Title: Weather Radio Transmitter Grant Program.

OMB Control Number: 0572-0124.

Type of Request: Revision of a currently approved information collection.

Abstract: The National Weather Service operates an All Hazards Early Warning System that alerts people in areas covered by its transmissions of approaching dangerous weather and other emergencies. The National Weather Service can typically provide warnings of specific weather dangers up to fifteen minutes prior to the event. At present, this system covers all major metropolitan areas and many smaller cities and towns; however, many rural areas lack NOAA Weather Radio coverage. The Rural Utilities Service's Weather Radio Transmitter Grant Program finances the installation of new transmitters to extend the coverage of the National Oceanic and Atmospheric Administration's Weather Radio system (NOAA Weather Radio) in rural America thereby promoting public safety and awareness. The President of the United States and the United States Congress have made \$5 million in grant funds available to facilitate the expansion of NOAA Weather Radio system coverage into rural areas that are not covered or are poorly covered at this time. This grant program will continue to provide grant funds, on an expedited basis, for use in rural areas and communities of 50,000 or less inhabitants. Grant funds are available immediately and applications will be processed on a first-come, first-served basis until the appropriation is used in its entirety. Grant funds are used to purchase and install NOAA Weather Radio transmitters and antennas that are combined with donated tower space and other site resources to establish new rural NOAA Weather Radio transmitters. Eligible applicants must be non-profit corporations or associations (including Rural Development Utilities Programs electric and telecommunications borrower cooperatives), units of local or state government, or Federally-recognized Indian tribes.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 5 hours per response.

Respondents: Not-for-profit institutions, State, Local or Tribal Government.

Estimated Number of Respondents: 1.
Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 5.

Copies of this information collection can be obtained from MaryPat Daskal, Program Development and Regulatory Analysis, at (202) 720-7853, FAX: (202)
