RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Voluntary Customer Surveys in Accordance with E.O. 12862; OMB 3220–0192.

In accordance with Executive Order 12862, the Railroad Retirement Board (RRB) conducts a number of customer surveys designed to determine the kinds and quality of services our beneficiaries, claimants, employers and members of the public want and expect, as well as their satisfaction with existing RRB services. The information collected is used by RRB management to monitor customer satisfaction by determining to what extent services are satisfactory and where and to what extent services can be improved. The surveys are limited to data collections that solicit strictly voluntary opinions, and do not collect information which is required or regulated. The information collection, which was first approved by the Office of Management and Budget (OMB) in 1997, provides the RRB with a generic clearance authority. This generic authority allows the RRB to submit a variety of new or revised customer

survey instruments (needed to timely implement customer monitoring activities) to the Office of Management and Budget (OMB) for expedited review and approval.

The average burden per response for customer satisfaction activities is estimated to range from 2 minutes for a Web site questionnaire to 2 hours for participation in a focus group. The RRB estimates an annual burden of 1,750 annual respondents totaling 735 hours for the generic customer survey clearance.

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, contact Dana Hickman at (312) 751-4981 or Dana.Hickman@RRB.GOV. Comments regarding the information collection should be addressed to Charles Mierzwa, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092 or emailed to Charles.Mierzwa@RRB.GOV. Written comments should be received within 60 days of this notice.

Chief of Information Resources Management.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68975; File No. SR-BYX-2013-008]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing of Proposed Rule Change Amending the Attestation Requirement of Rule 11.24 Allowing a Retail Member Organization To Attest That “Substantially All” Orders Submitted to The Retail Price Improvement Program Will Qualify as “Retail Orders”

February 25, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 12, 2013, BATS Y-Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is proposing to amend the attestation requirement of BYX Rule 11.24 to allow a Retail Member Organization³ (“RMO”) to attest that “substantially all” orders submitted to the Retail Price Improvement Program (the “Program”) will qualify as Retail Orders.⁴ BYX Rule 11.24(b)(2)(C) currently requires RMOs to attest that “any order” will so qualify, effectively preventing certain significant retail brokers from participating in the Program due to operational constraints.

The text of the proposed rule change is available at the Exchange’s Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing an amendment to BYX Rule 11.24 to provide that an RMO may attest that “substantially all” of the orders it submits to the Program are Retail Orders, replacing the requirement that the RMO must attest that all submitted orders qualify as Retail Orders. Currently, under BYX Rule

11.24(b)(2)(C), a Member⁵ wishing to become an RMO must submit: (A) An application form; (B) supporting documentation; and (C) an attestation that “any order” submitted as a Retail Order will qualify as such under BYX Rule 11.24.

The Exchange believes that the categorical nature of the current attestation language is preventing certain Members with retail customers from participating in the Program. In particular, the Exchange understands that some Members wishing to participate in the Program represent both Retail Orders as well as other agency flow that may not meet the strict definition of “Retail Order.” The Exchange further understands that limitations in order management systems and routing networks used by such Members may make it infeasible for them to isolate 100% of Retail Orders from other agency, non-Retail Order flow that they would direct to the Program. Unable to make the categorical attestation required by the current language of BYX Rule 11.24, some Members have chosen not to participate, notwithstanding that substantially all order flow from such Members would be Retail Orders. This limitation has the effect of preventing their retail customers from benefiting from the enhanced price competition and transparency of the Program.

Accordingly, the Exchange is proposing a de minimis relaxation of the RMO attestation requirement in order to accommodate these system limitations and expand the access of retail customers to the benefits of the Program. Specifically, as proposed, an RMO would be permitted to send de minimis quantities of agency orders to the Exchange as Retail Orders that cannot be explicitly attested to under existing definitions of the Program.

The Exchange will issue notice to its Members to make clear that the “substantially all” language is meant to permit the presence of only isolated and de minimis quantities of agency orders that do not qualify as Retail Orders that cannot be segregated from Retail Orders due to systems limitations. In this regard, an RMO would need to retain, in its books and records, adequate substantiation that substantially all orders sent to the Exchange as Retail Orders met the strict definition and that those orders not meeting the strict definition are agency orders that cannot be segregated from Retail Orders due to system limitations, and are de minimis

³ A Retail Member Organization is a Member (or a division thereof) that has been approved by the Exchange under BATS Rule 11.24 to submit Retail Orders.

⁴ A Retail Order is an agency order that originates from a natural person and is submitted to the Exchange by a RMO, provided that no change is made to the terms of the order with respect to price or side of market and the order does not originate from a trading algorithm or any computerized methodology.
