

EP2i includes precool, defrost, and recovery time for compartment i, as well as sufficient dual compressor steady state run cycles to allow T2i to be at least 24 hours. The test period shall start at the end of a regular freezer compressor on-cycle after the previous defrost occurrence (refrigerator or freezer). The test period also includes the target defrost and following regular freezer compressor cycles, ending at the end of a regular freezer compressor oncycle before the next defrost occurrence (refrigerator or freezer). If the previous condition does not meet 24 hours time, additional EP1 steady state segment data could be included. Steady state run cycle data can be utilized in EP1 and EP2i.

#### Test Measurement Frequency

Measurements shall be taken at regular interval not exceeding 1 minute.

For the reasons that DOE described in its granting of waiver and interim waiver for Sub-Zero and LG for refrigerator-freezers with shared dual compressors, Samsung believes that the expeditious granting of Waiver and Interim Waiver for the model listed below is warranted:

RF32FM

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2009-0494; FRL 9527-7]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Tips and Complaints Regarding Environmental Violations (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency has submitted an information collection request (ICR), "Tips and Complaints Regarding Environmental Violations (Renewal)" (EPA ICR No. 2219.04, OMB Control No. 2020-0032) to the Office of Management and Budget

(OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through March 31, 2013. Public comments were previously requested via the **Federal Register** (77 FR 69451) on November 19, 2012 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before April 12, 2013.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2009-0494 to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

#### FOR FURTHER INFORMATION CONTACT:

Michael Le Desma; Legal Counsel Division; Office of Criminal Enforcement, Forensics, and Training; Environmental Protection Agency, Building 25, Box 25227, Denver Federal Center, Denver, CO 80025; telephone number: (303) 462-9453; fax number: (303) 462-9075; email address: [ledesma.michael@epa.gov](mailto:ledesma.michael@epa.gov).

#### SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

**Abstract:** EPA tips and complaints web form is intended to provide an easy

and convenient means by which members of the public can supply information to EPA regarding suspected violations of environmental law. The decision to provide a tip or complaint is entirely voluntary and use of the web form when supplying a tip or complaint is also entirely voluntary. Tippers need not supply contact information or other personal identifiers. Those who do supply such information, however, should know that this information may be shared by EPA with appropriate administrative, law enforcement, and judicial entities engaged in investigating or adjudicating the tip or complaint.

**Form Numbers:** None.

**Respondents/affected entities:**

Anyone wishing to file a tip or complaint.

**Respondent's obligation to respond:** Voluntary.

**Estimated number of respondents:** 9,202 (total).

**Frequency of response:** Occasionally.

**Total estimated burden:** 4,601 hours (per year). Burden is defined at 5 CFR 1320.03(b).

**Total estimated cost:** \$100,026 (per year), which includes no annualized capital or operation & maintenance costs.

**Changes in the Estimates:** There is an increase of 821 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This increase reflects the fact that tips and complaints are being filed at a higher rate than originally anticipated, a strong indication of the success of this program. There has been no change in the information being reported or the estimated burden per respondent.

**John Moses,**

Director, Collection Strategies Division.

### Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; NESHAP for Mercury Cell Chlor-Alkali Plants (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request

(ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR which is abstracted below describes the nature of the collection and the estimated burden and cost.

**DATES:** Additional comments may be submitted on or before April 12, 2013.

**ADDRESSES:** Submit your comments, referencing docket ID number EPA-HQ-OECA-2012-0691, to: (1) EPA online, using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by email to: [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center (EPA/DC), Environmental Protection Agency, Enforcement and Compliance Docket and Information Center, mail code 28221T, 1200 Pennsylvania Avenue NW., Washington, DC 20460; and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

**FOR FURTHER INFORMATION CONTACT:**

Learia Williams, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 564-4113; fax number: (202) 564-0050; email address: [williams.learia@epa.gov](mailto:williams.learia@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On October 17, 2012 (77 FR 63813), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to both EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under docket ID number EPA-HQ-OECA-2012-0691, which is available for either public viewing online at <http://www.regulations.gov>, or in person viewing at the Enforcement and Compliance Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket is (202) 566-1752.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>

to either submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, Confidentiality of Business Information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to [www.regulations.gov](http://www.regulations.gov).

**Title:** NESHAP for Mercury Cell Chlor-Alkali Plants (Renewal).

**ICR Numbers:** EPA ICR Number 2046.07, OMB Control Number 2060-0542.

**ICR Status:** This ICR is scheduled to expire on May 31, 2013. Under OMB regulations, the Agency may continue to either conduct or sponsor the collection of information while this submission is pending at OMB.

**Abstract:** The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 63, subpart IIII.

Owners or operators of the affected facilities must submit an initial notification report, performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports are required semi-annually at a minimum.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 921 hours per response. "Burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously-applicable instructions and requirements which have subsequently changed; train personnel

to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:**

Owners or operators of mercury cell chlor-alkali plants.

**Estimated Number of Respondents:** Two.

**Frequency of Response:** Initially, daily, monthly, quarterly, and semiannually.

**Estimated Total Annual Hour Burden:** 3,682.

**Estimated Total Annual Cost:** \$372,952, which includes \$356,552 in labor costs, no capital/startup costs, and \$16,400 in operation and maintenance (O&M) costs.

**Changes in the Estimates:** There is an adjustment decrease in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. The decrease in labor hours and costs is due to fewer sources being subject to the standards, and is not due to any program changes. The previous ICR estimated that nine mercury cell chlor-alkali facilities were subject to the NESHAP. In 2010, EPA conducted an industry analysis in support of a proposed rule revision, which indicated that there has been a decrease in the respondent universe, and that only four facilities were subject to the rule at the time. In consulting with the Chlorine Institute for this current ICR, it was found that only two facilities are in operation in 2013 due to recent plant closures. Therefore, the total number of sources was decreased from nine to two. The decrease in the number of sources also results in a decrease in the total O&M costs.

Respondent and Agency burden calculations presented in the previous ICR estimated individual technical, managerial, and clerical labor hours separately for each burden item. To make the calculation methodology consistent with other ICRs, we have revised the burden tables to show estimates of technical labor hour per occurrence for each burden activity. Managerial and clerical labor hours for each burden item are assumed to account for an additional 5 and 10 percent, respectively, of estimated technical labor hours.
