Record of Decision for the Denali Park Road Final Vehicle Management Plan and Environmental Impact Statement for Denali National Park and Preserve

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C), the National Park Service (NPS) announces the availability of a Record of Decision (ROD) for the Vehicle Management Plan and Environmental Impact Statement for Denali National Park and Preserve. The Vehicle Management Plan addresses management of all motorized vehicles on the restricted section of the Denali Park Road (Mile 15–Mile 90). This plan amends the vehicle management aspect of the park's General Management Plan (GMP). The NPS will propose a modification to the current park-specific regulations in order to implement these amendments. The NPS selected Alternative D (NPS Preferred Alternative), which offers visitors the opportunity to have a high-quality experience using a transportation system that offers predictability, efficiency, and variety. The ROD details the background of the project, the decision made (selected alternative), other alternatives considered, the basis for the decision, the environmentally preferable alternative, measures adopted to minimize environmental harm, and public involvement in the decision making process.

ADDRESSES: Copies of the ROD will be available in an electronic format online at the NPS Planning, Environmental and Public Comment Web site at <http://parkplanning.nps.gov/dena>. Hard copies and compact discs of the plan/FEIS are available on request by contacting: Miriam Valentine, Chief of Planning, Denali National Park and Preserve, P.O. Box 9, Denali Park, Alaska, 99755, or by telephone at (907) 733-9102.

FOR FURTHER INFORMATION CONTACT: Miriam Valentine, Chief of Planning, Denali National Park and Preserve, P.O. Box 9, Denali Park, Alaska 99755, or by telephone at (907) 733-9102.

SUPPLEMENTARY INFORMATION: Vehicle management on the Denali Park Road, the primary means of access into Denali National Park and Preserve, has been

based on a GMP from 1986 and the Entrance Area and Road Corridor Development Plan (a GMP amendment) completed in 1997.

The purpose of this Vehicle Management Plan is to provide specific direction for improved vehicle management on the restricted section of the Denali Park Road for approximately the next 20 years. The plan describes how the NPS will manage vehicle use on the Park Road in order to provide visitors with an opportunity for a high-quality experience while protecting wilderness resources and values, scenic values, wildlife, and other park resources; and maintaining the unique character of the Park Road.

The Notice of Availability for the draft plan/environmental impact statement was published in the **Federal Register** on August 1, 2011 (FR 45848). Public meetings were held in Denali Park (August 23, 2011); Fairbanks (August 31, 2011); and Anchorage (September 7, 2011). Approximately 61 people attended the meetings. Additionally, park staff were invited by stakeholder groups to discuss the draft plan at their regular meetings. Park staff attended and presented at approximately six stakeholder meetings.

The initial 60-day public comment period, August 1 through September 30, 2011, was extended to October 31, 2011, in response to numerous requests from the public and organizations. 324 pieces of correspondence were received, containing 889 comments, during the 90-day comment period.

A preferred alternative was not identified in the draft plan to allow for refinement of the existing alternatives based on public input. The preferred alternative in the final plan addresses many of the comments and concerns that were received on the draft plan. The Notice of Availability for the final plan/environmental impact statement was published in the **Federal Register** on July 29, 2012 (FR 39253).

The NPS selected Alternative D (NPS Preferred Alternative). With the implementation of this alternative the number of vehicles, their schedules, and behavior will be managed to meet visitor demand while maintaining standards for desired resource conditions and visitor experience. Several times each season, key indicators will be monitored to assess the success of current traffic levels, behavior, and patterns to determine whether the set standards are being met.

Comprehensive monitoring will also be conducted at regular intervals to specifically address the impacts of traffic on wildlife, wilderness, and the visitor experience. A Before-After

Control Impact (BACI) study will be conducted within the first five years of the plan's implementation to affirm the selection of key indicators and to distinguish impacts due to changes in current traffic patterns and traffic levels. Data from long-term inventory and monitoring programs may also be used to evaluate whether changes in the resource condition are occurring.

In addition to managing for desired conditions, the maximum level of vehicle use on the restricted section of the Park Road will be 160 vehicles per 24-hour period. This limit includes all motor vehicles counted westbound at the Savage River Check Station. The 160-vehicle limit is derived from traffic model simulation results and extensive scientific research on visitor preferences and resource condition.

Dated: February 14, 2013.

Joel L. Hard,

Deputy Regional Director, Alaska.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

Nominations for the following properties being considered for listing or related actions in the National Register were received by the National Park Service before March 30, 2013. Pursuant to section 60.13 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation. Comments may be forwarded by United States Postal Service, to the National Register of Historic Places, National Park Service, 1849 C St. NW., MS 2280, Washington, DC 20240; by all other carriers, National Register of Historic Places, National Park Service, 1201 Eye St. NW., 8th floor, Washington, DC 20005; or by fax, 202-371-6447. Written or faxed comments should be submitted by May 9, 2013. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

While you can ask us in your comment to withhold your personal

identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: April 2, 2013.

BILLING CODE 4312-51-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-830]

Certain Dimmable Compact Fluorescent Lamps and Products Containing Same: Notice of Institution of Consolidated Formal Enforcement and Modification Proceedings

AGENCY: U.S. International Trade
Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has instituted consolidated formal enforcement and modification proceedings relating to the July 25, 2012 consent order issued in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT: Jia Chen, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-4737. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on February 27, 2012, based on a complaint filed by Andrzej Bobel and Neptun Light, Inc., both of Lake Forest, Illinois. 77 FR11587 (Feb. 27, 2012). The complaint alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) by reason of infringement of various claims of United States Patent Nos. 5,434,480 ("the '480 patent") and 8,035,318. The complaint named several respondents, including MaxLite, Inc. ("MaxLite") of Fairfield, New Jersey. The complaint alleged, among other things, that the importation into the United States, the sale for importation, and the sale within the United States after importation of certain dimmable compact fluorescent lamps ("CFLs") and products containing the same by MaxLite violate section 337 by reason of

infringement of claim 9 of the '480 patent. On July 25, 2012, the Commission terminated the investigation with respect to MaxLite and entered a consent order preventing MaxLite from importing dimmable CFLs that infringe claim 9 of '480 patent.

On February 6, 2013, MaxLite petitioned the Commission under Commission Rule 210.76 for modification of the consent order on the basis of a recent decision by the U.S. District Court for the Northern District of Illinois that dimmable CFLs purchased by MaxLite from a certain third party are subject to a covenant not to sue and thus do not infringe claim 9 of the '480 patent. On February 18, 2013, complainants filed a complaint requesting that the Commission institute a formal enforcement proceeding under Commission Rule 210.75(b) to investigate a violation of the consent order. Complainants request that the Commission institute a formal enforcement proceeding pursuant to 19 CFR 210.75, to confirm the violations of the July 25, 2012, consent order. On March 1, 2013, complainants filed an amended complaint.

Having examined the enforcement complaint, as amended, and the petition for modification, the Commission has determined to institute consolidated formal enforcement and modification proceedings to determine whether MaxLite is in violation of the July 25, 2012, consent order issued in the investigation, what, if any, enforcement measures are appropriate, and whether to modify the consent order. The following entities are named as parties to the consolidated proceedings: (1) Complainants Andrzej Bobel and Neptun Light, Inc.; (2) respondent MaxLite; and (3) the Office of Unfair Import Investigations.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.75-76 of the Commission's Rules of Practice and Procedure (19 CFR 210.75-76).

Issued: April 12, 2013.

By order of the Commission.

Lisa R. Barton,

Secretary to the Commission.
