

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop; (2) a series of Assessment Workshop webinars; and (3) Review Workshop. The product of the Data Workshop is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Consensus Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the data webinar are as follows:

Participants will present summary data and will discuss data needs and treatments.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SEDAR office (see **ADDRESSES**) at least 10 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Marine Mammals; File No. 17324

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; denial of permit.

SUMMARY: Notice is hereby given that an application for a public display permit (File No. 17324) submitted by the Georgia Aquarium Inc., 225 Baker Street, Atlanta, GA 30313, has been denied.

ADDRESSES: The application and related documents are available for review online at http://www.nmfs.noaa.gov/pr/permits/georgia_aquarium_belugas.htm or upon written request or by appointment in the following office(s):

FOR FURTHER INFORMATION CONTACT:
Jennifer Skidmore or Kristy Beard,
(301) 427-8401.

SUPPLEMENTARY INFORMATION: On August 30, 2012, a notice was published in the **Federal Register** (77 FR 52694) that an application had been filed by the above named applicant for a permit to import 18 wild caught beluga whales from the Utrish Marine Mammal Research Station in Russia to the United States for the purpose of public display. All 18 beluga whales were collected in

Sakhalin Bay of the Sea of Okhotsk in 2006, 2010, and 2011. The requested permit has been denied subject to the provisions of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 *et seq.*), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

An environmental assessment (EA) was prepared analyzing the effects of the proposed activities on the human environment in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Based on the analyses in the EA, NMFS determined that denial of the permit would not significantly impact the quality of the human environment and that preparation of an environmental impact statement was not required. That determination is documented in a Finding of No Significant Impact (FONSI), signed on August 5, 2013.

Dated: August 5, 2013.

DEPARTMENT OF COMMERCE

National Telecommunications and Information Administration

Multistakeholder Meeting To Develop Consumer Data Privacy Code of Conduct Concerning Mobile Application Transparency

AGENCY: National Telecommunications and Information Administration, U.S. Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Telecommunications and Information Administration (NTIA) will convene a meeting to discuss “lessons learned” from NTIA’s first privacy multistakeholder process. This Notice announces that the meeting will be held on August 29, 2013.

DATES: The meeting will be held on August 29, 2013, from 2:30 p.m. to 4:00 p.m., Eastern Daylight Time. See **SUPPLEMENTARY INFORMATION** for details.

ADDRESSES: The meeting will be held in the Boardroom at the American Institute of Architects, 1735 New York Avenue NW., Washington, DC 20006.

FOR FURTHER INFORMATION CONTACT: John Verdi, National Telecommunications and Information Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Room 4725, Washington, DC 20230; telephone (202)

482–8238; email jverdi@ntia.doc.gov. Please direct media inquiries to NTIA's Office of Public Affairs, (202) 482–7002.

SUPPLEMENTARY INFORMATION:

Background: On February 23, 2012, the White House released *Consumer Data Privacy in a Networked World: A Framework for Protecting Privacy and Promoting Innovation in the Global Digital Economy* (the "Privacy Blueprint").¹ The Privacy Blueprint establishes a Consumer Privacy Bill of Rights and directs NTIA to convene multistakeholder processes to develop legally enforceable codes of conduct that specify how the Consumer Privacy Bill of Rights applies in specific business contexts.² On July 12, 2012, NTIA convened the first meeting of the privacy multistakeholder process; the first process focused on developing a code of conduct to provide transparency in how companies providing applications and interactive services for mobile devices handle personal data.³ On July 25, 2013, the stakeholder group agreed to stop drafting and begin reviewing, testing, and implementing the code of conduct. More information about the stakeholders' work is available at: <http://www.ntia.doc.gov/other-publication/2012/privacy-multistakeholder-process-mobile-application-transparency>.

Matters To Be Considered: The August 29, 2013 meeting will provide a forum for stakeholders to discuss lessons learned from the first NTIA privacy multistakeholder process. The meeting is not intended to focus on the substance of stakeholder work regarding mobile application transparency. Instead, the meeting will be a venue to discuss what worked well and what can be improved in the NTIA privacy multistakeholder process. NTIA expects that the group will discuss a number of logistical and procedural issues, including but not limited to: how future processes might be structured to reach consensus most efficiently; how future processes might make stakeholder participation easier and more effective; and how future processes might start with one or more sessions that provide factual background on a given topic.

Time and Date: NTIA will convene a meeting of the privacy multistakeholder process on August 29, 2013, from 2:30 p.m. to 4:00 p.m., Eastern Daylight Time. The meeting time is subject to

change. Please refer to NTIA's Web site, <http://www.ntia.doc.gov/other-publication/2012/privacy-multistakeholder-process-mobile-application-transparency>, for the most current information.

Place: The meeting will be held in the Boardroom at the American Institute of Architects, 1735 New York Avenue NW., Washington, DC 20006. The location of the meeting is subject to change. Please refer to NTIA's Web site, <http://www.ntia.doc.gov/other-publication/2012/privacy-multistakeholder-process-mobile-application-transparency>, for the most current information.

Other Information: The meeting is open to the public and the press. The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to John Verdi at (202) 482–8238 or jverdi@ntia.doc.gov at least seven (7) business days prior to the meeting. The meeting will also be webcast. Requests for real-time captioning of the webcast or other auxiliary aids should be directed to John Verdi at (202) 482–8238 or jverdi@ntia.doc.gov at least seven (7) business days prior to the meeting. There will be an opportunity for stakeholders viewing the webcast to participate remotely in the meeting through a moderated conference bridge. Access details for the meeting are subject to change. Please refer to NTIA's Web site, <http://www.ntia.doc.gov/other-publication/2012/privacy-multistakeholder-process-mobile-application-transparency>, for the most current information.
