It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Title of Collection: Federal Family Education Loan (FFEL) Program Income Based Repayment (IBR) Plan Request and Alternative Documentation of Income.

OMB Control Number: 1845-0102.

Type of Review: Revision of an existing collection of information.

Respondents/Affected Public: Individuals or households.

Total Estimated Number of Annual Responses: 3,159,132.

Total Estimated Number of Annual Burden Hours: 1,042,514.

Abstract: This form serves as the means by which borrowers in the William D. Ford Federal Direct Loan (Direct Loan) and Federal Family Education Loan (FFEL) Programs may request an Income-Based or Income-Contingent Repayment (IBR/ICR) Plans if they meet certain statutory and regulatory criteria. The U.S. Department of Education uses the information

collected on these forms to determine whether a borrower meets the eligibility requirements for the specific IBR/ICR Plan that the borrower has requested. The burden hours associated with this collection is increasing for one reason; namely, that the collection is being combined with all Income-Based or Income-Contingent materials contained in the soon-to-be revised 1845-0014 (Direct Loan Repayment Plan Selection Form) and soon-to-be discontinued 1845-0016 (Direct Loan IBR/ICR Alternative Documentation of Income Form), so that the forms associated with this collection may be used in both the FFEL and Direct Loan Program. However, because the form has been greatly streamlined, there is a significant burden reduction associated with this clearance that is masked by the increased respondent population.

Title of Collection: Foreign School Supplemental Application System.

OMB Control Number: Pending.

Type of Review: New collection, request for a new OMB Control Number.

Respondents/Affected Public: Business or other for-profits; Not-for-profit institutions.

Total Estimated Number of Annual Responses: 70.

Total Estimated Number of Annual Burden Hours: 245.

The FS SAS works in conjunction with the e-App system. When a foreign school is applying for initial participation, or is submitting an application for recertification or reinstatement, if the school is seeking approval of its medical, nursing or veterinary school, upon completion of

the e-App, the school will be able to link to the FS SAS on the Information for Financial Aid Professionals (IFAP) Web page. Only foreign schools who are registered with Federal Student Aid and who have been issued the required two factor authentication tokens can access the FS SAS. The FS SAS allows foreign schools to upload required documentation in a portable document format (pdf) to accompany the applications and reducing the time it takes to complete the application to submit to the Foreign Schools Team for review.
