Information Collections Open for Comment

Currently, we are seeking comments on the following TTB forms and recordkeeping requirements:

Title: Brewer's Report of Operations and Brewpub Report of Operations.

OMB Control Number: 1513-0007.

TTB Form Numbers: 5130.9 and 5130.26.

Abstract: The Internal Revenue Code (IRC) requires brewers to file periodic reports of their brewing and associated operations. TTB uses these reports to determine whether the brewer's operations are in compliance with the requirements of Federal law and regulations. We also use this information to assist us in determining whether the brewer pays the proper Federal excise taxes in a timely and accurate manner.

Current Actions: We are submitting this information collection as a revision. TTB is revising TTB F 5130.9, Brewers Report of Operations and TTB F 5130.26, Brewpub Report of Operations. We are revising these forms primarily to ease the regulatory burden on brewers, particularly small brewers, without compromising our mandates under the Internal Revenue Code of 1986. On both forms, TTB proposes to remove two parts, "Part 2—Report Period Tax Payments" and "Part 3—Summary of Materials Used and Wort Produced" and to add directions for filing electronically through the "Pay.gov" system to the Instructions section.

TTB also proposes to make additional changes to TTB F 5130.26 so that it is applicable to a majority of small brewers. For example, this quarterly form, which is considerably less detailed than TTB F 5130.9, is currently restricted to brewpubs who remove 5,000 barrels or less per calendar year and who do not bottle. The proposed changes to TTB F 5130.26 provide that all brewers producing less than 10,000 barrels per calendar year may use this form to report quarterly, and, as a result, we propose to change the name of this form from "Brewpub Report of Operations" to "Small Brewers Report."

We estimate these changes will reduce the time it takes brewers to complete either form by 15 minutes. We also believe that the changes to TTB F 5130.26 will significantly increase its

use, which would reduce a qualifying brewer's reporting requirements from 12 times a year to just 4. We estimate these changes will affect the estimated number of respondents and estimated total annual burden.

For more information on these and additional minor proposed changes to these two forms, see the TTB announcement posted on the beer page of the TTB Web site at <http://www.ttb.gov/beer/index.shtml>.

Type of Review: Revision of a currently approved collection.

The applicant certifies their intention to produce and/or store a specified amount of wine and to take certain precautions to protect it from unauthorized use. Abstract: TTB F 5150.19 is completed by persons who use specially denatured spirits in the manufacture of certain articles. TTB uses the information provided on the form to ensure the manufacturing formulas and processes conform to statutory requirements (see 26 U.S.C. 5273).

Current Actions: We are submitting this information collection as a revision. The information collection and

estimated number of respondents remain unchanged. However, the burden hours decreased slightly because this form is included in our Formulas Online (FONL) system which allows it to be submitted electronically. It takes less time to complete the form using FONL.

TTB F 5120.20 supports the exporter's claim for drawback, as the producing winery verifies that the wine being exported was in fact exported.

OMB Control Number: 1513–0104.

TTB Recordkeeping Number: 5120/11.

Abstract: TTB is responsible for the collection of the Federal excise tax on wines. Certain small wine producers are eligible for a credit which may be taken to reduce the tax they pay on wines removed from their own premises. In addition, small producers can authorize bonded warehouses, which store their wine and ship it on their instructions, to take the credit on their behalf. The transferee will use the information provided by the small producer under the regulations to take the appropriate credit on behalf of the small producer, and the producer will use this information to monitor its own tax payments to ensure it does not exceed the authorized annual credit. The information is used by taxpayers in preparing their returns and by TTB to verify tax computation.

Current Actions: We are submitting this information collection for extension purposes only. The information collection, estimated number of respondents, and estimated total annual burden hours remain unchanged.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit.
