

Natural Resources Ltd. ("CNRL"), a Canadian exporter of small diameter pipe, which had requested an administrative review of itself.¹

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. On August 30, 2012, CNRL withdrew its request for review within the 90-day period. No other party requested a review and, therefore, the Department is rescinding this administrative review.

Assessment

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. For CNRL, antidumping duties shall be assessed at rates equal to the cash deposit rate in effect on the date of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice of rescission of administrative review.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: September 20, 2012.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-908]

Sodium Hexametaphosphate From the People's Republic of China: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On March 23, 2012, the Department of Commerce ("Department") published in the *Federal Register* the *Preliminary Results* of the second administrative review of the antidumping duty order on sodium hexametaphosphate ("sodium hex") from the People's Republic of China ("PRC") for the period of review ("POR") March 1, 2010, through February 28, 2011.¹ Based upon our analysis of the comments, we made changes to the margin calculation for the final results.

DATES: *Effective Date:* September 27, 2012.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone—202.482.0413.

SUPPLEMENTARY INFORMATION:

Case History

On March 23, 2012, the Department published the *Preliminary Results*. On May 17, 2012, the Department extended the time limit for these final results by 60 days.²

Between May 4 and May 25, 2012, interested parties submitted surrogate value information and rebuttal surrogate value comments. Interested parties were further provided an opportunity to comment on the *Preliminary Results*. Between June 4, 2012, and June 11, 2012, we received briefs and rebuttal briefs from ICL Performance Products and Innophos, Inc. ("Petitioners") and Hubei Xingfa Chemical Group Co., Ltd. ("Xingfa").

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this review

¹ See *Sodium Hexametaphosphate from the People's Republic of China: Preliminary Results of Second Antidumping Duty Administrative Review*, 77 FR 17013 (March 23, 2012) ("Preliminary Results").

² See *Sodium Hexametaphosphate from the People's Republic of China: Extension of Time Limit for the Final Results*, 77 FR 29314 (May 25, 2012).

are addressed in the memorandum entitled, "Second Administrative Review of Sodium Hexametaphosphate from the People's Republic of China: Issues and Decision Memorandum for the Final Results," which is dated concurrently with and adopted by this notice ("I&D Memo"). A list of the issues which parties raised, and to which we respond in the I&D Memo is attached to this notice as Appendix I. The I&D Memo is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit ("CRU"), room 7046 of the main Department of Commerce building. In addition, a complete version of the I&D Memo can be accessed directly on the Internet at <http://www.trade.gov/ia/>. The signed I&D Memo and the electronic versions of the I&D Memo are identical in content.

Changes Since the Preliminary Results

The Department has made changes to the preliminary margin calculation. Specifically, we:

- Used the unconsolidated financial statement of Aditya Birla Chemicals (Thailand), Ltd., to calculate all surrogate financial ratios;³
- Valued electricity using data from the Thai Metropolitan Electric Authority;⁴
- Capped Xingfa's supplier distances;⁵
- Valued truck freight and brokerage and handling using *Doing Business: Thailand 2011*;⁶
- Valued white coal using a Thai harmonized tariff schedule number ("HTS") for anthracite; and⁷
- Valued super sacks using a Thai HTS.⁸

Scope of the Order

The merchandise subject to this review is sodium hexametaphosphate. Sodium hexametaphosphate is a water-soluble polyphosphate glass that consists of a distribution of polyphosphate chain lengths. It is a collection of sodium polyphosphate polymers built on repeating NaPO₃ units. Sodium hexametaphosphate has a P₂O₅ content from 60 to 71 percent.

³ See I&D Memo at Comment I.

⁴ See I&D Memo at Comments II.

⁵ See I&D Memo at Comment IV.A.

⁶ See I&D Memo at Comment IV.B.

⁷ See I&D Memo at Comment V.A.

⁸ See I&D Memo at Comment VIII.

Alternate names for sodium hexametaphosphate include the following: Calgon; Calgon S; Glassy Sodium Phosphate; Sodium Polyphosphate, Glassy; Metaphosphoric Acid; Sodium Salt; Sodium Acid Metaphosphate; Graham's Salt; Sodium Hex; Polyphosphoric Acid, Sodium Salt; Glass H; Hexaphos; Sodaphos; Vitrafos; and BAC-N-FOS. Sodium hexametaphosphate is typically sold as a white powder or granule (crushed) and may also be sold in the form of sheets (glass) or as a liquid solution. It is imported under heading 2835.39.5000, HTSUS. It may also be imported as a blend or mixture under heading 3824.90.3900, HTSUS. The American Chemical Society, Chemical Abstract Service ("CAS") has assigned the name "Polyphosphoric Acid, Sodium Salt" to sodium hexametaphosphate. The CAS registry number is 68915-31-1. However, sodium hexametaphosphate is commonly identified by CAS No. 10124-56-8 in the market. For purposes of the review, the narrative description is dispositive, not the tariff heading, CAS registry number or CAS name.

The product covered by this review includes sodium hexametaphosphate in all grades, whether food grade or technical grade. The product covered by this review includes sodium hexametaphosphate without regard to chain length *i.e.*, whether regular or long chain. The product covered by this review includes sodium hexametaphosphate without regard to physical form, whether glass, sheet, crushed, granule, powder, fines, or other form, and whether or not in solution.

However, the product covered by this review does not include sodium hexametaphosphate when imported in a blend with other materials in which the sodium hexametaphosphate accounts for less than 50 percent by volume of the finished product.

Separate Rates Determination

In our *Preliminary Results*, we determined that Xingfa met the criteria for separate rate status. We have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsidering this preliminary determination. Therefore, the Department continues to find that Xingfa has met the criteria for a separate rate.

Final Results of Review

The dumping margin for the POR is as follows:

Exporter	Margin (percent)
Hubei Xingfa Chemical Group Co., Ltd	91.23

The Department will disclose calculations performed for these final results to the parties within five days of the date of publication of this notice, in accordance with section 351.224(b) of the Department's regulations.

Assessment

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Pursuant to section 351.212(b)(1) of the Department's regulations, we will calculate importer-specific (or customer) *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. In accordance with section 351.106(c)(2) of the Department's regulations, we will instruct CBP to liquidate, without regard to antidumping duties, all entries of subject merchandise during the POR for which the importer-specific assessment rate is zero or *de minimis*.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporter listed above, the cash deposit rate will be the rate established in the final results of review (except, if the rate is zero or *de minimis*, *i.e.*, less than 0.5 percent, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have a separate rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 188.05 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the

PRC exporters that supplied that non-PRC exporter. The deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under section 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with section 351.305 of the Department's regulations, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: September 19, 2012.

Paul Piguado,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**International Trade Administration****[A-823-810]****Solid Agricultural Grade Ammonium Nitrate from Ukraine: Final Results of the Expedited Second Sunset Review of the Antidumping Duty Order****AGENCY:** Import Administration, International Trade Administration, Department of Commerce.**DATES:** *Effective Date:* September 27, 2012.

SUMMARY: On June 1, 2012, the Department of Commerce (“Department”) published in the **Federal Register** the notice of initiation of the second sunset review of the antidumping duty order on solid agricultural grade ammonium nitrate from Ukraine. The Department has conducted an expedited sunset review of this order. As a result of this sunset review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the rates identified in the “Final Results of Review” section of this notice.

FOR FURTHER INFORMATION CONTACT: Mahnaz Khan or Yasmin Nair, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-0914 and (202) 482-3813, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On June 1, 2012, the Department initiated the second sunset review of the antidumping duty order on solid agricultural grade ammonium nitrate from Ukraine, pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). See *Initiation of Five-Year (“Sunset”) Review*, 77 FR 32527 (June 1, 2012). The Department received a notice of intent to participate from domestic interested parties CF Industries, Inc. and El Dorado Chemical Company (collectively, “Petitioners”), within the deadline specified in 19 CFR 351.218(d)(1)(i). Petitioners claimed interested party status under section 771(9)(C) of the Act as a manufacturer, producer, or wholesaler in the United States of a domestic-like product.

On July 2, 2012, the Department received a substantive response from Petitioners. In addition to meeting the other requirements of 19 CFR 351.218(d)(3), Petitioners provided information on the volume and value of Ukrainian exports of solid agricultural grade ammonium nitrate to the United States. The Department received no responses from other parties to this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review.

Scope of the Order

The merchandise covered by the order are solid, fertilizer grade ammonium nitrate (“ammonium nitrate” or “subject merchandise”) products, whether prilled, granular or in other solid form, with or without additives or coating, and with a bulk density equal to or greater than 53 pounds per cubic foot. Specifically excluded from the scope is solid ammonium nitrate with a bulk density less than 53 pounds per cubic foot (commonly referred to as industrial or explosive grade ammonium nitrate). The merchandise subject to the order is classified in the Harmonized Tariff Schedule of the United States (“HTSUS”) at subheading 3102.30.00.00. HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of the order is dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum (“Decision Memorandum”) from Susan H. Kuhbach, Director, Office 1, Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with this notice, which is hereby adopted by this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margin of dumping likely to prevail if the order were revoked. Parties can find a complete discussion of all issues raised in these reviews and the corresponding recommendations in this public memorandum, which is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit in room 7046 of the main Commerce building. In addition, a

complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/ia/>. The signed Decision Memorandum and electronic versions of the Decision Memorandum are identical in content.

Final Results of Review

Pursuant to sections 752(c)(1) and (3) of the Act, we determine that revocation of the antidumping duty order on solid agricultural grade ammonium nitrate from Ukraine would be likely to lead to continuation or recurrence of dumping and that the magnitude of the margin of dumping likely to prevail if the order were revoked is 156.29% for J.S.C. “Concern Stirol” and for all other exporters.

This notice also serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: September 20, 2012.

Paul Piquado,*Assistant Secretary for Import Administration.*
