This temporary restriction and temporary closure order will be posted at the Carson City District Office, 5665 Morgan Mill Road, Carson City, Nevada and at primary access points on BLM land into the burn areas. Maps of the closure areas are also available at the Carson City District Office.

On July 24, 2012, the BLM signed a Decision Record for the TRE and Preacher Fires, Emergency Action, Temporary Closures Environmental Assessment (EA) to implement these restrictions and closure. The EA analyzed these actions and is available to the public on the District Web site at [http://www.blm.gov/nv/st/en/fo/carson\\_city\\_field/blm\\_information/](http://www.blm.gov/nv/st/en/fo/carson_city_field/blm_information/)

[nepa/nepa\\_archives.html](http://nepa/nepa_archives.html). Temporarily restricting vehicle use to posted roads and two-track trails and temporarily closing the areas to wood collecting and cutting will improve post-fire recovery and rehabilitation of the TRE and Preacher fires burn areas. To meet the goals for post-fire rehabilitation, restrictions and closures need to be in effect for at least two growing seasons, ensuring sufficient regrowth of perennial plants and adequate stabilization of soils.

Motorized vehicle use within the burn areas will be restricted to existing posted roads and two-track trails. The BLM will post roads and two-track trails open to use during this period. This restriction applies to all motorized vehicles, excluding:

(1) Any emergency or law enforcement vehicle while being used for emergency or administrative purposes; and

(2) Any vehicle whose use is expressly authorized in writing by the manager, Sierra Front Field Office.

Closing the areas to wood harvesting and/or tree cutting is necessary because the BLM uses the burned trees to create erosion breaks. This restriction applies to all persons excluding:

(1) BLM personnel; and

(2) Any person who is expressly authorized in writing by the manager, Sierra Front Field Office.

If satisfactory rehabilitation is achieved prior to December 4, 2014, the temporary restriction and temporary closure will be lifted. If the rehabilitation has not met the established benchmarks for success in the TRE and Preacher fires rehabilitation, the BLM will consider reissuing a temporary order.

**Penalties:** Any person who fails to comply with the restriction order is subject to arrest and, upon conviction, may be fined not more than \$1,000 and/or imprisonment for not more than 12 months.

**Authority:** 43 CFR 8364.1.

#### Designation of Potential Wilderness as Wilderness, Point Reyes National Seashore

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** This notice informs the public that all uses in Point Reyes National Seashore that are prohibited by the Wilderness Act (Pub. L. 88-577) have ceased and certain Federal lands that were previously designated as potential

wilderness are, upon publication of this notice, designated as wilderness.

**DATES:** The designation is effective December 4, 2012.

**SUPPLEMENTARY INFORMATION:** Public Law 94-567, approved October 20, 1976, designated 25,370 acres in Point Reyes National Seashore as wilderness and further identified 8,003 acres as potential wilderness additions in maps entitled "Wilderness Plan, Point Reyes National Seashore", numbered 612-90,000-B and dated September 1976. The maps showing the wilderness area and potential wilderness additions are on file at the headquarters of Point Reyes National Seashore, Point Reyes Station, CA 94956. Although Section 1 of Public Law 94-567 identified the number of acres of wilderness and potential wilderness, the maps filed with the committee as required under Section 2 of the legislation confirms that the actual acreage of the lands and

waters was 24,200 acres of wilderness and 8,530 acres of potential wilderness.

Section 3 of Public Law 94-567 provided a process whereby potential wilderness additions within the Point Reyes National Seashore would convert to designated wilderness upon publication in the **Federal Register** of a notice that all uses of the land prohibited by the Wilderness Act (Pub. L. 88-577) have ceased. On November 18, 1999, a notice was published in the **Federal Register** that 1,752 acres of potential wilderness had converted to designated wilderness as a result of the cessation of prohibited uses. 64 FR 63057.

Public Law 94-567 identified much of Drakes Estero as potential wilderness, and not as designated wilderness, due to the presence of a commercial shellfish operation in the estero. The authorizations for the commercial shellfish business operating in Drakes Estero expire on November 30, 2012.
