Notice of Realty Action; Proposed Modified Competitive Sale of Public Land in Jackson County, Oregon

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) proposes to sell a 9.26 acre parcel of public land in Jackson County, Oregon, by modified competitive bidding sale procedures for the approved appraised fair market value of \$4,500.

**DATES:** The BLM must receive comments regarding the proposed sale on or before September 9, 2013.

ADDRESSES: Written comments concerning this proposed sale may be submitted to Ashland Resource Area Field Manager, BLM Medford District Office, 3040 Biddle Road, Medford, OR 97504.

ADDRESSES: Rik Arndt, Supervisory Realty Specialist, 3040 Biddle Road, Medford, OR 97504 or phone at 541– 618–2239. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: Pursuant to Sections 203 and 209 of the Federal Land Policy and Management Act of 1976, as amended (FLPMA), (43 U.S.C. 1713 and 1719) and regulations at 43 CFR subpart 2710, this conveyance would be made by modified competitive bidding sale procedures, with bidding limited to the two adjacent landowners identified below:

Kurt Wilkening and Toree Wilkening, Trustees or Their Successors in Trust under the Wilkening Living Trust Dated January 27, 1999, P.O. Box 3396, Applegate, OR 97530 and Leslie C. and Rachel A. Martin, 11777 Highway 238, Jacksonville, OR 97530.

The land to be sold is described as follows:

The following land located in Jackson County.

#### Willamette Meridian, Oregon

Township 38 South, Range 4 West, Sec. 25, Lot 7

Containing 9.26 acres, more or less.

The parcel was identified in the Medford District 1995 Resource Management Plan (as amended August 2, 2002) as Land Tenure Zone 3 lands, which are suitable for sale or exchange. Land Tenure Zone 3 lands meet the criteria for disposal as outlined in Section 203 of FLMPA. An environmental assessment for the land sale was made available for a 30-day public comment period from October 12, 2011 through November 11, 2011, and no comments were received. Due to the lack of legal access and the small size and irregular shape of the parcel, Federal management of this parcel would be difficult and uneconomical and would provide minimal benefits in the public's interest if retained in Federal ownership. The public interest would be best served by disposing of this parcel to one of the adjacent landowners since the parcel is landlocked. The parcel is L-shaped, with one leg approximately 1,320 feet in length by 74 feet wide, and the second leg approximately 1,070 feet in length by 246 feet wide. The parcel contains no known mineral, geothermal or oil/gas values, and the parcel will be conveyed with no reservation of minerals. Conveyance of the identified public land will be subject to all valid existing

rights of record and contain the following terms, conditions, and reservations.

a. A reservation of a right-of-way to the United States for ditches and canals constructed by the authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945).

b. An appropriate indemnification clause protecting the United States from claims arising out of the patentee's use, occupancy, or operation on the patented lands.

c. No ground disturbing activities shall be conducted on the conveyed land, such as grazing, motorized vehicle use/storage/maintenance, water development, construction (commercial, residential or recreational), road construction, renovation, or road use, within 150 feet of waters of the State, including, but not limited to, Keeler Creek, unnamed tributaries, springs, and outflow channels.

d. Vegetation shall not be removed from within the identified 150 feet riparian buffer except for the purpose of on-site fisheries enhancement projects to be approved and administered by local fish and wildlife agencies, primarily the Oregon Department of Fish and Wildlife.

On July 26, 2013, the above described land will be segregated from appropriation under the public land laws, including the mining laws, except the sale provisions of FLPMA. Until completion of the sale, the BLM is no longer accepting land use applications affecting the identified public land. The temporary segregation effect will terminate upon issuance of a conveyance document, publication in the Federal Register of a termination of the segregation, or July 27, 2015, unless extended by the BLM Oregon/ Washington State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination date. Detailed information concerning the proposed land sale—including the appraisal, planning and environmental documents, and mineral potential report—is available for review at the BLM Medford District Office at the location identified in the ADDRESSES section above during normal business hours. Normal business hours are 7:45 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays. The Decision Record for the Environmental Analysis is available for review on the BLM Web site at: http://www.blm.gov/ or/districts/medford/plans/index.php. Public comments regarding the proposed sale must be submitted in writing to the BLM Ashland Resource Area Field Manager (see the ADDRESSES section) on or before September 9, 2013. Comments received by telephone or in electronic form, such as email or facsimile, will not be considered. Any adverse comments regarding the proposed sale will be reviewed by the Ashland Field Manager or other authorized officials of the Department of the Interior, who may sustain, vacate, or modify this realty action in whole or in part. In the absence of timely filed objections, this realty action will become the final determination of the Department of the Interior not less than 60 days from July 26, 2013.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 2710, 2711 and 2720.

# INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–1210–1212 (Preliminary)]

# Welded Stainless Steel Pressure Pipe From Malaysia, Thailand, and Vietnam

### **Determination**

On the basis of the record <sup>1</sup> developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from Malaysia, Thailand, and Vietnam of welded stainless steel pressure pipe, provided for in subheading 7306.40 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be

published in the Federal Register as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (Commerce) of affirmative preliminary determinations in these investigations under section 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

### Background

On May 16, 2013, a petition was filed with the Commission and Commerce by Bristol Metals, L.P. (Bristol, TN), Felker Brothers Corp. (Marshfield, WI), and Outokumpu Stainless Pipe (Schaumberg, IL), alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV imports of welded stainless steel pressure pipe from Malaysia, Thailand, and Vietnam. Accordingly, effective May 16, 2013, the Commission instituted antidumping duty investigation Nos. 731-TA-1210-1212 (Preliminary).

Notice of the institution of the Commission=s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of May 24, 2013 (78 FR 31574). The conference was held in Washington, DC, on June 6, 2013, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on July 1, 2013. The views of the Commission are contained in USITC Publication 4413 (July 2013), entitled Welded Stainless Steel Pressure Pipe from Malaysia, Thailand, and Vietnam: Investigation Nos. 731–TA–1210–1212 (Preliminary).

Issued: July 10, 2013.

<sup>&</sup>lt;sup>1</sup>The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).
