

necessary distinctions between the two organizations. Moreover, the proposed rule changes will impose restrictions designed to prevent inappropriate information sharing by and between members and member firm employees on the Trading Floor of the Exchange and the IFUS Traders in the proposed IFUS Trading area. The Exchange believes that updating the references in the Exchange rules to reflect the correct use of the Exchange Trading Floor may help eliminate potential confusion among investors and other market participants on the Exchange who may not be aware of which portion of the trading space will be used as the Trading Floor.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the Proposal will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal is designed to promote competition by providing the Exchange the additional flexibility to maximize the use of its trading floor space.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁴ and Rule 19b-4(f)(6) thereunder.¹⁵ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant

to Rule 19b4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁸ of the Act to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fees Schedule

February 27, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 20, 2013, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule with regard to the data reports it provides to Trading Permit Holders ("TPHs"), Options Clearing Company ("OCC") firms and other interested parties at their requests. These persons and organizations often approach the Exchange and request that the Exchange prepare and provide various reports regarding their trading activity. The production of these reports sometimes requires that CBOE employees put in a significant amount of time and work to write and develop the programs necessary to be able to run or generate such reports. Currently, the Fees Schedule merely states that "Ad Hoc Information Services Requests" are provided at production costs, that ORS Analysis, Floor Efficiency Project or Market Penetration Reports are assessed a monthly fee of \$100, and that ABIL Brokerage Billing are assessed a fee of \$0.005 per contract (on a monthly basis, with a minimum of \$50 and a maximum of \$200 per month). The Exchange proposes to eliminate these statements and replace them with a more comprehensive, consistent and standard structure regarding the provision of Exchange data reports (including those being deleted).

The Exchange proposes to establish three different tiers of data report requests. The first, most basic tier (referred to as "C Level" requests) will regard requests for standard reports regularly generated and run by the Exchange and made available on a daily, weekly or monthly basis (for example, Monthly LP Scorecard, Daily Firm Report, etc.) that do not require historical data generation,

customization beyond a standard format (PDF, HTML, etc.) or distribution frequency (daily, weekly, monthly, etc.), or specialized development. There will be no cost for such requests, regardless of whether they are one-time, initial, or daily, weekly, or monthly requests.

The second tier (referred to as "B Level" requests) will regard initial report requests (or enhancements to existing report subscriptions) that require less than one (1) man-hour to develop and/or generate. The [sic] will be no cost for such requests. The third tier (referred to as "A Level" requests) will regard initial report requests (or enhancements to existing subscriptions) that require one (1) or more man-hours to develop and/or generate. The cost for such requests will be \$100 for first 5 man-hours and \$100 per hour for each additional man-hour. Fees for reports will be estimated in advance and such estimates will be provided to the requester. If the estimate changes once creation of the report begins, a revised estimate will be provided to the requester. For parties requesting to receive B or A Level reports on a recurring basis, subscriptions to such reports will be provided at a cost of \$100 per month for monthly reports and \$200 per month for daily or weekly reports.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.³ Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁴ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities. The Exchange believes that the proposed new fee structure for data reports is reasonable because it is designed to reflect the Exchange's costs in creating such reports. The Exchange believes that the proposed new fee structure for data reports is equitable and not unfairly discriminatory because it will apply to all requesting parties equally. The Exchange believes it is equitable and not unfairly discriminatory to assess no fees for C Level reports because these are standard reports that do not require specific development, customization or generation. The Exchange believes that it is equitable and not unfairly

discriminatory to assess no fees for initial B Level requests because these reports do not require very much (less than one man-hour) work on the Exchange's part to create and produce. The Exchange believes that it is equitable and not unfairly discriminatory to assess a fee of \$100 for the first five man-hours of work for A Level requests because these reports take at least one man-hour of work on the Exchange's part to develop and generate and the Exchange must begin to recoup the costs of such work, while still desiring to be able to provide requesting market participants with a reasonable amount of information to assist them. The Exchange believes that it is equitable and not unfairly discriminatory to assess a fee of \$100 per man-hour above five hours for A Level requests because such requests can take up a significant amount of Exchange resources and at this point the Exchange must begin to be more fully-compensated for dedicating resources to these tasks. The Exchange believes that it is equitable and not unfairly discriminatory to assess subscription fees for requests for information on a more regular basis (as opposed to re-assessing the initial fees) because the development for such work has already been done.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed fees structure will impose an unnecessary burden on intramarket competition because it will apply equally to all requesting parties. The Exchange does not believe that the proposed fees structure will impose an unnecessary burden on intermarket competition because the Exchange is providing reports specific to activity on CBOE, and other exchanges may provide reports specific to activity on those exchanges, and the costs for development, generation and production of such reports may be different on those exchanges. Further, to the extent that the proposed fees structure for data reports may attract market participants on other exchanges to CBOE, such market participants can always elect to become CBOE market participants [sic].

⁴ 15 U.S.C. 78f(b)(4).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and paragraph (f) of Rule 19b-4⁶ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
