AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of Intent (NOI) to adopt final Environmental Assessment (EA).

SUMMARY: The United States Department of Agriculture, Natural Resources Conservation Service (NRCS) announces its intent to adopt the Kanab Creek Watershed Vegetation Management Project EA, as prepared by the U.S. Department of Interior's Bureau of Land Management (BLM), under the provisions of the Council on Environmental Quality (CEQ) regulations (40 CFR 1506.3).

DATES: NRCS will accept comments received or postmarked concerning the adoption of this EA at the address below until July 19, 2013.

ADDRESSES: You may submit comments concerning the adoption of the Kanab Creek Watershed Vegetation Management Project EA, request a copy of the EA, or submit comments on actions being taken by NRCS regarding this matter to: Mr. Gary McRae, Resource Conservationist, Natural Resources Conservation Service, 125 South State Street, Room 4010, Salt Lake City, Utah 84138.

FOR FURTHER INFORMATION CONTACT: Mr. Gary McRae, Resource Conservationist, Natural Resources Conservation Service, 125 South State Street, Room 4010, Salt Lake City, Utah 84138; email at gary.mcrae@ut.usda.gov.

SUPPLEMENTARY INFORMATION: NRCS announces its intent to adopt the Kanab Creek Watershed Vegetation Management Project EA (UT-040-09-03) prepared by the U.S. Department of Interior's Bureau of Land Management (BLM), Color County District, under the provisions of the Council on Environmental Quality (CEQ) regulations (40 CFR 1506.3). NRCS has reviewed this EA and determined that it adequately addresses the environmental impacts related to the proposed action for the private land vegetation treatment within the watershed.

As described in the EA, the area project is 130,689 acres with up to 52,043 acres proposed for treatment. The NRCS is the lead agency dealing with the small private parcels totaling 31,401 acres within this proposed watershed. A portion of this private land, the acreage is dependent on private landowner's preference, will also participate in vegetation treatment. The proposed action is needed to: (1) Reduce hazardous fuels and risk to life and property from catastrophic wildland fire, (2) restore and improve

the sagebrush steppe ecosystem, (3) increase plant species diversity and improve watershed conditions and water quality, (4) improve the health of both woodland and sagebrush/grassland by increasing vegetation diversity as well as age class structure, (5) enhance important seasonal and year-round habitat for several species of wildlife including but not limited to sage grouse, mule deer, elk, and pronghorn antelope, and (6) decrease the amount of pinyon/juniper expansion into areas historically dominated by sagebrush and grass.

Dated: June 4, 2013.

Diamond Sawblades and Parts Thereof From the People's Republic of China: Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from an interested party, the Department of Commerce initiated a changed circumstances review of the antidumping duty order on diamond sawblades and parts thereof from the People's Republic of China (PRC). We preliminarily determine that Husqvarna (Hebei) Co., Ltd. is the successor-in-interest to Hebei Husqvarna Jikai Diamond Tools Co., Ltd.

DATES: *Effective Date:* June 19, 2013.

FOR FURTHER INFORMATION: Yang Jin Chun AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce (the Department) published the antidumping duty order on diamond sawblades and parts thereof from the PRC on November 4, 2009.¹ On October 1, 2012, Husqvarna (Hebei) Co., Ltd. (Hebei) filed a request for a changed

circumstances review. In its request, Hebei informed the Department that Hebei Husqvarna Jikai Diamond Tools Co., Ltd. (Jikai)² changed its name to Hebei on April 27, 2012, and it requested that the Department find Hebei to be the successor-in-interest to Jikai. On January 8, 2013, the Department published the notice of initiation of this review.³

Scope of the Order

The products covered by the order are all finished circular sawblades, whether slotted or not, with a working part that is comprised of a diamond segment or segments, and parts thereof, regardless of specification or size, except as specifically excluded below. Within the scope of the order are semifinished diamond sawblades, including diamond sawblade cores and diamond sawblade segments. Diamond sawblade cores are circular steel plates, whether or not attached to non-steel plates, with slots. Diamond sawblade cores are manufactured principally, but not exclusively, from alloy steel. A diamond sawblade segment consists of a mixture of diamonds (whether natural or synthetic, and regardless of the quantity of diamonds) and metal powders (including, but not limited to, iron, cobalt, nickel, tungsten carbide) that are formed together into a solid shape (from generally, but not limited to, a heating and pressing process).

Sawblades with diamonds directly attached to the core with a resin or electroplated bond, which thereby do not contain a diamond segment, are not included within the scope of the order. Diamond sawblades and/or sawblade cores with a thickness of less than 0.025 inches, or with a thickness greater than 1.1 inches, are excluded from the scope of the order. Circular steel plates that have a cutting edge of non-diamond material, such as external teeth that protrude from the outer diameter of the plate, whether or not finished, are excluded from the scope of the order.

² In a previous changed circumstances review, the Department determined that Hebei Husqvarna Jikai Diamond Tools Co., Ltd., is not the successor-in-interest to Hebei Jikai Industrial Group Co., Ltd., and that Hebei Husqvarna Jikai Diamond Tools Co., Ltd., is a new entity. See *Diamond Sawblades and Parts Thereof From the People's Republic of China: Preliminary Results and Preliminary Intent To Terminate, in Part, Antidumping Duty Changed Circumstances Review and Extension of Time Limit for Final Results*, 76 FR 38357 (June 30, 2011), unchanged in *Diamond Sawblades and Parts Thereof From the People's Republic of China: Final Results and Termination, in Part, of the Antidumping Duty Changed Circumstances Review*, 76 FR 64898 (October 19, 2011).

³ See *Diamond Sawblades and Parts Thereof From the People's Republic of China: Initiation of Antidumping Duty Changed Circumstances Review*, 78 FR 1200 (January 8, 2013).

Diamond sawblade cores with a Rockwell C hardness of less than 25 are excluded from the scope of the order. Diamond sawblades and/or diamond segment(s) with diamonds that predominantly have a mesh size number greater than 240 (such as 250 or 260) are excluded from the scope of the order.

Merchandise subject to the order is typically imported under heading 8202.39.00.00 of the Harmonized Tariff Schedule of the United States (HTSUS). When packaged together as a set for retail sale with an item that is separately classified under headings 8202 to 8205 of the HTSUS, diamond sawblades or parts thereof may be imported under heading 8206.00.00.00 of the HTSUS. On October 11, 2011, the Department included the 6804.21.00.00 HTSUS classification number to the customs case reference file, pursuant to a request by U.S. Customs and Border Protection (CBP).⁴

The tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Preliminary Results of Changed Circumstances Review

In making a successor-in-interest determination, the Department examines several factors including, but not limited to, changes in management, production facilities, supplier relationships, and customer base.⁵ While no single factor or combination of these factors will necessarily provide a dispositive indication of a successor-in-interest relationship, the Department will generally consider the new company to be the successor to the previous company if the new company's operations are similar to those of its predecessor.⁶ Thus, if the evidence demonstrates that, with respect to the production and sales of the subject merchandise, the new company operates as the same business entity as the former company, the Department will accord the new company the same
