5. Funding Restrictions: Proposals that request more than \$75,000 of CCC funding for individual projects will not be considered. Projects comprised of technical preparation seminars will be limited to \$15,000 in QSP funding. CCC will not reimburse expenditures made prior to approval of a proposal or unreasonable expenditures.

V. Application Review Information

1. Criteria and Review Process: Following is a description of the FAS process for reviewing applications and the criteria for allocating available QSP funds.

FAS will use the following criteria in evaluating proposals:

- The ability of the organization to provide an experienced staff with the requisite technical and trade experience to execute the proposal;
- The extent to which the proposal is targeted to a market in which the United States is generally competitive;
- The potential for expanding commercial sales in the proposed market;
- The nature of the specific market constraint or opportunity involved and how well it is addressed by the proposal;
- The extent to which the importer's contribution in terms of handling and processing enhances the potential outcome of the project;
- The amount of reimbursement requested and the organization's willingness to contribute resources, including cash, goods and services of the U.S. industry, and foreign third parties; and
- How well the proposed technical assistance component assures that performance trials will effectively demonstrate the intended end-use benefit.

Proposals will be evaluated by the Commodity Branch offices in the FAS' Cooperator Programs Division. The Commodity Branches will review each proposal against the factors described above. The purpose of this review is to identify meritorious proposals, recommend an appropriate funding level for each proposal based upon these factors, and submit proposals and funding recommendations to the Deputy Administrator, Office of Trade Programs.

2. Anticipated Announcement Date: Announcements of funding decisions for QSP are anticipated during October 2013.

VI. Award Administration Information

1. Award Notices: FAS will notify each applicant in writing of the final disposition of the submitted application. FAS will send an approval letter and agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including the levels of QSP funding, and any cost-share contribution requirements.

2. Administrative and National Policy Requirements: The agreements will incorporate the details of each project as approved by FAS. Each agreement will identify terms and conditions pursuant to which CCC will reimburse certain costs of each project. Agreements will also outline the responsibilities of the participant, including, but not limited to, procurement (or arranging for procurement) of the commodity sample at a fair market price, arranging for transportation of the commodity sample within the time limit specified in the agreement (organizations should endeavor to ship commodities within 6 months of the effective date of the agreement), compliance with cargo preference requirements (shipment on United States flag vessels, as required), compliance with the Fly America Act requirements (shipment on United States air carriers, as required), timely and effective implementation of technical assistance, and submission of a written evaluation report within 90 days of expiration or termination of the agreement.

QSP projects are subject to review and verification by FAS' Compliance, Security and Emergency Planning Division. Upon request, a QSP participant shall provide to CCC the original documents that support the participant's reimbursement claims. CCC may deny a claim for reimbursement if the claim is not supported by adequate documentation.

3. Reporting: A written evaluation report must be submitted within 90 days of the expiration or termination of each participant's QSP agreement. Evaluation reports should address all performance measures that were presented in the proposal.

Title: Accredited Laboratory Program Annual Contact Update Form.

Type of Request: New.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*) and the Poultry Products and Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). FSIS protects the public by verifying that meat and poultry products are safe, wholesome, not adulterated, and correctly labeled.

In addition, the Food, Agriculture, Conservation, and Trade Act of 1990, as amended, (7 U.S.C. 138–138i) provides authority for the accreditation of non-Federal laboratories. Under these provisions, FSIS accredits non-Federal laboratories as eligible to perform analysis on official regulatory meat and poultry samples.

Non-Federal laboratories that are part of the FSIS Accredited Laboratory Program will annually complete the FSIS Accredited Laboratory Program Annual Contact Update form. FSIS will use the information collected by the form to maintain necessary contact information for responsibly connected personnel at the laboratories (see 9 CFR 439.20 (e) and 9 CFR 439.1(w)). The completed FSIS Accredited Laboratory Program Annual Contact Update form will also inform the Agency if a laboratory, or responsibly connected person or entity, has been charged, indicted, or convicted of any crime listed in 9 CFR 439.52. If a laboratory or a responsibly connected person or entity has been charged or indicted of such a crime, FSIS will suspend the laboratory from the Accredited Laboratory Program (9 CFR 439.52). If a laboratory or a responsibly connected person or entity has been convicted of such a crime, FSIS will revoke the laboratory's accreditation (9 CFR 439.53).

FSIS has made the following estimates on the basis of an information collection assessment.

Estimate of Burden: FSIS estimates that it takes respondents an average of 30 hours per year to complete the forms.

Respondents: Accredited Laboratories.

Estimated No. of Respondents: 60.

Estimated No. of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 30 hours.

Comments may be sent both to FSIS, at the addresses provided above, and to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.
