SUPPLEMENTARY INFORMATION:

I. Abstract

Biodiversity Discovery refers to a variety of efforts to discover living organisms through public involvement. Examples include Bioblitzes and All Taxa Biodiversity Inventories (ATBIs). A Bioblitz is a field study where NPS and other scientists lead members of the public in an intensive 24-hour (or 48-hour) biological inventory to identify and record all species of living organisms in a given area. The term "Bioblitz" was coined by NPS naturalist Susan Rudy while assisting with the first Bioblitz at Kenilworth Aquatic Gardens in Washington DC in 1996. Approximately 1,000 species were identified at that event. The first All Taxa Biodiversity Inventory began in Great Smoky Mountains National Park in 1998 and is still ongoing. The effort has engaged hundreds of participants and resulted in the discovery of thousands of species, including many that are new records for the park. In addition to collecting taxonomic data, there appears to be important secondary benefits gained by visitors who have taken part in Biodiversity Discovery activities. A 2009 study found that such participants felt an increased sense of stewardship, a connection to the host park, and a better understanding about the species of concern after their Biodiversity Discovery experience. The information collected will provide NPS managers and planners with a greater understanding of public attitudes, preferences, and behaviors related to stewardship and resource conservation in their National Parks.

Certain Reduced Ignition Proclivity Cigarette Paper Wrappers and Products Containing Same; Request for Statements on the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the presiding administrative law judge (ALJ) has issued a Final Initial Determination and Recommended Determination on Remedy and Bonding (ID/RD) in the above-captioned investigation. The Commission is soliciting comments on public interest issues raised by the recommended relief, specifically a limited exclusion order directed to infringing products of any respondent that the Commission finds in violation of section 337, and a cease and desist order to any respondent

found to be in violation of section 337 and to have a commercially significant infringing inventory.

FOR FURTHER INFORMATION CONTACT:

James R. Holbein, Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. The public version of the ALJ's ID/RD will be accessible on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>, and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000.

SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that if the Commission finds a violation it shall exclude the articles concerned from the United States:

Unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry.

19 U.S.C. 1337(d)(1). A similar provision applies to cease and desist orders. 19 U.S.C. 1337(f)(1).

The Commission is interested in further development of the record on the public interest in these investigations. Accordingly, members of the public are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the administrative law judge's Recommended Determination on Remedy and Bonding issued in this investigation on February 1, 2012 (confidential version). Comments should address whether issuance of a limited exclusion order and cease and desist orders in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the

United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the recommended orders are used in the United States;

(ii) Identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;

(iii) Identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) Indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the recommended exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) Explain how any limited exclusion order and cease and desist order would impact consumers in the United States.

Written submissions must be filed no later than by close of business on March 2, 2012.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the investigation number ("Inv. No. 337-TA-756") in a prominent place on the cover page and/or the first page.
