

investigation to determine whether conditions during the relevant time period nevertheless supported the ultimate conclusion of the determination that the workers and former workers of Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina met the eligibility criteria set forth in the Trade Act of 1974, as amended (the Act).

The Department obtained new information regarding the subject firm's major declining customers of particleboard and/or laminated wood panels and related import data of particleboard and/or laminated wood panels (and like or directly competitive articles) by the subject firm's customers.

Using the new customer information and previously-submitted information from the subject firm regarding particleboard and/or laminated wood panels sales and production at Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina, the Department conducted another import analysis for the relevant time period.

The immediate investigation revealed increased imports (direct and indirect imports) of particleboard wood panels by major declining customer(s) of the subject firm during 2010 from 2009 levels and during partial year 2011 from the corresponding 2010 period (the relevant period).

Based on a careful analysis of all information provided in the immediate and earlier investigations, the Department determines that increased customer imports of articles like or directly competitive with the particleboard and/or laminated wood panels produced at the subject facilities contributed importantly to worker group separations at Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina.

Conclusion

After careful review of the facts obtained in the initial investigation of the petition referenced as TA-W-80,308 and TA-W-80,308A and the immediate investigation, I determine, in accordance with Section 223 of the Act, 19 U.S.C. 2273, that the certification of workers and former workers of Roseburg Forest Products, Composite Panel Division, including on-site leased workers of Robert Half, Orangeburg, South Carolina (TA-W-80,308) and Roseburg Forest Products, Composite Panel Division, including on-site leased workers of Robert Half, Russellville, South Carolina (TA-W-80,308A), issued on August 12, 2011 and

published in the **Federal Register** on September 2, 2011 (76 FR 54796) should not be terminated. As described in the certification, I conclude that these workers, who are/were engaged in activities related to production of particleboard and/or laminated wood panels, have met the worker group certification criteria under 222(a) of the Act, 19 U.S.C. 2272(a).

Signed in Washington, DC, this 31st day of August, 2012
