

Interchange to the I-10/SR202L Santan Freeway System Interchange. The study area also included the segment of I-17 from the I-10/I-17 System Interchange west to 9th Avenue, SR 143 from Broadway Road north to the south bank of the Salt River, and US 60 from the I-10/US60 System Interchange east to Hardy Drive.

A No-Build Alternative and Build Alternative were being considered in the EIS for the Design Year 2030. The No-Build Alternative served as the baseline for the analysis conducted under the National Environmental Policy Act (NEPA). The proposed Build Alternative involved a combination of freeway widening and the construction of separate express and local lanes along I-10.

The construction of separate express and local lanes on I-10 between Buckeye and Baseline Roads is included in the Regional Transportation Plan (RTP) and Transportation Improvement Plan (TIP) adopted by the Maricopa Association of Governments (MAG) Regional Council. However, MAG is considering modifications to some of the transportation improvements that are presently programmed in the RTP and TIP, including the express and local lanes on I-10 between Buckeye and Baseline Roads. As such, the preparation of the EIS for the I-10 Corridor Improvement Study is being terminated. Any future transportation improvements in the I-10 Corridor will be determined through the funding and project reprioritization by MAG, and any future actions will progress under a separate environmental review process, in accordance with all applicable laws and regulations.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

Exemption Decision

This notice addresses 11 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 11 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Rick A. Benevides (MA)
 Robert W. Brown (PA)
 David D. Bungori, Jr. (MD)
 Robert J. Clarke (NY)
 David R. Cox (OR)
 Charles M. Dunn (AL)
 Victor B. Hawks (VA)
 Gary T. Hicks (NC)
 Robert T. Hill (AL)
 John C. McLaughlin (SD)
 Larry D. Wedekind (TX)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 11 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (64 FR 54948; 65 FR 159; 65 FR 20246; 65 FR 45817; 65 FR 57230; 65 FR 77066; 66 FR 66969; 67 FR 46018; 67 FR 57267; 67 FR 71610; 69 FR 51346; 69 FR 53493; 69 FR 62742; 69 FR 64810; 69 FR 8260; 71 FR 19604; 71 FR 50970; 71 FR 62147; 71 FR 66217; 72 FR 185; 73 FR 36954; 73-46973; 73 FR 51689; 73 FR 54889; 73 FR 63047; 73 FR 75806; 73 FR 75807; 75 FR 34209; 75 FR 47886; 75 FR 50799; 75 FR 64396; 75 FR 77951). Each of these 11 applicants has requested renewal of the exemption and

has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements.

These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by January 16, 2013.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 11 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49

U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

Issued on: November 29, 2012.

Associate Administrator for Policy.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemptions; request for comments.

SUMMARY: FMCSA announces receipt of applications from 9 individuals for exemption from the vision requirement in the Federal Motor Carrier Safety Regulations. They are unable to meet the vision requirement in one eye for various reasons.
