SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for commercial-type ovens, gas ranges, and ranges.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a class waiver of the Nonmanufacturer Rule for commercial-type ovens, gas ranges, and ranges, under Product Service Code (PSC) 7310 (Food Cooking, Baking, and Serving Equipment), under the North American Industry Classification System (NAICS) code 333318 (Other Commercial and Service Industry Machinery Manufacturing). According to the waiver request, no small business manufacturers supply this class of products to the Federal government. Thus, SBA is seeking information on whether there are small business manufacturers of these items. If granted, the waiver would allow otherwise qualified small businesses to supply the product of any manufacturer on a Federal contract set aside for small businesses, Service-Disabled Veteran-Owned (SDVO) small businesses, Participants in the SBA's 8(a) Business Development (BD) program, or Women-Owned Small Businesses (WOSBs).

DATES: Comments and source information must be submitted July 8, 2013.

ADDRESSES: You may submit comments and source information, identified by docket number SBA–2013–0005, by any of the following methods:

(1) *Federal eRulemaking Portal:* www.regulations.gov, following the instructions for submitting comments; or

(2) *Mail/Hand Delivery/Courier:* Edward Halstead, Procurement Analyst, Small Business Administration, Office

¹⁶ 17 CFR 200.30–3(a)(12).

of Government Contracting, 409 3rd Street SW., Suite 8022, Washington, DC 20416.

All comments will be posted on www.regulations.gov. If you wish to include within your comment confidential business information (CBI) as defined in the Privacy and Use Notice/User Notice at www.regulations.gov, and you do not want that information disclosed, you must submit the comment by either Mail or Hand Delivery. In the submission, you must highlight the information that you consider CBI and explain why you believe this information should be withheld as confidential. SBA will make a final determination, in its sole discretion, as to whether the information is CBI and therefore will be published or withheld.

FOR FURTHER INFORMATION CONTACT: Edward Halstead, by telephone at (202) 205-9885, or by email at edward.halstead@sba.gov.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act (Act), 15 USC 637(a)(17), and SBA's implementing regulations require that recipients of Federal contracts for supplies which are set aside for small businesses, Service-Disabled Veteran-Owned (SDVO) small businesses, Women-Owned Small Businesses (WOSBs), or Participants in SBA's 8(a) BD Program must provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. 13 CFR 121.406(b). Section 8(a)(17)(B)(iv)(II) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any class of products for which there are no small business manufacturers or processors available to participate in the Federal market.

In order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have been awarded or have performed a contract to supply a specific class of products to the Federal Government within 24 months from the date of the request for waiver, either directly or through a dealer, or have submitted an offer on a solicitation for that class of products within that time frame. 13 CFR 121.1202(c). SBA defines "class of products" as an individual subdivision within a (NAICS) Industry Number as established by the Office of Management and Budget in the NAICS Manual. 13 CFR 121.1202(d). In addition, SBA uses (PSCs) to further identify particular

products within the NAICS code to which a waiver would apply.

On July 12, 2012, SBA received a request to waive the Nonmanufacturer Rule for commercial ovens and broilers, PSC 7310, under NAICS code 333319 (Other Commercial and Service Industry Machinery Manufacturing). SBA notes that at the time of the request, these items were classified under NAICS code 333319. However, effective October 1, 2012, SBA published revised NAICS codes and Small Business Size Standards, for purposes of Government procurement. As a result of this change, NAICS code 333319 is eliminated from the 2012 NAICS code listing and the items requested for waiver are now listed under the 2012 NAICS code 333318.

The public is invited to comment or provide source information to SBA on the proposed waiver of the Nonmanufacturer Rule for the products described in this notice within 45 days after the date of publication in the **Federal Register**.

Dated: May 16, 2013.

Director, Office of Government Contracting.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Approval of Noise Compatibility Program for Tweed-New Haven Regional Airport

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program submitted by the Tweed-New Haven Airport Authority under the provisions of Title I of the Aviation Safety and Noise Abatement Act of 1979 (Pub. L. 96-193) and 14 CFR part 150. These findings are made in recognition of the description of federal and non-federal responsibilities in Senate Report No. 96-52 (1980). On November 26, 2012, the FAA determined that the noise exposure maps submitted by the City of Portland under Part 150 were in compliance with applicable requirements. On May 9, 2013, the New England Region Airports Division Regional Manager approved the noise compatibility program. Seventeen of the proposed program elements were approved, or approved in part. Four of the elements were disapproved.

DATES: *Effective Date:* The effective date of the FAA's approval of the Tweed-New Haven Regional Airport noise compatibility program is May 9, 2013.

FOR FURTHER INFORMATION CONTACT: Richard Doucette, Federal Aviation Administration, New England Region, Airports Division, 12 New England Executive Park, Burlington, Massachusetts 01803, Telephone (781) 238-7613. Documents reflecting this FAA action may be obtained from the same individual.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA has given its overall approval to the Tweed-New Haven Regional Airport noise compatibility program, effective May 9, 2013.

Under Section 104(a) of the Aviation Safety and Noise Abatement Act of 1979 (hereinafter the Act), an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program which sets forth the measures taken or proposed by the airport operator for the reduction of existing non-compatible land uses and prevention of additional non-compatible land uses within the area covered by the noise exposure maps.

The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Federal Aviation Regulation (FAR), Part 150 is a local program, not a federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for action. The FAA's approval or disapproval of FAR Part 150 program recommendations is measured according to the standards expressed in Part 150 and the Act, and is limited to the following determinations:

(a) The noise compatibility program was developed in accordance with the provisions and procedures of FAR Part 150;

(b) program measures are reasonably consistent with achieving the goals of reducing existing non-compatible land uses around the airport and preventing the introduction of additional non-compatible land uses;

(c) program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes of aeronautical uses, violate the terms of airport grant agreements, or intrude into areas
