidental Take Permit for Indiana Bat, Criterion Power Partners, LLC

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of availability, receipt of
application.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received an application from Criterion Power Partners, LLC (CPP) for an incidental take permit under the Endangered Species Act of 1973, as amended (ESA). We are considering issuing a 21-year permit to the applicant that would authorize take of the federally endangered Indiana bat incidental to otherwise lawful activities associated with operation, maintenance, and decommissioning of a 28-turbine wind farm. Pursuant to the ESA and the National Environmental Policy Act, we announce the availability of CPP's incidental take permit application and draft habitat conservation plan, as well as the Service's draft environmental assessment (EA), for public review and

comment. We provide this notice to seek comments from the public and Federal, Tribal, State, and local governments.

DATES: We will accept comments received or postmarked on or before October 1, 2012. Comments submitted electronically using the Federal eRulemaking Portal (see **ADDRESSES** section, below) must be received by 11:59 p.m. Eastern Time on the closing date.

ADDRESSES: Written comments may be submitted electronically via the Federal eRulemaking Portal: <http://www.regulations.gov> or by hard copy to: Public Comments Processing, Attn: FWS–R5–ES–2012–0032; Division of Policy and Directives Management; U.S. Fish and Wildlife Service; 4401 N. Fairfax Drive, MS 2042–PDM; Arlington, VA 22203. The docket number for this notice is FWS–R5–ES–2012–0032.

FOR FURTHER INFORMATION CONTACT: Julie Slacum, U.S. Fish and Wildlife Service, Chesapeake Bay Field Office, 177 Admiral Cochrane Drive, Annapolis, MD, (410) 573–4595.

SUPPLEMENTARY INFORMATION: We received an application from CPP for an incidental take permit to take the federally endangered Indiana bat (*Myotis sodalis*) over 21 years during operations, maintenance, and decommissioning activities related to CPP's 28-turbine wind farm. A conservation program to minimize and mitigate for the impacts of the incidental take would be implemented by CPP as described in the draft Criterion Wind Indiana Bat Habitat Conservation Plan (HCP).

To comply with the National Environmental Policy Act (42 U.S.C. 4321 et seq.; NEPA), we prepared a draft EA that describes the proposed action and possible alternatives and analyzes the effects of alternatives on the human environment. The Service will evaluate whether the proposed action, issuance of an incidental take permit to CPP, and

analyses in this draft EA are adequate to support a Finding of No Significant Impact.

Availability of Documents

You may obtain copies of the proposed HCP and draft EA on the internet at the Chesapeake Bay Field Office's Web site at: <http://www.fws.gov/chesapeakebay/> or at <http://www.regulations.gov> at Docket Number FWS–R5–ES–2012–0032. Copies of the proposed HCP and draft EA will also be available for public review during regular business hours at the Chesapeake Bay Field Office, 177 Admiral Cochrane Drive, Annapolis, MD. Those who do not have access to the internet or cannot visit our office can request copies by telephone at (410) 573–4599, or by letter to the Chesapeake Bay Field Office.

Background

Section 9 of the ESA (16 U.S.C. 1531 et seq.) and its implementing regulations prohibit the “take” of animal species listed as endangered or threatened. Take is defined under the ESA as to “harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed animal species, or to attempt to engage in such conduct” (16 U.S.C. 1538). However, under section 10(a) of the ESA, we may issue permits to authorize incidental take of listed species. “Incidental take” is defined by the ESA as take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing incidental take permits for threatened and endangered species, respectively, are found in the Code of Federal Regulations at 50 CFR 17.22 and 50 CFR 17.32.

CPP is seeking a permit for the incidental take of Indiana bat for a term of 21 years. Incidental take of this species may occur due to operation, maintenance, and decommissioning of 28 wind turbines. The proposed conservation strategy in the applicant's proposed HCP is designed to avoid,
