Federal Aviation Administration

Notice of Approval of Finding of No Significant Impact—Record of Decision (FONSI/ROD) for Sioux Falls Regional Airport, Sioux Falls, South Dakota

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA is announcing approval of Finding of No Significant Impact—Record of Decision (FONSI/ROD) for proposed development at the Sioux Falls Regional Airport, Sioux Falls, South Dakota. The FAA approved the FONSI/ROD on July 22, 2013.

SUPPLEMENTARY INFORMATION: The FONSI/ROD approved the Sponsor's proposed action for Runway 3-21 to meet FAA's geometric design standards for RSA and OFA. Additionally the purpose of the project is to mitigate for trees that penetrate the 50 to 1 approach surface to Runway 3 and trees that penetrate the associated 7 to 1 transitional surface on the Runway 3 end. These penetrations are defined as obstructions which can adversely affect the navigable airspace under the provisions of Federal Aviation Regulations (FAR) Part 77. The 50 to 1 approach surface and 7 to 1 transitional surface for Runway 3 are defined under FAR Part 77.19, Civil Airport Imaginary Surfaces.

The approved action is needed because Runway 3-21 does not currently meet FAA geometric design standards. Objects are located within the RSA and OFA that do not comply with RSA and OFA design standards found in FAA AC 150/5300-13A, Airport Design and *FAA Order 5200.8, Runway Safety Area Program*. All RSAs at federally obligated airports and all RSAs at airports certificated under 14 Code of Federal Regulations (CFR) Part 139 must conform to the standards

contained in AC 150/5300-132. Objects in the RSA include a localizer antenna, perimeter road, and perimeter fence. Objects in the OFA include the above-mentioned RSA objects, the localizer antenna equipment building, and several trees on the adjacent Elmwood Golf Course. The proposed mitigation of obstructions to FAR Part 77 is needed in order to enhance the safety of aircraft operations for both the arrivals on Runway 3 and the departures on Runway 21.

The FONSI/ROD indicates the project is consistent with existing environmental policies and objectives as set forth in the National Environmental Policy Act (NEPA) of 1969, as amended and will not significantly affect the quality of the environment.

In reaching this decision, the FAA has given careful consideration to: 9a) the role of FSD in the national air transportation system, (b) aviation safety, and (c) preferences of the airport owner/operator, and (d) anticipated environmental impact.

DATES: This notice is effective August 8, 2013.

VA is seeking, through this NOFA, to renew the FY 2011 previous grant and per diem Special Need providers and their VA collaborative partners to continue to serve the Special Need veteran populations.

D. Requirements: No part of a Special Need grant may be used for any purpose that would change significantly the scope of the specific grant and per diem project for which a capital grant and per diem was awarded. As a part of the review process, VA will review the original project and subsequent approved program changes of the previous FY 2009 Special Need applications to ensure significant scope changes have not occurred displacing other homeless veteran populations. VA will not allow any changes under this renewal NOFA. Special Need funding may not be used for capital improvements or to purchase vans or real property. However, the leasing of vans or real property may be acceptable. Questions regarding acceptability should be directed to the VA's National GPD Program Office (at (877) 332-0334). Applicants may not receive Special Need funding to replace funds provided by any Federal, state, or local government agency or program to assist homeless persons.

E. Authority: Funding applied for under this NOFA is authorized by the "Homeless Veterans Comprehensive Assistance Act of 2001," Public Law 107-95, § 5, codified as amended by Public Law 112-154, §§ 301, 303, and 305, at 38 U.S.C. 2011, 2012, 2013, 2061. Selections will be made based on criteria described in the FY 2009 application and additional information as specified in this NOFA.

Applicants who are selected will be notified of any further additional information needed to confirm or clarify information provided in the application. Based on GPD funding availability, approximately, \$3.5 million is expected to be made available over the specified time (internally) for the current VA collaborative partners.

F.
