

are accurate and up-to-date. Timely submission and matching of NOS to FICC is crucial in order to minimize the risk that MBSD over or under margins members as a result of calculating Clearing Fund requirements and mark-to-market values that are based on positions which—unbeknownst to FICC—have actually settled between members. As a result, it is important that members submit the NOS as soon as possible after settlement, and it is equally important that members monitor their counterparties' NOS submissions. In case of a member's insolvency, the timely submission and processing of NOS is also important, given that FICC must quickly and accurately determine which positions are true fails—and therefore need to be liquidated. In an effort to encourage members to submit NOS timely and address uncompleted NOS quickly, FICC is proposing to (1) change the late fee from \$25.00 per day to \$150.00 per day and (2) reduce the grace period from two (2) days to one (1) day.

The proposed change with respect to the late fee is attached as Exhibit 5. The proposed change with respect to the grace period does not require revisions to the Clearing Rules because the grace period is not referenced in the rules.

(2) Statutory Basis for the Proposed Rule Change

FICC believes the proposed rule change is consistent with the requirements of Section 17A of the Securities Exchange Act of 1934, as amended (the "Act"), and the rules and regulations thereunder because (1) it facilitates the prompt and accurate clearance and settlement of securities and (2) assures the safeguarding of securities and funds which are in the custody or control of FICC or for which it is responsible by encouraging members to comply with a necessary risk management tool that facilitates FICC's receipt of accurate and timely settlement information.

B. Self-Regulatory Organization's Statement on Burden on Competition

FICC does not believe that the proposed rule change will have any negative impact, or impose any burden, on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments relating to the proposed rule changes have not yet been

solicited or received. FICC will notify the Commission of any written comments received by FICC.

D. Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing and Settlement Supervision Act

- (a) Not applicable.
- (b) Not applicable.
- (c) Not applicable.
- (d) Not applicable.
- (e) Not applicable.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) by order approve or disapprove the proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.
