**II. Description of Programs and Potential Disclosure of Information Claimed as Confidential Business Information to Contractors**

EPA's Office of Atmospheric Programs (OAP) has responsibility for protecting public health and the environment by addressing climate

change, protecting the ozone layer, and improving regional air quality. In response to the FY2008 Consolidated Appropriations Act (H.R. 2764; Pub. L. 110-161), EPA created the Greenhouse Gas Reporting Program (GHGRP), 40 CFR part 98 (Part 98), which requires reporting of greenhouse gas (GHG) data and other relevant information from large sources and suppliers in the United States. The purpose of Part 98 is to collect accurate and timely GHG data to inform future policy decisions. Some of the information submitted is designated or claimed to be CBI. Such information is handled in accordance with EPA's regulations in 40 CFR part 2, subpart B and in accordance with EPA procedures that are consistent with those regulations.

EPA has, at times, determined that it is necessary to disclose to EPA contractors and subcontractors certain information that has been designated or claimed as CBI. When this occurs, the corresponding contract must address the appropriate use and handling of the information by the contractor. In every instance, the contractor or subcontractor must require its personnel who need access to information designated or claimed as CBI to sign written agreements before they are granted access to the data. These agreements must provide that the contractor and its personnel "shall refrain from disclosing the information to anyone other than EPA without the prior written approval of each affected business or of an EPA legal office." Before providing CBI access to any contractor, EPA must also determine in writing that CBI disclosure to the contractor or subcontractor is necessary to carry out the work required by the contract or subcontract (40 CFR 2.301(h)(2)(i)).

In addition to contractors' requirement to sign written agreements prior to being granted access to CBI and EPA's requirement to determine in writing that CBI disclosure to contractors is necessary, EPA is also required to give notice in accordance with 40 CFR 2.301(h)(2)(iii). EPA has determined that the contractors, subcontractors, and grantees (collectively referred to as "contractors") listed below may require access to data submitted to EPA under the GHGRP that is designated or claimed as CBI. EPA is providing notice and an opportunity to comment and is issuing this **Federal Register** notice to inform all reporters of information under Part 98 that EPA may grant access to material that may be designated or claimed as CBI to the contractors identified below, as needed. EPA may also grant access to materials that may

be designated or claimed as CBI to any of the listed subcontractors, as needed, but does not necessarily anticipate granting access to all of the listed subcontractors. EPA will only grant CBI access to any listed contractors or subcontractors after fulfilling the requirements described above.

Under Contract Number EP-W-11-052, Task Order 0004, SAIC, 1710 SAIC Drive, McLean, VA 22102, and its subcontractor, Environ, 773 San Marin Drive, Suite 2115, Novato, CA 94998, provide technical support that requires access to information designated or claimed as CBI related to the GHGRP, including, but not limited to, 40 CFR part 98, subpart RR. Access to data, including information designated or claimed as CBI, will commence no sooner than November 6, 2012 and will continue until the termination of this contract. If the contract is extended, this access will continue for the remainder of the contract and any further extensions without further notice.

Access to data, including information designated or claimed as CBI, will commence no sooner than November 6, 2012 and will continue until the termination of this contract. If the contract is extended, this access will continue for the remainder of the contract and any further extensions without further notice.

Access to data, including information designated or claimed as CBI, will commence no sooner than November 6, 2012 and will continue until the termination of this contract. ### Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Wyoming

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's approval of the State of Wyoming's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

**DATES:** EPA's approval is effective October 26, 2012.

**FOR FURTHER INFORMATION CONTACT:** Evi Huffer, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1697, [huffer.evi@epa.gov](mailto:huffer.evi@epa.gov), or Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, [seeh.karen@epa.gov](mailto:seeh.karen@epa.gov).

**SUPPLEMENTARY INFORMATION:** On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On September 10, 2010, the Wyoming Department of Environmental Quality (WY DEQ) submitted an amended application titled "Environmental Information Technology Enterprise System" for revisions/modifications of its EPA-authorized programs under title 40 CFR. EPA reviewed WY DEQ's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Wyoming's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 51-52, 60-61, 63, 70, 72, 75, 258, 260, 262-265, 268, 270, and 280 is being published in the **Federal Register**:

Part 61—National Emissions Standards for Hazardous Air Pollutants;

Part 62—Approval and Promulgation of State Plans for Designated Facilities and Pollutants;

Part 63—National Emission Standards for Hazardous Air Pollutants for Source Categories;

Part 70—State Operating Permit Programs;

Part 72—Federal Operating Permits Programs;

Part 272—Approved State Hazardous Waste Management Programs; and

Part 281—Approval of State Underground Storage Tank Programs.

WY DEQ was notified of EPA's determination to approve its application with respect to the authorized programs listed above.
