The 2012 rates are also presented individually, as separate operating and administrative rates of reimbursement, to show the effect of the Consumer Price Index adjustment on each rate.

This notice is not a rule as defined by the Regulatory Flexibility Act (5 U.S.C. 601-612) and thus is exempt from the provisions of that Act. Additionally, this notice has been determined to be exempt from formal review by the Office of Management and Budget under Executive Order 12866.

Definitions

The terms used in this notice have the meaning ascribed to them under 7 CFR part 225 of the Summer Food Service Program regulations.

Background

This notice informs the public of the annual adjustments to the reimbursement rates for meals served in the Summer Food Service Program (SFSP). In accordance with sections 12(f) (42 U.S.C. 1760(f)) and 13 (42 U.S.C. 1761) of the Richard B. Russell National School Lunch Act (NSLA), and SFSP regulations in 7 CFR part 225, the United States Department of Agriculture (USDA) announces the adjustments in SFSP payments for meals served to participating children during calendar year 2012.

The 2012 reimbursement rates are presented as a combined set of rates to highlight simplified cost accounting procedures. Reimbursement is based solely on a “meals times rates” calculation, without comparison to actual or budgeted costs.

Sponsors receive reimbursement that is determined by the number of reimbursable meals served multiplied by the combined rates for food service

operations and administration. However, the combined rate is based on separate operating and administrative rates of reimbursement, each of which is adjusted differently for inflation.

Calculation of Rates

The combined rates are constructed from individually authorized operating and administrative reimbursements. Simplified procedures provide flexibility, enabling sponsors to manage their reimbursements to pay for any allowable cost, regardless of the cost category. Program sponsors remain responsible, however, for ensuring proper administration of the Program, while providing the best possible nutrition benefit to children.

The operating and administrative rates are calculated separately. However, the calculations of adjustments for both are based on the same set of changes in the *Food Away From Home* series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the United States Department of Labor. They represent a 2.87 percent increase in this series for the 12 month period, from November 2010 through November 2011 (from 227.512 in November 2010 to 234.046 in November 2011).

Table of 2012 Reimbursement Rates

Presentation of the 2012 maximum per meal rates for meals served to children in SFSP combines the results from the calculations of operational and administrative payments, which are further explained in this notice. The total amount of payments to State agencies for disbursement to SFSP sponsors will be based upon these adjusted combined rates and the number of meals of each type served. These adjusted rates will be in effect from January 1, 2012 through December 31, 2012.
