

the pilot program will better facilitate the closing of options positions that are worthless or not actively trading, especially in Penny Pilot issues where cabinet trades are not otherwise permitted. The Exchange believes the extension is of sufficient length to allow the Commission to assess the impact of the Exchange's authority to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option in accordance with its attendant obligations and conditions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The proposal does not raise any issues of intra-market competition because it applies to all options participants in the same manner.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁴ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁵

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the operative delay so that the pilot program

can continue without interruption. The Commission notes that the proposed rule change does not present any new, unique or substantive issues, but rather is merely extending an existing pilot program and that waiver of the 30-day operative delay will prevent confusion about whether the pilot program continues to be available. Therefore, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and designates the proposed rule change as operative effective June 1, 2013.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

change was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

As more fully discussed below, the proposed rule change is to modify DTC's Fee Schedule, to include revising, consolidating, and adding certain fees associated with corporate action events.⁵

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.⁶

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is for DTC to revise its Fee Schedule⁷ related to certain services it provides associated with corporate action events, as discussed below.

Currently, DTC charges its Participants fees for different event types and processes associated with corporate actions. DTC's Fee Schedule includes 60 different fees related to corporate actions.⁸

Pursuant to the proposed rule change, DTC is reducing the number of fees associated with corporate actions and grouping such fees into five categories based on transaction type: Allocations, Elections, Voluntary Corporate Action Event Handling, Treasury Shares Adjustments, and Coupon Processing. As such, the total number of fees relating to corporate actions is reduced from 60 to 16.

⁵ A schedule of the fee changes that are the subject of this notice is included in Exhibit 5 of the proposed rule change filing, available on the Commission's Web site under File No. SR-DTC-2013-06, Additional Materials, at <http://sec.gov/rules/sro/dtc.shtml>.

⁶ The Commission has modified the text of the summaries prepared by DTC.

⁷ See Guide to the 2013 DTC Fee Schedule, <http://dtcc.com/products/documentation/dtcfeguide.pdf>.

⁸ *Id.*

Additionally, DTC states that it is modifying the fee structure associated with the processing of corporate action events to align the fee with the appropriate level of risk and operational cost associated with the event. For example, DTC is reducing fees related to events with more automation and less complexity, since such events present less risk in processing. Examples of such events include those that require payments for principal and interest, redemptions, and cash and stock dividends.

Similarly, DTC is increasing fees for events that it believes present more risk and require manual intervention, such as mandatory and voluntary corporate events. DTC believes those events are considered riskier because they have greater complexity, and they require enhanced due diligence by DTC to ascertain exact event details, client entitlements, and payment calculations.

DTC is also introducing a new fee related to consent-only processing of reorganization events.⁹ Currently, DTC Participants mail instructions on Consent-Only Events¹⁰ directly to the balloting agents, which are traditionally delivered via a hard-copy letter of transmittal. However, recently, balloting agents and Participants have requested that DTC provide Participants with the ability to submit their elections on Consent-Only Events through PTOp. In an effort to streamline the process associated with Consent-Only Events, DTC agreed to allow Participants to submit such elections through PTOp. Accordingly, DTC will now charge balloting agents a processing fee for such submissions.

DTC is also implementing a new late notification of corporate events fee in the event that an agent does not comply with certain operational arrangements that require the agent to notify DTC no fewer than 10 days in advance of expiration of a corporate action event.¹¹

⁹ DTC collects reorganization activity information through its Participant Tender Offer Program ("PTOP") function. Examples of reorganization activity that DTC processes through PTOp include voluntary corporate actions, tenders and exchanges, and cash conversions. See Release No. 34-62119 (May 18, 2010), 75 FR 29374 (May 25, 2010) (for more information regarding events that DTC processes through PTOp).

¹⁰ Increasingly, there are reorganization events that only require DTC Participants to make an election with respect to the event without surrendering securities ("Consent-Only Events"). Examples of Consent-Only Events include changes in the board of directors of an issuer and interest rate modifications to indentures.

¹¹ A late notification shortens the window of time for DTC Participants to contact their clients to make an election on an event. A late notification also requires additional DTC resources to review and announce both the event at issue and the other events that must be reprioritized accordingly.

Additionally, DTC is eliminating announcement-related fees and introducing a voluntary event handling fee.¹² Voluntary corporate actions will carry a handling fee because of the effort involved in DTC reviewing offering materials, confirming terms with issuers and agents, and then processing the event in DTC's system.

DTC is also increasing fees associated with the proxy record date meeting, in order to align the fees with the operational cost of handling those events.

DTC believes that the fee revisions discussed above are consistent with DTC's overall service pricing philosophy—to align service fees with the underlying costs and to discourage manual and exception processing.

Implementation Timeframe

The effective date for fee changes contained in the proposed rule change, as outlined above, is July 1, 2013.

2. Statutory Basis

DTC believes that the proposed rule change is consistent with the requirements of the Act, as amended, specifically Section 17A(b)(3)(D),¹³ and the rules and regulations thereunder applicable to DTC because the change clarifies and updates DTC's Fee Schedule to align fees with the costs of services provided, thus providing for the equitable allocation of reasonable fees among DTC's Members.

(B) Clearing Agency's Statement on Burden on Competition

DTC does not believe that the proposed rule change will have any impact, or impose any burden, on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments relating to the proposed rule change have not yet been solicited or received. DTC will notify the Commission of any written comments received by DTC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The forgoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁴ and Rule

¹² Under this revised corporate actions fee structure, DTC intends to charge a fee relating to the allocation required by the effectiveness of an event, rather than its announcement.

¹³ 15 U.S.C. 78q-1(b)(3)(D).

¹⁴ 15 U.S.C. 78s(b)(3)(A)(ii).

19b–4(f)(2)¹⁵ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for commercial-type ovens, gas ranges, and ranges.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a class waiver of the Nonmanufacturer Rule for commercial-type ovens, gas ranges, and ranges, under Product Service Code (PSC) 7310 (Food Cooking, Baking, and Serving Equipment), under the North American Industry Classification System (NAICS) code 333318 (Other Commercial and Service Industry Machinery Manufacturing). According to the waiver request, no small business manufacturers supply this class of products to the Federal government. Thus, SBA is seeking information on whether there are small business manufacturers of these items. If granted, the waiver would allow otherwise qualified small businesses to supply the product of any manufacturer on a Federal contract set aside for small businesses, Service-Disabled Veteran-Owned (SDVO) small businesses, Participants in the SBA's 8(a) Business Development (BD) program, or Women-Owned Small Businesses (WOSBs).
