

IV. Paperwork Reduction Act

The interim rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

V. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense (DoD), the Administrator of General Services (GSA), and the Administrator of the National Aeronautics and Space Administration (NASA) that urgent and compelling reasons exist to promulgate this interim rule without prior opportunity for public comment. This action is necessary because section 515 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2012 (Pub. L. 112–81) was enacted on December 31, 2011, and was effective upon enactment. Section 515 provided the legal basis for declaration of contingency operations and the exercise of related procurement flexibilities in support of Hurricane Sandy relief in October 2012. It remains necessary to implement the statute by revising the definition of “contingency operation” in FAR 2.101 to ensure regulatory conformance with statute. However, pursuant to 41 U.S.C. 1707 and FAR 1.501–3(b), DoD, GSA, and NASA will consider public comments received in response to this interim rule in the formation of the final rule.

Federal Acquisition Regulation; Changes to Time-and-Materials and Labor-Hour Contracts and Orders

AGENCY: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: DoD, GSA, and NASA are issuing a final rule amending the Federal Acquisition Regulation (FAR) to provide additional guidance when raising the ceiling price or otherwise changing the scope of work for a time-and-materials (T&M) or labor-hour (LH) contract or order.

DATES: Effective April 1, 2013.

FOR FURTHER INFORMATION CONTACT: Mr. Michael O. Jackson, Procurement Analyst, at 202–208–4949, for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat at 202–501–4755. Please cite FAC 2005–66, FAR Case 2011–025.

SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA published a proposed rule in the *Federal Register* at 77 FR 43780 on July 26, 2012, to address actions required when raising the ceiling price or otherwise changing the general scope of a T&M or LH contract or order. One respondent submitted a comment on the proposed rule.

II. Discussion and Analysis

The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (the Councils) reviewed the public comment in the development of the final rule. The comment submitted agreed with the intent of the rule and praised it as a helpful change. The final rule is published without change from the proposed rule.

III. Executive Order 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The Office of Information and Regulatory Affairs (OIRA) has deemed that this is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993, and that this rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

DoD, GSA, and NASA have prepared a Final Regulatory Flexibility Analysis (FRFA) consistent with the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* The FRFA is summarized as follows:

In finalizing FAR rule 2009–043 Time-and-Materials and Labor-Hour Contracts for Commercial Items it became apparent that the guidance in the FAR on raising the ceiling price for a T&M or LH contract or order was not clear or consistent throughout the FAR. This case was opened to clarify the procedures necessary to raise the ceiling price of a T&M or LH contract or order.

No significant issues were raised by the public and no changes were made to the proposed rule.

No comments were submitted by the Chief Counsel for Advocacy of the Small Business Administration.

This rule deals with the administration of T&M and LH contracts and orders and will have no direct effect on contractors. In FY2011 the Federal Government awarded 23,023 T&M and LH contracts or orders of which 6,315 went to small businesses. This rule will not affect how many small businesses are awarded this type of contract.

This rule does not add any new information collection requirements.

Interested parties may obtain a copy of the FRFA from the Regulatory Secretariat. The Regulatory Secretariat

has submitted a copy of the FRFA to the Chief Counsel for Advocacy of the Small Business Administration.

V. Paperwork Reduction Act

The final rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
