

rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁷ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁸ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The Exchange believes that the proposed changes to certain of the Exchange's non-standard routing fees and strategies are equitably allocated, fair and reasonable, and non-discriminatory in that they are equally applicable to all Members and are designed to mirror the rebate applicable to the execution if such routed orders were executed directly by the Member at EDGA Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution is extremely competitive, Members may readily opt to disfavor the Exchange's routing services if they believe that alternatives offer them better value. For orders routed through the Exchange and executed at EDGA Exchange, the proposed fee change is designed to equal the rebate that a Member would have received if such routed orders would have been executed directly by a Member at EDGA Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and Rule 19b-4(f)(2) thereunder,¹⁰ the Exchange has designated this proposal as establishing

or changing a due, fee, or other charge applicable to the Exchange's Members and non-members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its fee schedule applicable to use of the Exchange effective September 4, 2012, in order to modify pricing related to executions that occur on EDGA EXCHANGE, Inc. ("EDGA") through either a BYX + EDGA Destination Specific Order⁶ or through the Exchange's TRIM routing strategies.⁷ EDGA is implementing certain pricing changes effective September 4, 2012, including modification from a fee to remove liquidity of \$0.0007 per share to a rebate of \$0.0004 per share when removing liquidity. To maintain a direct pass through of the applicable economics for executions at EDGA, the Exchange proposes to rebate \$0.0004 per share for an order routed through its TRIM routing strategies and executed on EDGA. Similarly, because EDGA is part of the Exchange's "One Under/Better" pricing program for Destination Specific Orders, the Exchange intends to rebate \$0.0001 per share more than if a Member executed an order directly on EDGA. Accordingly, the Exchange proposes to rebate \$0.0005 per share for an order routed as a Destination Specific Order to EDGA and executed on EDGA, which is \$0.0001 per share more than EDGA rebates directly. The Exchange's "One Under/Better" pricing does not

apply to securities priced below \$1.00. In addition, the Exchange will maintain the pricing currently charged by the Exchange for all other Destination Specific Orders.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁸ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁹ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The Exchange believes that the proposed changes to certain of the Exchange's non-standard routing fees and strategies are equitably allocated, fair and reasonable, and non-discriminatory in that they are equally applicable to all Members and are designed to mirror or provide an improvement over the rebate applicable to the execution if such routed orders were executed directly by the Member at EDGA Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution is extremely competitive, Members may readily opt to disfavor the Exchange's routing services if they believe that alternatives offer them better value. For orders routed through the Exchange and executed at EDGA Exchange, the proposed fee change is designed to equal or exceed the rebate that a Member would have received if such routed orders would have been executed directly by a Member at EDGA Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and Rule 19b-4(f)(2) thereunder,¹¹ the Exchange has designated this proposal as establishing or changing a due, fee, or other charge applicable to the Exchange's Members and non-members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67854; File No. SR-BATS-2012-036]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Fees Applicable to the Exchange's Competitive Liquidity Provider Program.

September 13, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 31, 2012, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a due, fee, or other charge imposed by the Exchange under Section

19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to institute a fee change in connection with an incentive program for Exchange-registered market makers ("Market Makers") in securities listed on the Exchange. Changes to the Exchange's fees pursuant to this proposal will be effective upon filing. The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On August 30, 2011, the Exchange received approval of rules applicable to the qualification, listing and delisting of securities of issuers on the Exchange.⁵ More recently, the Exchange received approval to operate a program that is designed to incentivize certain market makers registered with the Exchange as Competitive Liquidity Providers ("CLPs") to enhance liquidity on the Exchange in Exchange-listed securities ("Competitive Liquidity Provider Program" or "CLP Program").⁶ The Exchange subsequently adopted

⁶ See Securities Exchange Act Release No. 66307 (February 2, 2012), 77 FR 6608 (February 8, 2012) (SR-BATS-2011-051) ("CLP Program Approval").

financial incentives for the Competitive Liquidity Provider Program.⁷ These incentives include daily rebates to CLPs awarded based on competitive quoting activity and the waiver of applicable execution fees in Exchange auctions of Exchange-listed securities. The Exchange proposes to eliminate the waiver of fees for executions in Exchange auctions by CLPs, as further described below. The Exchange also proposes to correct a typographical error in its rules relating to the numbering of the financial incentives for the CLP Program. Specifically, when the CLP Program was originally proposed, the Exchange numbered the section applicable to financial incentives as section (k), and reserved that section for later.⁸ However, when such financial incentives were adopted, they were adopted as section (j).⁹ Accordingly, the Exchange proposes re-numbering the financial incentives section as (k), as was originally intended, and eliminating the reference to "Reserved."

In order to incentivize Members to participate in the CLP Program, the Exchange currently waives applicable execution fees in Exchange auctions for any CLP that receives a daily rebate for a specific Exchange-listed security on at least two (2) trading days during a calendar month. Based on the Exchange's experience in operating the CLP Program, the Exchange proposes to eliminate the waiver of applicable execution fees for CLPs. This financial incentive has very rarely been applicable, as the majority of the orders entered to date by CLPs that have participated in Exchange auctions have been order types that are not subject to a charge when entered by any Member (certain orders, including orders entered into the Exchange's order book not explicitly designated for the auction process, are exempt from fees). In light of this fact, the burden upon the Exchange in administering the fee waiver exceeds the benefit provided to CLPs pursuant to the current pricing structure, particularly in light of the fact that all other financial incentives to CLPs will remain unchanged.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities
