Food Safety and Inspection Service

Title: Importation and Transportation of Meat and Poultry Products.

OMB Control Number: 0583–0094.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451 *et seq.*). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. Meat and poultry products not marked with the mark of inspection and shipped from one official establishment to another for further processing must be transported under FSIS seal to prevent such unmarked product for entering into commerce. Foreign countries exporting meat and poultry products to the U.S. must establish eligibility for importation of product into the U.S., and annually certify that their inspection systems are “equivalent to” the U.S. inspection system. Meat and poultry products intended for import into the U.S. must be accompanied by a health certificate, signed by an official of the foreign government, stating that products have been produced by certified foreign establishments. FSIS will collect information using form 7350–1, Request and Notice of Shipment of Sealed Meat/ Poultry.

Need and Use of the Information: FSIS will collect information to identify the product type, quantity, destination, and originating country of the meat and poultry. Also, FSIS will collect name, number, method of shipping, and destination of product, type and description of product to be shipped, reason for shipping product, and a signature.

FSIS will use the information to verify that a meat or poultry product intended for import has been prepared in a plant certified to prepare product for export to the U.S. FSIS will use the information to conduct re-inspection of meat and poultry imported to the U.S.
