

Anne Cornell and G. Ware Cornell, Jr., hereinafter "Complainants," against Princess Cruise Lines, Ltd (Corp), Carnival plc, and Carnival Corporation hereinafter "Respondents."

Complainant alleges that: Respondent Princess Cruise Lines, Ltd (Corp) "is a California corporation which operates pursuant to the Shipping Act of 1984 as a common carrier for hire of passengers from ports in the United States;" Respondent Carnival plc "is a corporation established under the laws of the United Kingdom which does business under the names of Cunard Line, P&O Cruises, and P&O Cruises Australia as a common carrier for hire of passengers from ports in the United States;" and Respondent Carnival Corporation "is the parent corporation of Princes and Carnival plc as well as other cruise lines which operate as common carriers for hire from ports in the United States."

Complainant alleges that Respondents, by banning Complainants from traveling on ships operated by Princess and Carnival plc and failing to refund a deposit, violated 46 U.S.C. 41104(10) which provides that "[a] common carrier, either alone or in conjunction with any other person, directly or indirectly, may not * * * (10) unreasonably refuse to deal or negotiate * * *"

Complainant requests that "the Commission issue appropriate relief, including, but not limited to, entry of a final order enjoining the refusal to deal policy as to Lisa Cornell and Ware Cornell, entry of final order restoring all economic losses as set forth herein in the amount of \$33,1000.00 and a award of fees and costs of action."

The full text of the complaint can be found in the Commission's Electronic Reading Room at www.fmc.gov.

This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding officer in this proceeding shall be issued by February 10, 2014 and the final decision of the Commission shall be issued by June 9, 2014.

Karen V. Gregory,
Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier: HHS-OS-18774-60D]

Agency Information Collection Activities; Proposed Collection; Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, announces plans to submit a new Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting that ICR to OMB, OS seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on the ICR must be received on or before April 15, 2013.

ADDRESSES: Submit your comments to Information.CollectionClearance@hhs.gov or by calling (202) 690-6162.

FOR FURTHER INFORMATION CONTACT: Information Collection Clearance staff, Information.CollectionClearance@hhs.gov or (202) 690-6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the document identifier HHS-OS-18774-60D for reference. Information Collection Request Title: Survey of Physician Time Use Patterns under the Medicare Fee Schedule.

Abstract: This information collection is a survey of physician providers in five specialties (internal medicine, radiology, cardiology, ophthalmology, and orthopedics) to gather information

on the clinical time spent in providing selected services as well as related information on the physician's practice.

Need and Proposed Use of the Information: The Office of the Assistant Secretary for Planning and Evaluation is currently conducting a number of studies aimed at producing evidence that will help to improve the accuracy of the Medicare Physician Fee Schedule. Under the Medicare Physician Fee Schedule, payments are based in part on the relative amount of physician work associated with each service. For a number of reasons, payment differentials for Evaluation and Management services relative to procedures, rather than narrowing, have continued to widen over time. While the fee schedule's relative values are updated to reflect changes in medical practice, technology and physician productivity, some have questioned whether the current process adequately reflects these changes. The intended data collection effort would be used to gather information on the time data that is used as an input in the fee schedule. Analyses show that even though work is defined as both time and intensity, final work values are highly correlated with the time measure, with time explaining between 80 and 90 percent of the inter-service variance in work. However, several studies suggest potential flaws in estimates of time associated with pre-, post- and intra-service work, demonstrating that the time estimates used for many services exceed actual times when objectively measured through, for example, operating room logs. The survey data will be used to inform several gaps in knowledge critical to improving the accuracy of the fee schedule, including (i) the strength of the correlation between physician-reported clinical time and fee-schedule time values for surveyed services; (ii) how consistent the relationships are across services and across specialties; (iii) whether the relationships vary across physicians in different types of practice settings, and (iv) whether this approach to gathering time data is feasible and could be scaled up for a larger effort. Likely Respondents: Practicing physicians in 5 specialties.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train
