SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68329; File No. SR-BYX-2012-022]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Expand the Availability of Risk Management Tools

November 30, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 19, 2012, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and

III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange filed with the Commission a proposal [sic] codify the availability of a Risk Management Tool (the "Tool") currently made available in connection with sponsored access and to expand the availability of the Tool to all Exchange Members.³ The Tool is currently available only to Members that provide sponsored access to other market participants, as described below.

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange defines a "Sponsored Participant" as a person who has entered into a sponsorship arrangement with a Sponsoring Member.⁴ A "Sponsoring Member" is defined as a broker-dealer that is a Member of the Exchange and has been designated by a Sponsored Participant to execute, clear and settle transactions occurring on the Exchange.⁵ Under BYX Rule 11.3(b), a Sponsoring Member may allow its customers to enter orders directly into the trading systems of the Exchange as Sponsored Participants, without the

³ A Member is any registered broker or dealer that has been admitted to membership in the Exchange.

⁴ See BYX Rule 1.5(w).

⁵ See BYX Rule 1.5(x).

⁸ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Sponsoring Member acting as an intermediary.

To facilitate the ability of a Sponsoring Member to monitor and oversee the sponsored access activity of its Sponsored Participants, the Exchange offers the Sponsored Access Risk Management Tool.⁶ This optional service acts as a risk filter by causing the orders of Sponsored Participants to be evaluated by the Tool prior to entering the Exchange's matching engine for execution. When a Sponsored Participant's order is evaluated by the Tool, it determines whether the order complies with the order criteria established by the Sponsoring Member for that Sponsored Participant. The order criteria pertain to such matters as the size of the order (e.g., maximum notional value per order and maximum shares per order), the order type (e.g., pre-market, post-market, short sales and ISOs), restricted securities, easy to borrow securities, and order cut-off (e.g., block new orders and cancel all open orders).

Given recent market events, the Exchange proposes to expand the availability of the Tool to all Members. As amended, the Tool can be configured by a Member to provide an Exchange offered risk management solution. Just as the use of the Tool by a Sponsoring Member does not automatically constitute compliance with Exchange Rules, the Exchange does not believe that use of the Tool can replace Member-managed risk management solutions. However, the Exchange does believe that the Tool can be a valuable addition to risk management solutions implemented by Members.

As is currently the case, orders subject to the Tool will be validated by the Exchange prior to entering the Exchange's matching engine. Based on parameters provided to the Tool, the order will be immediately passed on to the matching engine or rejected back to the entering Member.

The Exchange does not propose to require Members to use the Tool. Members are free to use any appropriate risk-management tool or service. The Exchange will not provide preferential treatment to Members using the Tool.

The Exchange proposes to make the Tool available to its Members upon request. The Exchange believes the Tool

will offer the Exchange's Members another option in the efficient risk management of its Members' access to BYX.

2. Statutory Basis

The rule change proposed in this submission is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁷ Specifically, the proposed change is consistent with Section 6(b)(5) of the Act,⁸ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)⁹ in that it seeks to assure economically efficient execution of securities transactions, make it practicable for brokers to execute investors' orders in the best market, and provide an opportunity for investors' orders to be executed without the participation of a dealer. Specifically, the Exchange believes that the proposed rule change is consistent with all of the aforementioned principles because it fosters competition by providing another option in the efficient risk management of trading on the Exchange. The Exchange notes that a similar functionality has already been found to be consistent with the Act by the Commission.¹⁰

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public

interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)(iii) thereunder.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-BYX-2012-022 on the subject line.

Paper Comments
