Friday, September 20, 2013	Manila • B2B Meetings. • ADB Briefing (optional). • Farewell Reception.
Saturday, September 21, 2013	Manila • ADB Briefing (Alternative Time), Site Visits or Departure.

Participation Requirements

All parties interested in participating in the trade mission must complete and submit an application package for consideration by the Department of Commerce. All applicants will be evaluated, on a rolling basis, on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. A minimum of 10 and maximum of 20 companies will be selected to participate in the mission from the applicant pool.

Fees And Expenses

After a company or organization has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. The participation fee for the Trade Mission is \$4,023 for a small or medium-sized firm (SME),¹ and \$5,210 for large firms. The fee for each additional firm representative (large firm or SME/trade organization) \$1,500. Expenses for travel, lodging, meals, and incidentals will be the responsibility of each mission participant. Delegation members will be able to take advantage of U.S. Embassy rates for hotel rooms.

Exclusions

The mission fee does not include any personal travel expenses such as lodging, most meals, local ground transportation, except as stated in the proposed timetable, and air transportation from the U.S. to the mission sites and return to the United States. Business visas may be required. Government fees and processing expenses to obtain such visas are also not included in the mission costs. However, the U.S. Department of Commerce will provide instructions to each participant on the procedures required to obtain necessary business visas.

¹ An SME is defined as a firm with 500 or fewer employees or that otherwise qualifies as a small business under SBA regulations (see <http://www.sba.gov/services/contracting opportunities/sizestandardstoc/index.html>). Parent companies, affiliates, and subsidiaries will be considered when determining business size. The dual pricing reflects the Commercial Service's user fee schedule that became effective May 1, 2008 (see <http://www.export.gov/newsletter/march2008/initiatives.html> for additional information).

Conditions of Participation

Targeted mission participants are U.S. companies actively engaged in the energy efficiency, clean energy, and environmental sectors. Primary emphasis will be placed on export-ready companies that are seeking to do business actively in these markets for the first time.

Certification of products and/or services being manufactured or produced in the United States or if manufactured/produced outside of the United States, the product/service is marketed under the name of a U.S. firm and have U.S. content representing at least 51 percent of the value of the finished good or service.

The following criteria will be evaluated in selecting participants:

- Relevance of the company's business to the mission goals;
 - Market potential for business in the Malaysia, Thailand, Philippines, and ADB markets;
 - Provision of adequate information on the company's products and/or services, and communication of the company's primary objectives;
 - Timeliness of the company's completed application and participation agreement signed by a company officer;
- Diversity of company size and location may also be considered during the review process.

Referrals from political organizations and any documents containing references to partisan political activities (including political contributions) will be removed from an applicant's submission and not considered during the selection process.

Timeline for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other Internet web sites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and

conclude no later than August 23, 2013. The U.S. Department of Commerce will review applications and make selection decisions on a rolling basis beginning March 12, 2013. Applications received after August 23, 2013 will be considered only if space and scheduling constraints permit.
