

to agree to proposed TV facilities that do not conform to the allotted parameters, even though they might be affected by potential new interference. The Commission will consider granting applications on the basis of interference agreements if it finds that such grants will serve the public interest. These agreements must be signed by all parties to the agreement. In addition, the Commission needs the following information to enable such public interest determinations: A list of parties predicted to receive additional interference from the proposed facility; a showing as to why a grant based on the agreements would serve the public interest; and technical studies depicting the additional interference. The technical showings and interference agreements will be used by FCC staff to determine if the public interest would be served by the grant of the application and to ensure that the proposed facilities will not result in additional interference.

Federal Communications Commission.

**Marlene H. Dortch,**

*Secretary, Office of the Secretary, Office of Managing Director.*

## FEDERAL RESERVE SYSTEM

### Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than June 12, 2013.

A. Federal Reserve Bank of Atlanta (Chapelle Davis, Assistant Vice President) 1000 Peachtree Street NE., Atlanta, Georgia 30309:

1. *Barrett Capital Investments, LP, John Barrett, General Partner and Susan Barrett, General Partner*, both of Athens, Georgia; to acquire additional voting

shares of NBG Bancorp, Inc., and thereby indirectly acquire additional voting shares of National Bank of Georgia, both in Athens, Georgia.

Board of Governors of the Federal Reserve System, May 23, 2013.

**Margaret McCloskey Shanks,**

*Deputy Secretary of the Board.*

### Centers for Disease Control and Prevention

[30Day-13-0639]

### Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these requests, call (404) 639-7570 or send an email to [omb@cdc.gov](mailto:omb@cdc.gov). Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

### Proposed Project

EEOICPA Special Exposure Cohort Petitions (OMB No. 0920-0639 exp. 9/20/2013)—Extension—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

### Background and Brief Description

On October 30, 2000, the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. §§ 7384-7385 [1994, supp. 2001] was enacted. The Act established a compensation program to provide a lump sum payment of \$150,000 and medical benefits as compensation to covered employees suffering from designated illnesses incurred as a result of their exposure to radiation, beryllium, or silica while in the performance of duty for the Department of Energy and certain of its vendors, contractors and subcontractors. This legislation also provided for payment of compensation for certain survivors of these covered employees. This program has been mandated to be in effect until Congress ends the funding.

Among other duties, the Department of Health and Human Services (HHS)

was directed to establish and implement procedures for considering petitions by classes of nuclear weapons workers to be added to the "Special Exposure Cohort" (the "Cohort"). In brief, EEOICPA authorizes HHS to designate such classes of employees for addition to the Cohort when NIOSH lacks sufficient information to estimate with sufficient accuracy the radiation doses of the employees, and if HHS also finds that the health of members of the class may have been endangered by the radiation dose the class potentially incurred. HHS must also obtain the advice of the Advisory Board on Radiation and Worker Health (the "Board") in establishing such findings. On May 28, 2004, HHS issued a rule that established procedures for adding such classes to the Cohort (42 CFR Part 83). The rule was amended on July 10, 2007.

The HHS rule authorizes a variety of respondents to submit petitions. Petitioners are required to provide the information specified in the rule to qualify their petitions for a complete evaluation by HHS and the Board. HHS has developed two forms to assist the petitioners in providing this required information efficiently and completely. Form A is a one-page form to be used by EEOICPA claimants for whom NIOSH has attempted to conduct dose reconstructions and has determined that available information is not sufficient to complete the dose reconstruction. Form B, accompanied by separate instructions, is intended for all other petitioners. Forms A and B can be submitted electronically as well as in hard copy. Respondent/petitioners should be aware that HHS is not *requiring* respondents to use the forms. Respondents can choose to submit petitions as letters or in other formats, but petitions must meet the informational requirements stated in the rule. NIOSH expects, however, that all petitioners for whom Form A would be appropriate will actually use the form, since NIOSH will provide it to them upon determining that their dose reconstruction cannot be completed and encourage them to submit the petition. NIOSH expects the large majority of petitioners for whom Form B would be appropriate will also use the form, since it provides a simple, organized format for addressing the informational requirements of a petition.

NIOSH will use the information obtained through the petition for the following purposes: (a) Identify the petitioner(s), obtain their contact information, and establish that the petitioner(s) is qualified and intends to petition HHS; (b) establish an initial

definition of the class of employees being proposed to be considered for addition to the Cohort; (c) determine whether there is justification to require HHS to evaluate whether or not to designate the proposed class as an addition to the Cohort (such an evaluation involves potentially extensive data collection, analysis, and related deliberations by NIOSH, the Board, and HHS); and, (d) target an evaluation by HHS to examine relevant potential limitations of radiation

monitoring and/or dosimetry-relevant records and to examine the potential for related radiation exposures that might have endangered the health of members of the class.

Finally, under the rule, petitioners may contest the proposed decision of the Secretary to add or deny adding classes of employees to the cohort by submitting evidence that the proposed decision relies on a record of either factual or procedural errors in the implementation of these procedures.

NIOSH estimates that the time to prepare and submit such a challenge is 45 minutes. Because of the uniqueness of this submission, NIOSH is not providing a form. The submission will typically be in the form of a letter to the Secretary.

There are no costs to respondents unless a respondent/petitioner chooses to purchase the services of an expert in dose reconstruction, an option provided for under the rule. The total estimated burden hours are 51.

#### ESTIMATE OF ANNUALIZED BURDEN HOURS

Type of respondents	Form Name	No. of respondents	No. of responses per respondent	Avg. burden per response (in hrs.)
Petitioners .....	Form A 42 CFR 83.9 .....	5	1	3/60
	Form B 42 CFR 83.9 .....	8	1	5
Petitioners using a submission format other than Form B (as permitted by rule).	42 CFR 83.9 .....	1	1	6
Petitioners Appealing final HHS decision (no specific form is required).	42 CFR 83.18 .....	4	1	45/60
Claimant authorizing a party to submit petition on his/her behalf.	Authorization Form 42 CFR 83.7.	5	1	3/60

#### Ron A. Otten,

Director, Office of Scientific Integrity, Office of the Associate Director for Science, Office of the Director, Centers for Disease Control and Prevention.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention (CDC)

#### Announcement of Requirements and Registration for “Be Heads Up About Concussion Safety” Poster Design Contest

**Authority:** 15 U.S.C. 3719.

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**Award Approving Official:** Thomas R. Frieden, MD, MPH, Director, Centers for Disease Control and Prevention, and Administrator, Agency for Toxic Substances and Disease Registry.

**ACTION:** Notice.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC) located within the Department of Health and Human Services (HHS) launches the “Be Heads Up About Concussion Safety” poster design contest for children and adolescents ages 5 to 18. HHS/CDC’s National Center for Injury Prevention and Control (NCIPC) asks

children and adolescents to be creative and send in posters they create by taking concussion safety key messages created by CDC (listed below), or creating their own message(s) on concussion safety, and using them to design a poster. Children and adolescents can draw, paint, or use a computer to design a poster. The poster should be designed to help make aware and educate other children and adolescents about how to spot a concussion or other serious brain injury, what to do if someone may have a concussion or other serious brain injury, and how to help keep safe from these injuries at school, home, or play.

Children and adolescents can create their own concussion safety messages or use one or more of the CDC key messages listed below in their poster:

- Be Heads Up about concussion. Learn more at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).
- Be Heads Up about concussion at school, home, and play. Learn more at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).
- We can all play a role in concussion safety. Learn more at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).
- Be Heads Up! All concussions are serious. Learn more at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).
- Get a Heads Up! Learn what to do if you think you have a concussion at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).
- Getting back in the game with a concussion is a bad call. It could take you out of the game of life, for good. Learn more at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).

• All concussions are serious. It’s better to miss one game than the whole season. Learn more at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).

• Be Heads Up! If you think you have a concussion: don’t hide, report it. Take time to recover. Learn more at [www.cdc.gov/Concussion](http://www.cdc.gov/Concussion).

This contest is necessary to make children and adolescents aware that there are things they can do to help prevent concussions and other serious brain injuries. We expect the contest will inspire children and adolescents to educate other people and raise awareness of concussion safety in elementary, middle, and high schools in their communities. By showcasing the winning posters in each category of submission ((1) Ages 5–8; (2) Ages 9–12; (3) Ages 13–15; (4) Ages 16–18), we will help children and adolescents reach others with important messaging about concussions and other serious brain injuries.

#### How To Enter:

- Sign up for a Challenge.gov account and become a follower of the “Be Heads Up About Concussion Safety” Poster Design Contest at [www.beheadsup.challenge.gov](http://www.beheadsup.challenge.gov).
- Review the rules and guidelines of this contest listed below or at [www.beheadsup.challenge.gov](http://www.beheadsup.challenge.gov).
- Contestants must send in original artwork by email or mail. To send in the poster by email, please send the poster in the form of a photograph, PDF or scanned copy to:
