

Proposed Rules

Federal Register

Vol. 78, No. 10

Tuesday, January 15, 2013

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 905

[Doc. No. AMS-FV-12-0045; FV12-905-1 PR]

Oranges, Grapefruit, Tangerines, and Tangelos Grown in Florida; Increased Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This proposed rule would increase the assessment rate established for the Citrus Administrative Committee (Committee) for the 2012–13 and subsequent fiscal periods from \$0.0072 to \$0.008 per $\frac{1}{8}$ bushel carton of citrus handled. The Committee locally administers the marketing order which regulates the handling of oranges, grapefruit, tangerines, and tangelos grown in Florida. Assessments upon citrus handlers are used by the Committee to fund reasonable and necessary expenses of the program. The fiscal period begins August 1 and ends July 31. The assessment rate would remain in effect indefinitely unless modified, suspended, or terminated.

DATES: Comments must be received by January 25, 2013.

ADDRESSES: Interested persons are invited to submit written comments concerning this proposed rule. Comments must be sent to the Docket Clerk, Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS, USDA, 1400 Independence Avenue SW., STOP 0237, Washington, DC 20250–0237; Fax: (202) 720–8938; or Internet: <http://www.regulations.gov>. Comments should reference the document number and the date and page number of this issue of the **Federal Register** and will be available for public inspection in the Office of the Docket Clerk during regular business hours, or can be viewed at: <http://www.regulations.gov>. All comments

submitted in response to this proposed rule will be included in the record and will be made available to the public. Please be advised that the identity of the individuals or entities submitting the comments will be made public on the Internet at the address provided above.

FOR FURTHER INFORMATION CONTACT:

Corey E. Elliott, Marketing Specialist, or Christian D. Nissen, Regional Director, Southeast Marketing Field Office, Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS, USDA; Telephone: (863) 324–3375, Fax: (863) 325–8793, or Email: Corey.Elliott@ams.usda.gov or Christian.Nissen@ams.usda.gov.

Small businesses may request information on complying with this proposed regulation by contacting Laurel May, Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS, USDA, 1400 Independence Avenue SW., STOP 0237, Washington, DC 20250–0237; Telephone: (202) 720–2491, Fax: (202) 720–8938, or Email: Laurel.May@ams.usda.gov.

SUPPLEMENTARY INFORMATION: This rulemaking is issued under Marketing Order No. 905, amended (7 CFR part 905), regulating the handling of oranges, grapefruit, tangerines, and tangelos grown in Florida, hereinafter referred to as the “order.” The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), hereinafter referred to as the “Act.”

The Department of Agriculture (USDA) is issuing this proposed rule in conformance with Executive Order 12866.

This rulemaking has been reviewed under Executive Order 12988, Civil Justice Reform. Under the marketing order now in effect, Florida citrus handlers are subject to assessments. Funds to administer the order are derived from such assessments. It is intended that the assessment rate as proposed herein would be applicable to all assessable citrus beginning on August 1, 2012, and continue until amended, suspended, or terminated.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any

obligation imposed in connection with the order is not in accordance with law and request a modification of the order or to be exempted therefrom. Such handler is afforded the opportunity for a hearing on the petition. After the hearing, USDA would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review USDA’s ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

This proposed rule would increase the assessment rate established for the Committee for the 2012–13 and subsequent fiscal periods from \$0.0072 to \$0.008 per $\frac{1}{8}$ bushel carton of citrus.

The Florida citrus marketing order provides authority for the Committee, with the approval of USDA, to formulate an annual budget of expenses and collect assessments from handlers to administer the program. The members of the Committee are producers and handlers of Florida citrus. They are familiar with the Committee’s needs and with the costs for goods and services in their local area and are thus in a position to formulate an appropriate budget and assessment rate. The assessment rate is formulated and discussed in a public meeting. Thus, all directly affected persons have an opportunity to participate and provide input.

For the 2007–08 and subsequent fiscal periods, the Committee recommended, and USDA approved, an assessment rate that would continue in effect from fiscal period to fiscal period unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other information available to USDA.

The Committee met on July 17, 2012, and unanimously recommended 2012–13 expenditures of \$223,500 and an assessment rate of \$0.008 per $\frac{1}{8}$ bushel carton of citrus. In comparison, last year’s budgeted expenditures were also \$223,500. The assessment rate of \$0.008 is \$0.0008 higher than the rate currently in effect.

The Committee estimates 2012–2013 production to be approximately 27.3 million $\frac{1}{8}$ bushel cartons, down from the 29.5 million $\frac{1}{8}$ bushel cartons estimated for last year. At the current

assessment rate, assessment income would equal only \$196,560, an amount insufficient to cover the Committee's anticipated expenditures. The assessment rate increase would generate additional revenue and would help offset the amount of reserves needed to fund the budget. Therefore, the Committee recommended increasing the assessment rate.

The major expenditures recommended by the Committee for the 2012–13 year include \$116,200 for salaries, \$25,000 for Florida Department of Agriculture and Consumer Services (FDACS) manifesting, and \$18,250 for a retirement plan. Budgeted expenses for these items in 2011–12 were the same as recommended for 2012–13 budgeted expenditures, respectively.

The assessment rate recommended by the Committee was derived by reviewing anticipated expenses, expected shipments of Florida citrus, interest income, and available reserves. Citrus shipments for the year are estimated at 27.3 million $\frac{4}{5}$ bushel cartons which should provide \$218,400 in assessment income. Income derived from handler assessments, along with interest income and funds from the Committee's authorized reserve would be adequate to cover budgeted expenses. Funds in the reserve (approximately \$34,000) would be kept within the maximum permitted by the order of not to exceed one half of one fiscal period's expenses as stated in § 905.42.

The proposed assessment rate would continue in effect indefinitely unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other available information.

Although this assessment rate would be in effect for an indefinite period, the Committee would continue to meet prior to or during each fiscal period to recommend a budget of expenses and consider recommendations for modification of the assessment rate. The dates and times of Committee meetings are available from the Committee or USDA. Committee meetings are open to the public and interested persons may express their views at these meetings. USDA would evaluate Committee recommendations and other available information to determine whether modification of the assessment rate is needed. Further rulemaking would be undertaken as necessary. The Committee's 2012–13 budget and those for subsequent fiscal periods would be reviewed and, as appropriate, approved by USDA.

Initial Regulatory Flexibility Analysis

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601–612), the Agricultural Marketing Service (AMS) has considered the economic impact of this rulemaking on small entities. Accordingly, AMS has prepared this initial regulatory flexibility analysis.

The purpose of the RFA is to fit regulatory actions to the scale of business subject to such actions in order that small businesses will not be unduly or disproportionately burdened. Marketing orders issued pursuant to the Act, and the rules issued thereunder, are unique in that they are brought about through group action of essentially small entities acting on their own behalf.

There are approximately 45 handlers subject to regulation under the marketing order and approximately 8,000 producers of citrus in the production area. Small agricultural service firms are defined by the Small Business Administration (SBA) as those whose annual receipts are less than \$7,000,000, and small agricultural producers are defined as those having annual receipts less than \$750,000 (13 CFR 121.201).

Based on industry and Committee data, the average annual f.o.b. price for fresh Florida citrus during the 2010–11 season was approximately \$12.16 per $\frac{4}{5}$ bushel carton, and total fresh shipments were approximately 30.4 million cartons. Using the average f.o.b. price and shipment data, about 55 percent of the Florida citrus handlers could be considered small businesses under SBA's definition. In addition, based on production data, grower prices as reported by the National Agricultural Statistics Service, and the total number of Florida citrus growers, the average annual grower revenue is below \$750,000. Thus, assuming a normal distribution, the majority of handlers and producers of Florida citrus may be classified as small entities.

This proposed rule would increase the assessment rate established for the Committee and collected from handlers for the 2012–13 and subsequent fiscal periods from \$0.0072 to \$0.008 per $\frac{4}{5}$ bushel carton of citrus. The Committee unanimously recommended 2012–13 expenditures of \$223,500 and an assessment rate of \$0.008 per $\frac{4}{5}$ bushel carton of citrus. The proposed assessment rate of \$0.008 is \$0.0008 higher than the 2011–12 rate. The quantity of assessable citrus for the 2012–13 season is estimated at 27.3 million cartons. Thus, the \$0.008 rate should provide \$218,400 in assessment

income. Income derived from handler assessments, along with interest income and funds from the Committee's authorized reserve fund, would be adequate to meet this year's anticipated expenses.

The major expenditures recommended by the Committee for the 2012–13 year include \$116,200 for salaries, \$25,000 for Florida Department of Agriculture and Consumer Services (FDACS) manifesting, and \$18,250 for a retirement plan. Budgeted expenses for these items in 2011–12 were the same as recommended for 2012–13 budgeted expenditures, respectively.

As previously stated, the Committee estimates the 2012–2013 production to be approximately 27.3 million $\frac{4}{5}$ bushel cartons, down from the 29.5 million $\frac{4}{5}$ bushel cartons estimated for last year. At the current assessment rate, assessment income would equal only \$196,560, an amount insufficient to cover the Committee's anticipated expenditures. The assessment rate increase would generate additional revenue and would help offset the amount of reserves needed to fund the budget. Therefore, the Committee recommended increasing the assessment rate.

The Committee reviewed and unanimously recommended 2012–13 expenditures of \$223,500. Prior to arriving at this budget, the Committee considered information from the Committee's Executive Subcommittee. Alternative expenditure levels were discussed by this group. The assessment rate of \$0.008 per $\frac{4}{5}$ bushel carton of citrus was then determined by reviewing anticipated expenses, total expected shipments of citrus, interest income, and the available reserves. The increased assessment rate should provide \$218,400 in assessment income. This is approximately \$5,100 below the anticipated expenses, which the Committee determined to be acceptable.

A review of historical information and preliminary information pertaining to the upcoming crop year indicates that the grower price for the 2012–13 season could range between \$3.83 and \$10.13 per $\frac{4}{5}$ bushel carton of citrus. Therefore, the estimated assessment revenue for the 2012–13 crop year as a percentage of total grower revenue could range between .08 and .2 percent.

This action would increase the assessment obligation imposed on handlers. While assessments impose some additional costs on handlers, the costs are minimal and uniform on all handlers. Some of the additional costs may be passed on to producers. However, these costs would be offset by the benefits derived by the operation of

the marketing order. In addition, the Committee's meeting was widely publicized throughout the Florida citrus industry and all interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the July 17, 2012, meeting was a public meeting and all entities, both large and small, were able to express views on this issue. Finally, interested persons are invited to submit comments on this proposed rule, including the regulatory and informational impacts of this action on small businesses.

In accordance with the Paperwork Reduction Act of 1995, (44 U.S.C. Chapter 35), the order's information collection requirements have been previously approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581-0189 Generic Fruit Crops. No changes in those requirements as a result of this action are necessary. Should any changes become necessary, they would be submitted to OMB for approval.

This proposed rule would impose no additional reporting or recordkeeping requirements on either small or large Florida citrus handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

AMS is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this proposed rule.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: www.ams.usda.gov/MarketingOrdersSmallBusinessGuide. Any questions about the compliance guide should be sent to Laurel May at the previously-mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 10-day comment period is provided to allow interested persons to respond to this proposed rule. Ten days is deemed appropriate because: (1) The 2012-13 fiscal period began on August 1, 2012, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable citrus handled during such fiscal period; (2) the Committee needs to have sufficient funds to pay its expenses which are incurred on a continuous basis; and (3) handlers are aware of this

action which was unanimously recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years.

List of Subjects in 7 CFR Part 905

Grapefruit, Oranges, Reporting and recordkeeping requirements, Tangelos, Tangerines.

For the reasons set forth in the preamble, 7 CFR part 905 is proposed to be amended as follows:

PART 905—ORANGES, GRAPEFRUIT, TANGERINES, AND TANGELOS GROWN IN FLORIDA

- 1. The authority citation for 7 CFR part 905 continues to read as follows:

Authority: 7 U.S.C. 601-674.

- 2. Section 905.235 is revised to read as follows:

§ 905.235 Assessment rate.

On and after August 1, 2012, an assessment rate of \$0.008 per $\frac{4}{5}$ bushel carton or equivalent is established for Florida citrus covered under the order.

Dated: January 9, 2013.

David R. Shipman,

Administrator, Agricultural Marketing Service.

14 CFR Part 39

[Docket No. FAA-2012-0013; Directorate Identifier 2012-CE-046-AD]

RIN 2120-AA64

Airworthiness Directives; GROB-WERKE Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for GROB-WERKE Model G115EG airplanes. This proposed AD results from mandatory continuing airworthiness information (MCAI) originated by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as cracks in the elevator trim tab arms on several Grob G 115 airplanes, which could result in

failure of the part and consequent loss of control. We are issuing this proposed AD to require actions to address the unsafe condition on these products.

DATES: We must receive comments on this proposed AD by March 1, 2013.

ADDRESSES: You may send comments by any of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov>. Follow the instructions for submitting comments.

- **Fax:** (202) 493-2251.

- **Mail:** U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.

- **Hand Delivery:** U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this proposed AD, contact Grob Aircraft AG, Lettenbachstrasse 9, D-86874 Tussenhausen-Mattsies, Germany; phone: +49 (0) 8268 998 139; fax: +49 (0) 8268 998 200; email: productsupport@grob-aircraft.de; Internet: www.grob-aircraft.com/index.php/g-115e.html. You may review copies of the referenced service information at the FAA, Small Airplane Directorate, 901 Locust, Kansas City, Missouri 64106. For information on the availability of this material at the FAA, call (816) 329-4148.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this proposed AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Office (telephone (800) 647-5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.
