2. Cost Reimbursable Research Request—20 CFR 401.165—0960-0754.

Qualified researchers need SSA administrative data for a variety of projects. To request SSA's program data for research, we require the researcher to submit a completed research application, Form SSA-9901 (How to Request SSA Program Data for Research) for SSA's evaluation. In the application, the requesting researcher provides basic

project information and describes the way in which the proposed project will further SSA's mission to promote the economic security of the Nation's people through its administration of the Old Age, Survivors, and Disability Insurance programs, or the Supplemental Security Income program. SSA reviews the application, and once we approve it, the researcher signs Form SSA-9903 (SSA Agreement Regarding

Conditions for Use of SSA Data), which outlines the conditions and safeguards for the research project data exchange. The researcher may only use the data for research and statistical purposes and we require them to complete Form SSA-9902 (Confidentiality Agreement). SSA recovers all expenses incurred in providing this information as part of this reimbursable service. The respondents are Federal and State
