Fisheries of the Exclusive Economic Zone Off Alaska; Arrowtooth Flounder in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; apportionment of reserves; request for comments.

SUMMARY: NMFS apportions amounts of the non-specified reserve to the initial total allowable catch of arrowtooth flounder in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to allow the fisheries to continue operating. It is intended to promote the goals and objectives of the fishery management plan for the Bering Sea and Aleutian Islands management area.

DATES: Effective August 10, 2012, through 2400 hrs, Alaska local time, December 31, 2012. Comments must be received at the following address no later than 4:30 p.m., Alaska local time, August 25, 2012.

ADDRESSES: You may submit comments on this document, identified by NOAA-NMFS 2012-0150, by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal www.regulations.gov. To submit comments via the e-Rulemaking Portal, first click the "submit a comment" icon, then enter NOAA-NMFS 2012-0150 in the keyword search. SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the (BSAI) exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2012 initial total allowable catch (ITAC) of arrowtooth flounder in the BSAI was established as 21,250 metric tons (mt) by the final 2012 and 2013 harvest specifications for groundfish of the BSAI (77 FR 10669, February 23, 2012). In accordance with § 679.20(a)(3) the Regional Administrator, Alaska Region, NMFS, has reviewed the most

current available data and finds that the ITAC for arrowtooth flounder in the BSAI needs to be supplemented from the non-specified reserve in order to promote efficiency in the utilization of fishery resources in the BSAI and allow fishing operations to continue.

Therefore, in accordance with § 679.20(b)(3), NMFS apportions from the non-specified reserve of groundfish 1,075 mt to the arrowtooth flounder ITAC in the BSAI. This apportionment is consistent with § 679.20(b)(1)(i) and does not result in overfishing of a target species because the revised ITAC is equal to or less than the specifications of the acceptable biological catch in the final 2012 and 2013 harvest specifications for groundfish in the BSAI (77 FR 10669, February 23, 2012).

The harvest specification for the 2012 arrowtooth flounder ITAC included in the harvest specifications for groundfish in the BSAI is revised as follows: 22,325 mt for arrowtooth flounder in the BSAI.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA) finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) and § 679.20(b)(3)(iii)(A) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the apportionment of the non-specified reserves of groundfish to the arrowtooth flounder fishery in the BSAI. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet and processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of July 24, 2012.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Under § 679.20(b)(3)(iii), interested persons are invited to submit written comments on this action (see **ADDRESSES**) until August 30, 2012.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.
