RIN 9000–AM47

Federal Acquisition Regulation; Extension of Authority for Use of Simplified Acquisition Procedures for Certain Commercial Items

AGENCY: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: DoD, GSA, and NASA are issuing a final rule amending the

Federal Acquisition Regulation (FAR) to implement section 822 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013. Section 822 extends the authority of the Commercial Item Test Program at FAR subpart 13.5 to January 1, 2015.

DATES: *Effective* February 28, 2013.

FOR FURTHER INFORMATION CONTACT: Mr. Michael O. Jackson, Procurement Analyst, at 202–208–4949, for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat at 202–501–4755. Please cite FAC 2005–66, FAR Case 2013–007.

SUPPLEMENTARY INFORMATION:

I. Background

This final rule amends the FAR to revise section 13.500(d) to implement section 822 of the NDAA for FY 2013, Public Law 112–239. Section 822 of the NDAA for FY 2013 strikes out “2012” in subsection (e) of section 4202 of the Clinger-Cohen Act of 1996 (division D of Public Law 104–106; 110 Stat. 652; 10 U.S.C. 2304 note) and inserts “2015”. FAR subpart 13.5 authorizes as a test program, the use of simplified procedures for the acquisition of certain commercial items in amounts greater than the simplified acquisition threshold, but not exceeding \$6.5 million (\$12 million for acquisitions described in FAR 13.500(e)) including options, if the contracting officer can reasonably expect that offers will include only commercial items. This final rule extends the sunset date of the authority at FAR 13.500(d) from January 1, 2012, to January 1, 2015.

II. Decision To Issue a Final Rule

“Publication of proposed regulations”, 41 U.S.C. 1707, is the statute which applies to the publication of the Federal Acquisition Regulation. Paragraph (a)(1) of the statute requires that a procurement policy, regulation, procedure or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because this case implements section 822 of the NDAA for FY 2013, which merely extends the end date of the Commercial Item Test Program from January 1, 2012, to January 1, 2015.

III. Executive Order 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The Office of Information and Regulatory Affairs (OIRA) has deemed that this is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993, and that this rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule because this final rule does not require publication for public comment.

V. Paperwork Reduction Act

The final rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
